4.6(4) Cameras and recording devices may be used at open meetings, provided the cameras or recording devices do not obstruct the meeting. If the user of a camera or recording device obstructs the meeting by the use of such device, the person presiding at the meeting may request the user to discontinue use of the camera or device.

645—4.7(147) Licensure by reciprocal agreement. The board may enter into a reciprocal agreement with the District of Columbia or any state, territory, province or foreign country with equal or similar requirements for licensure of the specific professional board. The applicant shall take the examination required by the board.

645—4.8(147) Duplicate certificate or wallet card.

4.8(1) A duplicate wallet card or duplicate certificate shall be required if the current wallet card or certificate is lost, stolen or destroyed. A duplicate wallet card or a duplicate certificate shall be issued only under such circumstances.

4.8(2) A duplicate wallet card or duplicate certificate shall be issued upon receipt of the completed application for duplicate license and payment of the fee as specified in 645—Chapter 5.

4.8(3) If the board receives a completed application for a duplicate license stating that the wallet card or certificate was not received within 60 days after being mailed by the board, no fee shall be required for issuing the duplicate wallet card or duplicate certificate.

645—4.9(147) Reissued certificate or wallet card. The board shall reissue a certificate or current wallet card upon receipt of a written request from the licensee, return of the original document and payment of the fee as specified in 645—Chapter 5.

645—4.10(17A,147,272C) License denial.

4.10(1) When the board denies an applicant licensure, the board shall notify the applicant of the denial in writing by certified mail, return receipt requested, or in the manner of service of an original notice, and shall cite the reasons for which the application was denied.

4.10(2) An applicant who has been denied licensure by the board may appeal the denial and request a hearing on the issues related to the licensure denial by serving a written notice of appeal and request for hearing upon the board by certified mail, return receipt requested, not more than 30 days following the date of mailing of the notification of licensure denial to the applicant. The request for hearing shall specifically describe the facts to be contested and determined at the hearing.

4.10(3) If an applicant who has been denied licensure by the board appeals the licensure denial and requests a hearing pursuant to this rule, the hearing and subsequent procedures shall be held pursuant to the process outlined in Iowa Code chapters 17A and 272C and 645—Chapter 11.

645—4.11(272C) Audit of continuing education report. After each educational biennium, the board may audit licensees to review compliance with continuing education requirements.

4.11(1) The board may audit a percentage of its licensees and may, at its discretion, determine to audit a licensee. A licensee whose license renewal application is submitted during the grace period may be subject to a continuing education audit.

4.11(2) The licensee shall provide the following information to the board for auditing purposes:

a. Individual certificate of completion issued to the licensee or evidence of successful completion of the course from the course sponsor. These documents must contain the course date, title, contact hours, sponsor and licensee's name.

b. As requested, the licensee must provide to the board additional information to ensure compliance with continuing education requirements within 30 days of the date of the letter requesting the additional information. Extension of time may be granted on an individual basis.

4.11(3) For auditing purposes, all licensees must retain the information identified in paragraph 4.11(2) "a" for two years after the biennium has ended.

4.11(4) Information identified in paragraph 4.11(2) "a" must be submitted within one month after the date of notification of the audit. Extension of time may be granted on an individual basis.

4.11(5) If the submitted materials are incomplete or unsatisfactory, the licensee may be given the opportunity to submit make-up credit to cover the deficit found through the audit if the board determines that the deficiency was the result of good-faith conduct on the part of the licensee. The deadline for receipt of the documentation for this make-up credit is 120 days from the date of mailing to the address of record at the board office.

4.11(6) Failure to notify the board of a current mailing address will not absolve the licensee from the audit requirement, and an audit must be completed before license renewal.

645—4.12(272C) Automatic exemption. A licensee shall be exempt from the continuing education requirement during the license biennium when that person:

1. Served honorably on active duty in the military service; or
2. Resided in another state or district having continuing education requirements for the profession and met all requirements of that state or district for practice therein; or
3. Was a government employee working in the licensee's specialty and assigned to duty outside the United States; or
4. Was absent from the state but engaged in active practice under circumstances which are approved by the board.

645—4.13(272C) Grounds for disciplinary action. The board may take formal disciplinary action on the following grounds:

1. Failure to cooperate with a board audit.
2. Failure to meet the continuing education requirement for licensure.
3. Falsification of information on the license renewal form.
4. Falsification of continuing education information.

645—4.14(272C) Continuing education exemption for disability or illness. A licensee who has had a physical or mental disability or illness during the license period may apply for an exemption. An exemption provides for an extension of time or exemption from some or all of the continuing education requirements. An applicant shall submit a completed application form approved by the board for an exemption. The application form is available upon request from the board office. The application requires the signature of a licensed health care professional who can attest to the existence of a disability or illness during the license period. If the application is from a licensee who is the primary caregiver for a relative who is ill or disabled and needs care from that primary caregiver, the physician shall verify the licensee's status as the primary caregiver. A licensee who applies for an exemption shall be notified of the decision regarding the application. A licensee who obtains approval shall retain a copy of the exemption to be presented to the board upon request.

4.14(1) The board may grant an extension of time to fulfill the continuing education requirement.

4.14(2) The board may grant an exemption from the continuing education requirement for any period of time not to exceed two calendar years. If the physical or mental disability or illness for which an extension or exemption was granted continues beyond the period initially approved by the board, the licensee must reapply for a continuance of the extension or exemption.

4.14(3) The board may, as a condition of any extension or exemption granted, require the licensee to make up a portion of the continuing education requirement in the manner determined by the board.

645—4.15(147,272C) Order for physical, mental, or clinical competency examination or alcohol or drug screening. A licensee who is licensed by the board is, as a condition of licensure, under a duty to submit to a physical, mental, or clinical competency examination, including alcohol or drug screening, within a time specified by order of the board. Such examination may be ordered upon a showing of probable cause and shall be at the licensee's expense.

4.15(1) Content of order. A board order for a physical, mental, or clinical competency examination shall include the following items:

- a. A description of the type of examination to which the licensee must submit.
- b. The name and address of the examiner or of the evaluation or treatment facility that the board has identified to perform the examination on the licensee.
- c. The time period in which the licensee must schedule the required examination.
- d. The amount of time the licensee has to complete the examination.
- e. A requirement that the licensee sign necessary releases for the board to communicate with the examiner or the evaluation or treatment facility.
- f. A requirement that the licensee cause a report of the examination results to be provided to the board within a specified period of time.

g. A requirement that the licensee communicate with the board regarding the status of the examination.

h. A concise statement of the facts relied on by the board to order the evaluation.

4.15(2) Alternatives. Following issuance of the examination order, the licensee may request additional time to schedule or complete the examination or may request that the board approve an alternative examiner or treatment facility. The board in its sole discretion shall determine whether to grant such a request.

4.15(3) Objection to order. A licensee who is the subject of a board order and who objects to the order may file a request for hearing. The request for hearing must be filed within 30 days of the date of the examination order, and the request for hearing shall specifically identify the factual and legal issues upon which the licensee bases the objection. A licensee who fails to timely file a request for hearing to object to an examination order waives any future objection to the examination order in the event formal disciplinary charges are filed for failure to comply with the examination order or on any other grounds. The hearing shall be considered a contested case proceeding and shall be governed by the provisions of 645—Chapter 11. On judicial review of a board decision in a contested case involving an objection to an examination order, the case will be captioned in the name of Jane Doe or John Doe to maintain the licensee's confidentiality.

4.15(4) Closed hearing. Any hearing on an objection to the examination order shall be closed pursuant to Iowa Code section 272C.6(1).

4.15(5) Order and reports confidential. An examination order, and any subsequent examination reports issued in the course of a board investigation, are confidential investigative information pursuant to Iowa Code section 272C.6(4). However, all investigative information regarding the examination order shall be provided to the licensee in the event the licensee files an objection, under subrule 4.15(3), in order to allow the licensee an opportunity to prepare for hearing.

4.15(6) Admissibility. In the event the licensee submits to evaluation and subsequent proceedings are held before the board, all objections shall be waived as to the admissibility of the examining physicians' or health care providers' testimony or examination reports on the grounds that they constitute privileged communication. The medical testimony or examination reports shall not be used against the licensee in any proceeding other than one relating to licensee discipline by the board.

4.15(7) Failure to submit. Failure of a licensee to submit to a board-ordered physical, mental, or clinical competency examination or to submit to alcohol or drug screening constitutes a violation of the rules of the board and is grounds for disciplinary action.

“*Presiding officer*” means the board of _____ examiners.

645—11.3(17A) Time requirements.

11.3(1) Time shall be computed as provided in Iowa Code subsection 4.1(34).

11.3(2) For good cause, the presiding officer may extend or shorten the time to take any action, except as precluded by statute or by rule. Except for good cause stated in the record, before extending or shortening the time to take any action, the presiding officer shall afford all parties an opportunity to be heard or to file written arguments.

645—11.4(17A) Probable cause. In the event the board finds there is probable cause for taking disciplinary action against a licensee following investigation, the board shall order a contested case hearing be commenced by the filing of a statement of charges and notice of hearing.

645—11.5(17A) Legal review. Every statement of charges and notice of hearing prepared by the board shall be reviewed by the office of the attorney general prior to filing.

645—11.6(17A) Statement of charges and notice of hearing.

11.6(1) Delivery. Delivery of the statement of charges and notice of hearing constitutes the commencement of the contested case proceeding. Delivery may be executed by:

- b. A statement of the legal authority and jurisdiction under which the hearing is to be held;
- c. A reference to the particular sections of the statutes and rules involved;
- d. A short and plain statement of the matters asserted. This statement shall contain sufficient detail to give the respondent fair notice of the allegations so that the respondent may adequately respond to the charges, and to give the public notice of the matters at issue;
- e. Identification of all parties including the name, address and telephone number of the assistant attorney general designated as prosecutor for the state and the parties’ counsel, if known;
- f. Reference to the procedural rules governing conduct of the contested case proceeding;
- g. Reference to the procedural rules governing informal settlement;
- h. Identification of the board as the presiding officer; and
- i. Notification of the time period in which a party may request, when applicable, and pursuant to 1998 Iowa Acts, chapter 1202, section 15(1), and rules 11.8(17A,272C) and 11.9(17A,272C), that the presiding officer be an administrative law judge.

645—11.7(17A,272C) Legal representation. Following the filing of the statement of charges and notice of hearing, the office of the attorney general shall be responsible for the legal representation of the public interest in all proceedings before the board.

645—11.8(17A,272C) Presiding officer in a disciplinary contested case. The presiding officer in a disciplinary contested case shall be the board. However, the board may request that an administrative law judge assist the board with initial rulings on prehearing matters. Decisions of the administrative law judge serving in this capacity are subject to the interlocutory appeal provisions of rule 11.24(17A). In addition, an administrative law judge may assist and advise the board at the contested case hearing.

645—11.9(17A) Presiding officer in a nondisciplinary contested case.

11.9(1) Any party in a nondisciplinary contested case who wishes to request that the presiding officer assigned to render a proposed decision be an administrative law judge employed by the department of inspections and appeals must file a written request within 20 days after service of a notice of hearing which identifies or describes the presiding officer as the board.

11.9(2) The board may deny the request only upon a finding that one or more of the following apply:

a. There is a compelling need to expedite issuance of a final decision in order to protect the public health, safety, or welfare.

b. An administrative law judge with the qualifications identified in 11.9(4) is unavailable to hear the case within a reasonable time.

c. The case involves significant policy issues of first impression that are inextricably intertwined with the factual issues presented.

d. The demeanor of the witnesses is likely to be dispositive in resolving the disputed factual issues.

e. Funds are unavailable to pay the costs of an administrative law judge and an interagency appeal.

f. The request was not timely filed.

g. The request is not consistent with a specified statute.

11.9(3) The board shall issue a written ruling specifying the grounds for its decision within 20 days after a request for an administrative law judge is filed. If the ruling is contingent upon the availability of an administrative law judge with the qualifications identified in 11.9(4), the parties shall be notified at least ten days prior to hearing if a qualified administrative law judge will not be available.

11.9(4) An administrative law judge assigned to act as presiding officer in a nondisciplinary contested case shall have a J.D. degree unless waived by the agency.

11.9(5) Except as provided otherwise by another provision of law, all rulings by an administrative law judge acting as presiding officer in a nondisciplinary contested case are subject to appeal to the board. A party must seek appeal to the board in order to exhaust adequate administrative remedies. Such appeals must be filed within ten days of the date of the issuance of the challenged ruling, but no later than the time for compliance with the order or the date of hearing, whichever is first.

11.9(6) Unless otherwise provided by law, when reviewing a proposed decision of an administrative law judge in a nondisciplinary contested case upon appeal, the board shall have the powers of and shall comply with the provisions of this chapter which apply to presiding officers.

645—11.10(17A) Disqualification.

11.10(1) A presiding officer or other person shall withdraw from participation in the making of any proposed or final decision in a contested case if that person:

a. Has a personal bias or prejudice concerning a party or a representative of a party;

b. Has personally investigated, prosecuted or advocated, in connection with that case, the specific controversy underlying that case, another pending factually related contested case, or a pending factually related controversy that may culminate in a contested case involving the same parties;

c. Is subject to the authority, direction or discretion of any person who has personally investigated, prosecuted or advocated in connection with that contested case, the specific controversy underlying that contested case, or a pending factually related contested case or controversy involving the same parties;

- d. Has acted as counsel to any person who is a private party to that proceeding within the past two years;
- e. Has a personal financial interest in the outcome of the case or any other significant personal interest that could be substantially affected by the outcome of the case;
- f. Has a spouse or relative within the third degree of relationship that: (1) is a party to the case, or an officer, director or trustee of a party; (2) is a lawyer in the case; (3) is known to have an interest that could be substantially affected by the outcome of the case; or (4) is likely to be a material witness in the case; or
- g. Has any other legally sufficient cause to withdraw from participation in the decision making in that case.

11.10(2) The term “personally investigated” means taking affirmative steps to interview witnesses directly or to obtain documents or other information directly. The term “personally investigated” does not include general direction and supervision of assigned investigators, unsolicited receipt of information which is relayed to assigned investigators, review of another person’s investigative work product in the course of determining whether there is probable cause to initiate a proceeding, or exposure to factual information while performing other agency functions, including fact gathering for purposes other than investigation of the matter which culminates in a contested case. Factual information relevant to the merits of a contested case received by a person who later serves as presiding officer in that case shall be disclosed if required by 1998 Iowa Acts, chapter 1202, section 19(3), and subrules 11.10(3) and 11.22(9).

11.10(3) In a situation where a presiding officer or other person knows of information which might reasonably be deemed to be a basis for disqualification and decides voluntary withdrawal is unnecessary, that person shall submit the relevant information for the record by affidavit and shall provide for the record a statement of the reasons for the determination that withdrawal is unnecessary.

11.10(4) If a party asserts disqualification on any appropriate ground, including those listed in subrule 11.10(1), the party shall file a motion supported by an affidavit pursuant to 1998 Iowa Acts, chapter 1202, section 19(7). The motion must be filed as soon as practicable after the reason alleged in the motion becomes known to the party. The board shall determine the matter as part of the record in the case.

645—11.11(17A) Consolidation—severance.

11.11(1) Consolidation. The presiding officer may consolidate any or all matters at issue in two or more contested case proceedings where the matters at issue involve common parties or common questions of fact or law; consolidation would expedite and simplify consideration of the issues involved; and consolidation would not adversely affect the rights of any of the parties to those proceedings.

11.11(2) Severance. The presiding officer may, for good cause shown, order any contested case proceedings or portions thereof severed.

645—11.12(17A) Answer.

11.12(1) An answer shall be filed within 20 days of service of the statement of charges and notice of hearing.

11.12(2) An answer shall show on whose behalf it is filed and specifically admit, deny, or otherwise answer all material allegations of the statement of charges. It shall state any facts deemed to show an affirmative defense and contain as many additional defenses as the respondent may claim.

11.12(3) An answer shall state the name, address and telephone number of the person filing the answer, the person or entity on whose behalf it is filed, and the attorney representing that person, if any.

11.12(4) Any allegation in the statement of charges not denied in the answer is considered admitted. The presiding officer may refuse to consider any defense not raised in the answer which could have been raised on the basis of facts known when the answer was filed if any party would be prejudiced.

11.12(5) Amendments to the statement of charges and to an answer may be allowed with the consent of the parties or in the discretion of the presiding officer who may impose terms or grant a continuance.

645—11.13(17A) Service and filing.

11.13(1) Service—when required. Every document filed in a contested case proceeding shall be served upon each of the parties of record to the proceeding, including the assistant attorney general designated as prosecutor for the state, simultaneously with their filing. Except for the original notice of hearing and an application for rehearing as provided in Iowa Code section 17A.16(2), the party filing a document is responsible for service on all parties.

11.13(2) Service—how made. Service upon a party represented by an attorney shall be made upon the attorney unless otherwise ordered. Service is made by delivery or by mailing a copy to the person's last-known address. Service by mail is complete upon mailing, except where otherwise specifically provided by statute, rule, or order.

11.13(3) Filing—when required. After the notice of hearing, all documents in a contested case proceeding shall be filed with the board. All documents that are required to be served upon a party shall be filed simultaneously with the board.

11.13(4) Filing—when made. Except where otherwise provided by law, a document is deemed filed at the time it is delivered to the Board of _____ Examiners, Board Administrator, Lucas State Office Building, Des Moines, Iowa 50319, or delivered to an established courier service for immediate delivery to that office, or mailed by first-class mail or state interoffice mail to that office, so long as there is proof of mailing.

11.13(5) Proof of mailing. Proof of mailing includes a legible United States Postal Service postmark on the envelope, a certificate of service, or a notarized affidavit.

645—11.14(17A) Discovery.

11.14(1) Discovery procedures applicable in civil actions are applicable in contested cases. Unless lengthened or shortened by these rules or by order of the presiding officer, time periods for compliance with discovery shall be as provided in the Iowa Rules of Civil Procedure.

11.14(2) Any motion relating to discovery shall allege that the moving party has previously made a good-faith attempt to resolve the discovery issues involved with the opposing party. Motions in regard to discovery shall be ruled upon by the presiding officer. Opposing parties shall be afforded the opportunity to respond within ten days of the filing of the motion unless the time is shortened. The presiding officer may rule on the basis of the written motion and any response, or may order argument on the motion.

645—11.15(17A,272C) Issuance of subpoenas in a contested case.

11.15(1) Subpoenas issued in a contested case may compel the attendance of witnesses at deposition or hearing, and may compel the production of books, papers, records, and other real evidence. A command to produce evidence or to permit inspection may be joined with a command to appear at deposition or hearing, or may be issued separately. Subpoenas shall be issued by the board administrator or designee upon written request. A request for a subpoena of mental health records must confirm the conditions described in 645—subrule 9.5(1) prior to the issuance of the subpoena.

11.15(2) A request for a subpoena shall include the following information, as applicable, unless the subpoena is requested to compel testimony or documents for rebuttal or impeachment purposes:

- a. The name, address and telephone number of the person requesting the subpoena;

11.15(3) Each subpoena shall contain, as applicable:

- a. The caption of the case;
- b. The name, address and telephone number of the person who requested the subpoena;

- j.* The date of issuance;
- k.* A return of service.

11.15(4) Unless a subpoena is requested to compel testimony or documents for rebuttal or impeachment purposes, the board administrator or designee shall mail copies of all subpoenas to the parties to the contested case. The person who requested the subpoena is responsible for serving the subpoena upon the subject of the subpoena.

11.15(5) Any person who is aggrieved or adversely affected by compliance with the subpoena, or any party to the contested case who desires to challenge the subpoena must, within 14 days after service of the subpoena, or before the time specified for compliance if such time is less than 14 days, file with the board a motion to quash or modify the subpoena. The motion shall describe the legal reasons why the subpoena should be quashed or modified, and may be accompanied by legal briefs or factual affidavits.

11.15(6) Upon receipt of a timely motion to quash or modify a subpoena, the board may request an administrative law judge to issue a decision, or the board may issue a decision. Oral argument may be scheduled at the discretion of the board or the administrative law judge. The administrative law judge or the board may quash or modify the subpoena, deny the motion, or issue an appropriate protective order.

11.15(7) A person aggrieved by a ruling of an administrative law judge who desires to challenge that ruling must appeal the ruling to the board by serving on the board administrator, either in person or by certified mail, a notice of appeal within ten days after service of the decision of the administrative law judge.

11.15(8) If the person contesting the subpoena is not the person under investigation, the board's decision is final for purposes of judicial review. If the person contesting the subpoena is the person under investigation, the board's decision is not final for purposes of judicial review until there is a final decision in the contested case.

645—11.16(17A) Motions.

11.16(1) No technical form for motions is required. However, prehearing motions must be in writing, state the grounds for relief, and state the relief sought.

11.16(2) Any party may file a written response to a motion within ten days after the motion is served, unless the time period is extended or shortened by the presiding officer. The presiding officer may consider a failure to respond within the required time period in ruling on a motion.

11.16(3) The presiding officer may schedule oral argument on any motion.

11.16(4) Motions pertaining to the hearing must be filed and served at least ten days prior to the date of hearing unless there is good cause for permitting later action or the time for such action is lengthened or shortened by rule of the agency or an order of the presiding officer.

645—11.17(17A) Prehearing conferences.

11.17(1) Any party may request a prehearing conference. Prehearing conferences shall be conducted by the board administrator, who may request the assistance of an administrative law judge. A written request for prehearing conference or an order for prehearing conference on the board administrator's own motion shall be filed prior to the contested case hearing, but no later than 20 days prior to the hearing date. Written notice of the prehearing conference shall be given by the board administrator to all parties. For good cause the board administrator may permit variances from this rule.

11.17(2) The parties at a prehearing conference shall be prepared to discuss the following subjects, and the board administrator or administrative law judge may issue appropriate orders concerning:

- a. The possibility of settlement.
 - b. The entry of a scheduling order to include deadlines for completion of discovery.
 - c. Stipulations of law or fact.
 - d. Stipulations on the admissibility of exhibits.
 - e. Submission of expert and other witness lists. Witness lists may be amended subsequent to the prehearing conference within the time limits established by the board administrator or administrative law judge at the prehearing conference. Any such amendments must be served on all parties. Witnesses not listed on the final witness list may be excluded from testifying unless there was good cause for the failure to include their names.
 - f. Submission of exhibit lists. Exhibit lists may be amended subsequent to the prehearing conference within the time limits established by the board administrator or administrative law judge at the prehearing conference. Exhibits other than rebuttal exhibits that are not listed on the final exhibit list may be excluded from admission into evidence unless there was good cause for the failure to include them.
 - g. Stipulations for waiver of any provision of law.
 - h. Identification of matters which the parties intend to request be officially noticed.
 - i. Consideration of any additional matters which will expedite the hearing.
- 11.17(3)** Prehearing conferences may be conducted by telephone unless otherwise ordered.

645—11.18(17A) Continuances.

11.18(1) Applications for continuances shall be filed with the board. In the event the application for continuance is not contested, the board administrator shall issue the appropriate order. In the event the application for continuance is contested, the matter shall be heard by the board or may be delegated by the board to an administrative law judge.

11.18(2) A written application for a continuance shall:

- a. Be made at the earliest possible time and no less than five working days before the hearing. Within five working days of the date set for hearing, no continuances shall be granted except for extraordinary, extenuating, or emergency circumstances;
- b. State the specific reasons for the request; and
- c. Be signed by the requesting party or the party's representative.

11.18(3) In determining whether to grant a continuance, the presiding officer may consider:

- a. Prior continuances;
- b. The interests of all parties;
- c. The public interest;
- d. The likelihood of informal settlement;
- e. The existence of an emergency;
- f. Any objection;
- g. Any applicable time requirements;
- h. The existence of a conflict in the schedules of counsel, parties, or witnesses;
- i. The timeliness of the request; and
- j. Other relevant factors.

11.18(4) The presiding officer may require documentation of any grounds for continuance.

645—11.19(17A,272C) Hearing procedures.

11.19(1) The presiding officer shall have the authority to administer oaths, to admit or exclude testimony or other evidence, and to rule on all motions and objections. The presiding officer may request that an administrative law judge perform any of these functions and may be assisted and advised by an administrative law judge.

11.19(2) All objections shall be timely made and stated on the record.

11.19(3) Parties have the right to participate or to be represented in all hearings or prehearing conferences related to their case. Any party may be represented by an attorney at their own expense.

11.19(4) Subject to terms and conditions prescribed by the presiding officer, parties have the right to introduce evidence on issues of material fact, cross-examine witnesses present at the hearing as necessary for a full and true disclosure of the facts, present evidence in rebuttal, and submit briefs and engage in oral argument.

11.19(5) The presiding officer shall maintain the decorum of the hearing and may refuse to admit or may expel anyone whose conduct is disorderly.

11.19(6) Witnesses may be sequestered during the hearing.

11.19(7) The presiding officer shall have authority to grant immunity from disciplinary action to a witness as provided by Iowa Code section 272C.6(3).

11.19(8) The presiding officer shall conduct the hearing in the following manner:

a. The presiding officer shall give an opening statement briefly describing the nature of the proceedings;

b. The parties shall be given an opportunity to present opening statements;

c. The parties shall present their cases in the sequence determined by the presiding officer;

d. Each witness shall be sworn or affirmed by the presiding officer or the court reporter, and be subject to examination and cross-examination. The presiding officer may limit questioning in a manner consistent with law;

e. When all parties and witnesses have been heard, the parties may be given the opportunity to present final arguments.

11.19(9) The board members and the administrative law judge have the right to question a witness. Examination of witnesses is subject to properly raised objections.

11.19(10) The hearing shall be open to the public unless the licensee requests that the hearing be closed.

645—11.20(17A) Evidence.

11.20(1) The presiding officer shall rule on admissibility of evidence and may, where appropriate, take official notice of facts in accordance with all applicable requirements of law.

11.20(2) Stipulation of facts is encouraged. The presiding officer may make a decision based on stipulated facts.

11.20(3) Evidence in the proceeding shall be confined to the issues as to which the parties received notice prior to the hearing unless the parties waive their right to such notice or the presiding officer determines that good cause justifies expansion of the issues. If the presiding officer decides to admit evidence on issues outside the scope of the notice over the objection of a party who did not have actual notice of those issues, that party, upon timely request, shall receive a continuance sufficient to amend pleadings and to prepare on the additional issue.

11.20(4) The party seeking admission of an exhibit must provide opposing parties with an opportunity to examine the exhibit prior to the ruling on its admissibility. Copies of documents should normally be provided to opposing parties. All exhibits admitted into evidence shall be appropriately marked and be made part of the record.

11.20(5) Any party may object to specific evidence or may request limits on the scope of any examination or cross-examination. Such an objection shall be accompanied by a brief statement of the grounds upon which it is based. The objection, the ruling on the objection, and the reasons for the ruling shall be noted in the record.

11.20(6) Whenever evidence is ruled inadmissible, the party offering that evidence may submit an offer of proof on the record. The party making the offer of proof for excluded oral testimony shall briefly summarize the testimony or, with permission of the presiding officer, present the testimony. If the excluded evidence consists of a document or exhibit, it shall be marked as part of an offer of proof and inserted in the record.

645—11.21(17A) Default.

11.21(1) If a party fails to appear or participate in a contested case proceeding after proper service of notice, the presiding officer may, if no adjournment is granted, enter a default decision or proceed with the hearing and render a decision in the absence of the party.

11.21(2) Where appropriate and not contrary to law, any party may move for default against a party who has failed to appear after proper service.

11.21(3) Default decisions or decisions rendered on the merits after a party has failed to appear or participate in a contested case proceeding become final agency action unless, within 15 days after the date of notification or mailing of the decision, a motion to vacate is filed and served on all parties or an appeal of a decision on the merits is timely initiated. A motion to vacate must state all facts relied upon by the moving party which establish that good cause existed for that party's failure to appear or participate at the contested case proceeding. Each fact so stated must be substantiated by at least one sworn affidavit of a person with personal knowledge of each such fact, which affidavit(s) must be attached to the motion.

11.21(4) The time for further appeal of a decision for which a timely motion to vacate has been filed is stayed pending a decision on the motion to vacate.

11.21(5) Properly substantiated and timely filed motions to vacate shall be granted only for good cause shown. The burden of proof as to good cause is on the moving party. Adverse parties shall have ten days to respond to a motion to vacate. Adverse parties shall be allowed to conduct discovery as to the issue of good cause and to present evidence on the issue prior to a decision on the motion, if a request to do so is included in that party's response.

11.21(6) "Good cause" for purposes of this rule shall have the same meaning as "good cause" for setting aside a default judgment under Iowa Rule of Civil Procedure 236.

11.21(7) A decision denying a motion to vacate is subject to further appeal within the time limit allowed for further appeal of a decision on the merits in the contested case proceeding. A decision granting a motion to vacate is subject to interlocutory appeal by the adverse party pursuant to rule 11.24(17A).

11.21(8) If a motion to vacate is granted and no timely interlocutory appeal has been taken, the presiding officer shall issue another notice of hearing and the contested case shall proceed accordingly.

11.21(9) A default decision may provide either that the default decision is to be stayed pending a timely motion to vacate or that the default decision is to take effect immediately, subject to a request for stay under rule 11.26(17A).

645—11.22(17A) Ex parte communication.

11.22(1) Prohibited communications. Unless required for the disposition of ex parte matters specifically authorized by statute, following issuance of the notice of hearing, there shall be no communication, directly or indirectly, between the presiding officer and any party or representative of any party or any other person with a direct or indirect interest in such case in connection with any issue of fact or law in the case except upon notice and opportunity for all parties to participate. Nothing in this provision is intended to preclude board members from communicating with other board members or members of the board staff, other than those with a personal interest in, or those engaged in personally investigating, prosecuting, or advocating in, either the case under consideration or a pending factually related case involving the same parties, as long as those persons do not directly or indirectly communicate to the presiding officer any ex parte communications they have received of a type that the presiding officer would be prohibited from receiving or that furnish, augment, diminish, or modify the evidence in the record.

11.22(2) Prohibitions on ex parte communications commence with the issuance of the notice of hearing in a contested case and continue for as long as the case is pending before the board.

11.22(3) Written, oral or other forms of communication are "ex parte" if made without notice and opportunity for all parties to participate.

11.22(4) To avoid prohibited ex parte communications notice must be given in a manner reasonably calculated to give all parties a fair opportunity to participate. Notice of written communications shall be provided in compliance with rule 11.6(17A) and may be supplemented by telephone, facsimile, electronic

mail or other means of notification. Where permitted, oral communications may be initiated through conference telephone call including all parties or their representatives.

11.22(5) Persons who jointly act as presiding officer in a pending contested case may communicate with each other without notice or opportunity for parties to participate.

11.22(6) The board administrator or other persons may be present in deliberations or otherwise advise the presiding officer without notice or opportunity for parties to participate as long as they are not disqualified from participating in the making of a final decision under any provision of law and they comply with this rule.

11.22(7) Communications with the presiding officer involving uncontested scheduling or procedural matters do not require notice or opportunity for parties to participate. Parties should notify other parties prior to initiating such contact with the presiding officer when feasible, and shall notify other parties when seeking to continue hearings or other deadlines.

11.22(8) A presiding officer who receives a prohibited ex parte communication during the pendency of a contested case must initially determine if the effect of the communication is so prejudicial that the presiding officer should be disqualified. If the presiding officer determines that disqualification is warranted, a copy of any prohibited written communication, all written responses to the communication, a written summary stating the substance of any prohibited oral or other communication not available in written form for disclosure, all responses made, and the identity of each person from whom the presiding officer received a prohibited ex parte communication shall be submitted for inclusion in the record under seal by protective order. If the presiding officer determines that disqualification is not warranted, such documents shall be submitted for inclusion in the record and served on all parties. Any party desiring to rebut the prohibited communication must be allowed the opportunity to do so upon written request filed within ten days after notice of the communication.

11.22(9) Promptly after being assigned to serve as presiding officer at any stage in a contested case proceeding, a presiding officer shall disclose to all parties material factual information received through ex parte communication prior to such assignment unless the factual information has already been or shortly will be disclosed pursuant to Iowa Code section 17A.13(2) or through discovery. Factual information contained in an investigative report or similar document need not be separately disclosed by the presiding officer as long as such documents have been or will shortly be provided to the parties.

11.22(10) The presiding officer may render a proposed or final decision imposing appropriate sanctions for violations of this rule including default, a decision against the offending party, censure, suspension or revocation of the privilege to practice before the agency. Violation of ex parte communication prohibitions by board personnel shall be reported to the board and its board administrator for possible sanctions including censure, suspension, dismissal, or other disciplinary action.

645—11.23(17A) Recording costs. Upon request, the board shall provide a copy of the whole or any portion of the record at cost. The cost of preparing a copy of the record or of transcribing the hearing record shall be paid by the requesting party.

645—11.24(17A) Interlocutory appeals. Upon written request of a party or on its own motion, the board may review an interlocutory order of the board administrator or an administrative law judge. Any request for interlocutory review must be filed within 14 days of issuance of the challenged order, but no later than the time for compliance with the order or the date of hearing, whichever is first.

645—11.25(17A) Applications for rehearing.

11.25(1) *By whom filed.* Any party to a contested case proceeding may file an application for rehearing from a final order. The filing of an application for rehearing is not necessary to exhaust administrative remedies for purposes of judicial review.

11.25(2) *Content of application.* The application for rehearing shall state on whose behalf it is filed, the specific grounds for rehearing, and the relief sought. In addition, the application shall state whether the applicant desires reconsideration of all or part of the agency decision on the existing record and whether the applicant requests an opportunity to submit additional evidence.

11.25(3) Additional evidence. A party may request the taking of additional evidence only by establishing that (a) the facts or other evidence arose after the original proceeding, or (b) the party offering such evidence could not reasonably have provided such evidence at the original proceedings, or (c) the party offering the additional evidence was misled by any party as to the necessity for offering such evidence at the original proceeding. A written request to present additional evidence must be filed with the application for rehearing or, by a nonappealing party, within 14 days of service of the notice of appeal.

11.25(4) Time of filing. The application shall be filed with the board within 20 days after issuance of the final decision.

11.25(5) Notice to other parties. A copy of the application shall be timely mailed by the applicant to all parties of record not joining therein.

11.25(6) Disposition. Any application for a rehearing shall be deemed denied unless the agency grants the application within 20 days after its filing.

645—11.26(17A) Stays of agency actions.

11.26(1) When available. Any party to a contested case proceeding may petition the board for a stay of an order issued in that proceeding or for other temporary remedies, pending review by the board or pending judicial review. The petition shall state the reasons justifying a stay or other temporary remedy.

11.26(2) When granted. In determining whether to grant a stay, the board shall consider the factors listed in 1998 Iowa Acts, chapter 1202, section 23.

645—11.27(17A) No factual dispute contested cases. If the parties agree that no dispute of material fact exists as to a matter that would be a contested case if such a dispute of fact existed, the parties may present all relevant admissible evidence either by stipulation or otherwise as agreed by the parties, without necessity for the production of evidence at an evidentiary hearing. If such agreement is reached, a jointly submitted schedule detailing the method and timetable for submission of the record, briefs and oral argument should be submitted to the presiding officer for approval as soon as practicable.

645—11.28(17A) Emergency adjudicative proceedings.

11.28(1) Necessary emergency action. To the extent necessary to prevent or avoid immediate danger to the public health, safety, or welfare, and consistent with the Constitution and other provisions of law, the board may issue a written order in compliance with Iowa Code section 17A.18 to suspend a license in whole or in part, order the cessation of any continuing activity, order affirmative action, or take other action within the jurisdiction of the board by emergency adjudicative order.

11.28(2) Before issuing an emergency adjudicative order, the board shall consider factors including, but not limited to, the following:

- a. Whether there has been a sufficient factual investigation to ensure that the board is proceeding on the basis of reliable information;
- b. Whether the specific circumstances which pose immediate danger to the public health, safety or welfare have been identified and determined to be continuing;
- c. Whether the person required to comply with the emergency adjudicative order may continue to engage in other activities without posing immediate danger to the public health, safety or welfare;
- d. Whether imposition of monitoring requirements or other interim safeguards would be sufficient to protect the public health, safety or welfare; and
- e. Whether the specific action contemplated by the board is necessary to avoid the immediate danger.

11.28(3) Issuance of order.

a. An emergency adjudicative order shall contain findings of fact, conclusions of law, and policy reasons to justify the determination of an immediate danger in the board's decision to take immediate action. The order is a public record.

b. The written emergency adjudicative order shall be immediately delivered to the person who is required to comply with the order by utilizing one or more of the following procedures:

- (1) Personal delivery;
- (2) Certified mail, return receipt requested, to the last address on file with the agency;
- (3) Certified mail to the last address on file with the agency; or
- (4) Fax. Fax may be used as the sole method of delivery if the person required to comply with the order has filed a written request that agency orders be sent by fax and has provided a fax number for that purpose.

c. To the degree practicable, the board shall select the procedure for providing written notice that best ensures prompt, reliable delivery.

d. Unless the written emergency adjudicative order is provided by personal delivery on the same day that the order issues, the board shall make reasonable immediate efforts to contact by telephone the person who is required to comply with the order.

e. After the issuance of an emergency adjudicative order, the board shall proceed as quickly as feasible to complete any proceedings that would be required if the matter did not involve an immediate danger.

f. Issuance of a written emergency adjudicative order shall include notification of the date on which board proceedings are scheduled for completion. After issuance of an emergency adjudicative order, continuance of further board proceedings to a later date will be granted only in compelling circumstances upon application in writing unless the person who is required to comply with the order is the party requesting the continuance.

645—11.29(17A) Appeal. Any appeal to district court from a decision in a contested case shall be taken within 30 days from the date of issuance of the decision by the board pursuant to Iowa Code section 17A.19 as amended by 1998 Iowa Acts, chapter 1202.

645—11.30(272C) Publication of decisions. Final decisions of the board in a contested case shall be transmitted to the appropriate association, the news media, and the employer.

645—11.31(272C) Reinstatement.

11.31(1) Any person whose license to practice has been revoked or suspended may apply to the board for reinstatement in accordance with the terms and conditions of the order of revocation or suspension, unless the order of revocation provides that the license is permanently revoked.

11.31(2) If the order of revocation or suspension did not establish terms and conditions upon which reinstatement might occur, or if the license was voluntarily surrendered, an initial application for reinstatement may not be made until one year has elapsed from the date of the order or the date of the voluntary surrender.

11.31(3) All proceedings for reinstatement shall be initiated by the respondent, who shall file with the board an application for reinstatement of the license. Such application shall be docketed in the original case in which the license was revoked, suspended, or relinquished. All proceedings upon the application for reinstatement shall be subject to the same rules of procedure as other cases before the board.

11.31(4) An application for reinstatement shall allege facts which, if established, will be sufficient to enable the board to determine that the basis for the revocation or suspension of the respondent's license no longer exists and that it will be in the public interest for the license to be reinstated. The burden of proof to establish such facts shall be on the respondent.

11.31(5) An order denying or granting reinstatement shall be based upon a decision which incorporates findings of facts and conclusions of law. The order shall be published as provided for in this chapter.

645—11.32(17A,272C) License denial.

11.32(1) An applicant who has been denied licensure by the board may appeal the denial and request a hearing on the issues related to the licensure denial by serving a notice of appeal and request for hearing upon the board not more than 30 days following the date of mailing of the notification of licensure denial to the applicant. The request for hearing shall specifically delineate the facts to be contested at hearing.

11.32(2) All hearings held pursuant to this rule shall be held pursuant to the process outlined in this chapter.

These rules are intended to implement Iowa Code chapter 17A as amended by 1998 Iowa Acts, chapter 1202.

CHAPTER 12
INFORMAL SETTLEMENT

645—12.1(17A,272C) Informal settlement.

12.1(1) *Informal settlement—parties.* A contested case may be resolved by informal settlement. Negotiation of an informal settlement may be initiated by the state of Iowa represented by an assistant attorney general, the respondent, or the board. The board shall designate a board member with authority to negotiate on behalf of the board. The full board shall not be involved in negotiations until the presentation of a final, written, signed informal settlement to the full board for approval.

12.1(2) *Informal settlement—waiver of notice and opportunity to be heard.* Consent to negotiation by a respondent constitutes a waiver of notice and opportunity to be heard pursuant to Iowa Code chapter 17A during informal settlement negotiation, and the assistant attorney general is thereafter authorized to discuss informal settlement with the board's designee until that consent is expressly withdrawn.

12.1(3) *Informal settlement—board approval.* All informal settlements are subject to approval of a majority of the board. No informal settlement shall be presented to the board for approval except in final, written form executed by the respondent. If the board fails to approve the informal settlement, it shall be of no force or effect to either party.

12.1(4) *Informal settlement—disqualification of designee.* A board member who is designated to act in negotiation of settlement is not disqualified from participating in the contested case should the case proceed to hearing.

12.1(5) *Voluntary surrender.* The board may accept the voluntary surrender of a license if accompanied by a written statement of intention. A voluntary surrender, when accepted in connection with a disciplinary proceeding, has the same force and effect as an order of revocation.

This rule is intended to implement Iowa Code chapter 17A as amended by 1998 Iowa Acts, chapter 1202, and Iowa Code chapter 272C.

CHAPTER 13
DISCIPLINE

645—13.1(272C) Method of discipline. The board has the authority to impose the following disciplinary sanctions:

1. Revocation of license.
2. Suspension of license until further order of the board or for a specific period.
3. Prohibit permanently, until further order of the board, or for a specific period, the engaging in specified procedures, methods, or acts.
4. Probation.
5. Require additional education or training.
6. Require a reexamination.
7. Order a physical or mental evaluation, or order alcohol and drug screening within a time specified by the board.

9. Issue a citation and warning.
10. Such other sanctions allowed by law as may be appropriate.

645—13.2(272C) Discretion of board. The following factors may be considered by the board in determining the nature and severity of the disciplinary sanction to be imposed:

1. The relative serious nature of the violation as it relates to assuring the citizens of this state a high standard of professional care.
2. The facts of the particular violation.
3. Any extenuating facts or other countervailing considerations.
4. The number of prior violations or complaints.
5. The seriousness of prior violations or complaints.
6. Whether remedial action has been taken.
7. Such other factors as may reflect upon the competency, ethical standards, and professional conduct of the licensee.

645—13.3(272C) Conduct of persons attending meetings.

13.3(1) The person presiding at a meeting of the board may exclude a person from an open meeting for behavior that obstructs the meeting.

13.3(2) Cameras and recording devices may be used at open meetings provided they do not obstruct the meeting. If the user of a camera or recording device obstructs the meeting by the use of such device, the person presiding may request the person to discontinue use of the camera or device. If the person persists in use of the device or camera, that person shall be ordered excluded from the meeting by order of the board member at the meeting.

These rules are intended to implement Iowa Code sections 21.7, 272C.4, 272C.5, and 272C.6.

“*Contract*” means the written document executed by a practitioner and the impaired practitioner review committee which establishes the terms for participation in the impaired practitioner program.

“*Impairment*” means an inability to practice with reasonable safety and skill as a result of alcohol or drug abuse, dependency, or addiction, or any neuropsychological or physical disorder or disability. For the purposes of the program, “impairment” does not include gambling addiction, sexual addiction, sexual compulsivity, paraphilia or other sexual disorders.

“*IPRC*” or “*committee*” means the impaired practitioner review committee.

“*Practitioner*” or “*licensee*” means a person licensed under Iowa Code chapter 147, 154A, 154E, or 155.

“*Self-report*” means written or oral notification provided by the licensee to the board or impaired practitioner review committee that the licensee has been, is, or may be impaired prior to the board’s receiving a complaint or report from a third party alleging the same. Information relative to impairment or a potential impairment which is provided on a license application or a renewal form may be considered a self-report.

645—16.2(272C) Purpose. The impaired practitioner review committee evaluates, assists, and monitors the recovery or rehabilitation of practitioners in the impaired practitioner program and makes reports to the board in the event of noncompliance. The impaired practitioner program is both an advocate for licensee health and a means to protect the health and safety of the public.

645—16.3(272C) Composition of the committee. The committee is composed of, but not limited to, members with the following qualifications:

16.3(1) A licensed practitioner who has expertise in the area of substance abuse and addiction treatment.

16.3(2) A licensed practitioner who has expertise in the diagnosis and treatment of psychological disorders and disabilities.

16.3(3) A specialty board-certified psychiatrist who holds a current, active Iowa license as defined in 653—9.1(147,148,150,150A).

16.3(4) A licensee who has remained free of addiction for a period of no less than two years since successfully completing a board-approved recovery program; board-ordered probation for drug or alcohol dependency, addiction or abuse; or an impaired practitioner review committee contract.

16.3(5) A physician, a physician assistant or an advanced registered nurse practitioner (ARNP) whose specialty area is family practice or who has expertise in neurological disorders.

a. If the member is a physician, the physician shall be a person licensed to practice medicine and surgery, osteopathic medicine and surgery or osteopathy as defined in 653—1.1(17A,147).

b. If the member is a physician assistant, the physician assistant shall be a person licensed as a physician assistant as defined in 645—326.1(148C).

c. If the member is an ARNP, the ARNP shall be licensed as a registered nurse as defined in Iowa Code chapter 152 or 152E and registered to practice as an ARNP in Iowa as defined in 655—7.2(152).

16.3(6) An at-large public member.

16.3(7) The board administrator assigned to the impaired practitioner review committee for professional licensure.

645—16.4(272C) Organization of the committee.

16.4(1) The division shall appoint the committee members designated in subrules 16.3(1) to 16.3(6).

16.4(2) Upon request of the committee, the board chairperson or other licensed designee of the board under which the licensee is regulated may join the committee to provide consultation when a licensee of that board is being reviewed.

16.4(3) The IPRC shall elect a chairperson and vice chairperson from committee members specified in subrules 16.3(1) to 16.3(5) at the first meeting of each calendar year. The officers shall serve one-year terms, which will commence following the election.

16.4(4) Committee members, except the board administrator, shall be appointed for a three-year term, and may serve for a maximum of three terms. Each term shall expire on December 31 of the third year of the term. Initial terms of committee members shall be for a period of not less than one year nor more than three years as designated by the division to provide continuity to the committee.

645—16.5(272) Eligibility. To be eligible for participation in the impaired practitioner program, a licensee must meet all the following criteria:

16.5(1) The licensee must self-report an impairment or suspected impairment directly to the IPRC or be referred to the committee by the board.

16.5(2) The licensee must undergo an evaluation at an impaired practitioner committee-approved provider if requested to do so by the committee.

16.5(3) The licensee must not have engaged in the unlawful diversion or distribution of controlled or illegal substances to a third party or for personal financial gain.

16.5(4) At the time of the self-report or referral, the licensee must not already be under any Iowa board order related to an impairment.

16.5(5) The licensee shall not have caused harm or injury to a client.

16.5(6) The licensee shall provide truthful information and fully cooperate with the board or committee.

16.5(7) The licensee must consent to the conditions proposed by the committee in the contract.

645—16.6(272C) Meetings.

16.6(1) The committee shall meet as necessary in order to review licensee compliance, develop contracts for new referrals, and determine eligibility for continued monitoring.

16.6(2) The committee may hold a closed session if the committee votes to do so in a public roll-call vote with an affirmative vote of at least two-thirds of the total committee or a unanimous vote of those present. The committee will recognize the appropriate statute allowing for a closed session when voting to go into closed session. The impaired practitioner review committee shall keep minutes of all discussion, persons present, and action occurring at a closed session and shall tape-record the proceedings. The records shall be stored securely in the board office and shall not be made available for public inspection.

645—16.7(272C) Terms of participation. A licensee shall agree to comply with the terms for participation in the impaired practitioner program established in a contract. The impaired practitioner review committee shall file a confidential report on board-referred cases with the board upon the licensee's successful completion of the program.

645—16.8(272C) Noncompliance. A licensee's failure to comply with the provisions of the contract may require the committee to make referral of the matter to the licensee's board for possible disciplinary action. The impaired practitioner review committee may provide to the board the licensee's impaired practitioner program file in the event the participant does not comply with the terms of the contract.

645—16.9(272C) Practice restrictions. As a term of the contract, the committee may impose restrictions on the licensee's practice until such time as the committee receives a report from an approved evaluator that the licensee is capable of practicing with reasonable safety and skill. As a condition of participation in the program, a licensee is required to agree to restricted practice in

accordance with the terms specified in the contract. In the event that the licensee refuses to agree to or comply with the restrictions established in the contract, the committee shall refer the licensee to the board for appropriate action.

645—16.10(272C) Limitations. The committee shall establish the terms and monitor a licensee's compliance with the program specified in the contract. The committee is not responsible for participants who fail to comply with the terms of or successfully complete the impaired practitioner program. Participation in the program under the auspices of the committee shall not relieve the licensee's board of any duties and shall not divest the board of any authority or jurisdiction otherwise provided. Any violation of the statutes or rules governing the practice of the licensee's profession by a participant shall be referred to the board for appropriate action.

645—16.11(272C) Confidentiality. The committee is subject to the provisions governing confidentiality established in Iowa Code section 272C.6. Accordingly, information in the possession of the board or the committee about licensees in the program shall not be disclosed to the public. Participation in the impaired practitioner program under the auspices of the committee is not a matter of public record. Information about applicants or licensees in the program shall not be disclosed except as provided in this rule.

16.11(1) The impaired practitioner review committee may communicate information about a licensee in the program to licensing authorities and impaired practitioner programs of any jurisdiction of the United States or foreign nations in which the participant is currently licensed to practice or in which the participant may seek licensure.

16.11(2) The impaired practitioner review committee may communicate information about a licensee in the program to any person assisting in the participant's treatment, recovery, rehabilitation, monitoring, or maintenance.

16.11(3) The impaired practitioner review committee may communicate information about a licensee in the program to the licensee's board in the event the participant does not comply with the terms of the contract as specified in rule 16.8(272C) or 16.9(272C).

16.11(4) The impaired practitioner review committee shall maintain a participant's complete IPRC file for the ten-year period after a participant's contract has expired or is terminated. After that period, only the contract shall be retained.

These rules are intended to implement Iowa Code chapter 272C.

CHAPTER 18
WAIVERS OR VARIANCES FROM ADMINISTRATIVE RULES

645—18.1(17A,147,272C) Definitions. For purposes of this chapter:

“*Board*” means a particular professional licensing board in the division of professional licensure.

“*Waiver or variance*” means action by the board which suspends in whole or in part the requirements or provisions of a rule as applied to an identified person on the basis of the particular circumstances of that person. For simplicity, the term “waiver” shall include both a “waiver” and a “variance.”

645—18.2(17A,147,272C) Scope of chapter. This chapter outlines generally applicable standards and a uniform process for the granting of individual waivers from rules adopted by the board in situations where no other more specifically applicable law provides for waivers. To the extent another more specific provision of law governs the issuance of a waiver from a particular rule, the more specific provision shall supersede this chapter with respect to any waiver from that rule.

645—18.3(17A,147,272C) Applicability of chapter. The board may only grant a waiver from a rule if the board has jurisdiction over the rule and the requested waiver is consistent with applicable statutes, constitutional provisions, or other provisions of law. The board may not waive requirements created or duties imposed by statute.

645—18.4(17A,147,272C) Criteria for waiver or variance. In response to a petition completed pursuant to rule 645—18.6(17A,147,272C), the board may in its sole discretion issue an order waiving in whole or in part the requirements of a rule if the board finds, based on clear and convincing evidence, all of the following:

1. The application of the rule would impose an undue hardship on the person for whom the waiver is requested;
2. The waiver from the requirements of the rule in the specific case would not prejudice the substantial legal rights of any person;
3. The provisions of the rule subject to the petition for a waiver are not specifically mandated by statute or another provision of law; and
4. Substantially equal protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver is requested.

645—18.5(17A,147,272C) Filing of petition. A petition for a waiver must be submitted in writing to the board, as follows:

18.5(1) License application. If the petition relates to a license application, the petition shall be made in accordance with the filing requirements for the license in question and submitted to the board administrator.

18.5(2) Contested cases. If the petition relates to a pending contested case, the petition shall be filed in the contested case proceeding, using the caption of the contested case, and submitted to the board administrator.

18.5(3) Other. If the petition does not relate to a license application or a pending contested case, the petition may be submitted to the board’s administrator.

645—18.6(17A,147,272C) Content of petition. A petition for waiver shall include the following information where applicable and known to the requester:

1. The name, address, and telephone number of the person or entity for which a waiver is being requested, and the case number of any related contested case.
2. A description and citation of the specific rule from which a waiver is requested.
3. The specific waiver requested, including the precise scope and duration.
4. The relevant facts that the petitioner believes would justify a waiver under each of the four criteria described in 645—18.4(17A,147,272C). This statement shall include a signed statement from

the petitioner attesting to the accuracy of the facts provided in the petition, and a statement of reasons that the petitioner believes will justify a waiver.

5. A history of any prior contacts between the board and the petitioner relating to the regulated activity or license affected by the proposed waiver, including a description of each affected license held by the requester, any notices of violation, contested case hearings, or investigative reports relating to the regulated activity or license within the last five years.

6. Any information known to the requester regarding the board's treatment of similar cases.

7. The name, address, and telephone number of any public agency or political subdivision which also regulates the activity in question, or which might be affected by the grant of a waiver.

8. The name, address, and telephone number of any person or entity that would be adversely affected by the grant of a petition.

9. The name, address, and telephone number of any person with knowledge of the relevant facts relating to the proposed waiver.

10. Signed releases of information authorizing persons with knowledge regarding the request to furnish the board with information relevant to the waiver.

645—18.7(17A,147,272C) Additional information. Prior to issuing an order granting or denying a waiver, the board may request additional information from the petitioner relative to the petition and surrounding circumstances. If the petition was not filed in a contested case, the board may, on its own motion or at the petitioner's request, schedule a telephonic or in-person meeting between the petitioner and the board's administrator, a committee of the board, or a quorum of the board.

645—18.8(17A,147,272C) Notice. The board shall acknowledge a petition upon its receipt in the board administrator's office. The board shall ensure that notice of the pending petition and a concise summary of its contents have been provided to all persons to whom notice is required by any provision of law within 30 days of the receipt of the petition. In addition, the board may give notice to other persons. To accomplish this notice provision, the board may require the petitioner to serve the notice on all persons to whom notice is required by any provision of law, and provide a written statement to the board attesting that notice has been provided.

645—18.9(17A,147,272C) Hearing procedures. The provisions of Iowa Code sections 17A.10 to 17A.18A regarding contested case hearings shall apply to any petition for a waiver filed within a contested case, and shall otherwise apply to agency proceedings for a waiver only when the board so provides by rule or order or is required to do so by statute.

645—18.10(17A,147,272C) Ruling. An order granting or denying a waiver shall be in writing and shall contain a reference to the particular person and rule or portion thereof to which the order pertains, a statement of the relevant facts and reasons upon which the action is based, and a description of the precise scope and duration of the waiver if one is issued.

18.10(1) Board discretion. The final decision on whether the circumstances justify the granting of a waiver shall be made at the sole discretion of the board, upon consideration of all relevant factors. Each petition for a waiver shall be evaluated by the board based on the unique, individual circumstances set out in the petition.

18.10(2) Burden of persuasion. The burden of persuasion rests with the petitioner to demonstrate by clear and convincing evidence that the board should exercise its discretion to grant a waiver from a board rule.

18.10(3) Narrowly tailored. A waiver, if granted, shall provide the narrowest exception possible to the provisions of a rule.

18.10(4) Administrative deadlines. When the rule from which a waiver is sought establishes administrative deadlines, the board shall balance the special individual circumstances of the petitioner with the overall goal of uniform treatment of all similarly situated persons.

18.10(5) Conditions. The board may place any condition on a waiver that the board finds desirable to protect the public health, safety, and welfare.

18.10(6) Time period of waiver. A waiver shall not be permanent unless the petitioner can show that a temporary waiver would be impracticable. If a temporary waiver is granted, there is no automatic right to renewal. At the sole discretion of the board, a waiver may be renewed if the board finds that grounds for a waiver continue to exist.

18.10(7) Time for ruling. The board shall grant or deny a petition for a waiver as soon as practicable but, in any event, shall do so within 120 days of its receipt, unless the petitioner agrees to a later date. However, if a petition is filed in a contested case, the board shall grant or deny the petition no later than the time at which the final decision in that contested case is issued.

18.10(8) When deemed denied. Failure of the board to grant or deny a petition within the required time period shall be deemed a denial of that petition by the board. However, the board shall remain responsible for issuing an order denying a waiver.

18.10(9) Service of order. Within seven days of its issuance, any order issued under this chapter shall be transmitted to the petitioner or the person to whom the order pertains, and to any other person entitled to such notice by any provision of law.

645—18.11(17A,147,272C) Public availability. All orders granting or denying a waiver petition shall be indexed, filed, and available for public inspection as provided in Iowa Code section 17A.3. Petitions for a waiver and orders granting or denying a waiver petition are public records under Iowa Code chapter 22. Some petitions or orders may contain information the board is authorized or required to keep confidential. The board may accordingly redact confidential information from petitions or orders prior to public inspection.

645—18.12(17A,147,272C) Summary reports. Semiannually, each board shall prepare a summary report identifying the rules for which a waiver has been granted or denied, the number of times a waiver was granted or denied for each rule, a citation to the statutory provisions implemented by these rules, and a general summary of the reasons justifying the board's actions on waiver requests. If practicable, the report shall detail the extent to which the granting of a waiver has affected the general applicability of the rule itself. Copies of this report shall be available for public inspection and shall be provided semiannually to the administrative rules coordinator and the administrative rules review committee.

645—18.13(17A,147,272C) Cancellation of a waiver. A waiver issued by a board pursuant to this chapter may be withdrawn, canceled, or modified if, after appropriate notice and hearing, the board issues an order finding any of the following:

1. The petitioner or the person who was the subject of the waiver order withheld or misrepresented material facts relevant to the propriety or desirability of the waiver; or
2. The alternative means for ensuring that the public health, safety and welfare will be adequately protected after issuance of the waiver order have been demonstrated to be insufficient; or
3. The subject of the waiver order has failed to comply with all conditions contained in the order.

645—18.14(17A,147,272C) Violations. Violation of a condition in a waiver order shall be treated as a violation of the particular rule for which the waiver was granted. As a result, the recipient of a waiver under this chapter who violates a condition of the waiver may be subject to the same remedies or penalties as a person who violates the rule at issue.

645—18.15(17A,147,272C) Defense. After the board issues an order granting a waiver, the order is a defense within its terms and the specific facts indicated therein for the person to whom the order pertains in any proceeding in which the rule in question is sought to be invoked.

645—18.16(17A,147,272C) Judicial review. Judicial review of a board's decision to grant or deny a waiver petition may be taken in accordance with Iowa Code chapter 17A. Any appeal to district court

shall be taken within 30 days from the date of issuance of the decision by the board pursuant to Iowa Code section 17A.19.

These rules are intended to implement Iowa Code section 17A.9A.

[ARC 7578B, IAB 2/25/09, effective 4/1/09]

645—21.3(158) Examination requirements for barbers and barber instructors.

21.3(1) The following criteria shall apply to the written and practical examination.

a. In order for an applicant to be eligible to take the examination, the supporting data and documentation required by the board shall be postmarked at least 14 days prior to the examination.

b. Applicants will be notified of the date and time of the written and practical examination given by the board of barbering.

c. Applicants for barber licenses are required to receive a passing score on the examination. The score is contingent on receiving a combined score of 70 percent, which is a weighted score based on the following:

(1) For barbers, the practical component equals 75 percent and the written component equals 25 percent of the weighted score.

(2) For barber instructors, the practical component equals 30 percent and the written component equals 70 percent of the weighted score.

d. The board will notify the applicant in writing of the result of the examination.

21.3(2) Applicants who fail to appear for the examination must request in writing or by telephone to reschedule the examination. Examination fees are not refundable, but the rescheduled examination fee may be waived upon a showing of good cause for missing the previously scheduled examination. Proof of good cause shall be submitted to the board office with the request to reschedule the examination. An applicant shall be required to pay the reexamination fee if the applicant does not appear for a subsequent examination.

21.3(3) Persons who do not attain the passing score may reapply to take the examination. Examination fees cannot be refunded, and the applicant shall be required to pay the reexamination fee. [ARC 7578B, IAB 2/25/09, effective 4/1/09]

645—21.4(158) Educational qualifications. Rescinded IAB 2/25/09, effective 4/1/09.

645—21.5(158) Licensure by endorsement. The board may issue a license by endorsement to any applicant from the District of Columbia or another state, territory, province or foreign country who has held an active license under the laws of another jurisdiction for at least 12 months during the past 24 months and who:

21.5(1) Submits to the board a completed application and pays the licensure fee specified in 645—subrule 5.2(1).

21.5(2) Provides verification of license(s) from every state in which the applicant has been licensed as a barber, sent directly from the state(s) to the Iowa board of barbering office. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

- a.* Licensee's name;
- b.* Date of initial licensure;
- c.* Current licensure status; and
- d.* Any disciplinary action taken against the license.

21.5(3) Takes and passes the written and practical examination administered by the board. [ARC 7578B, IAB 2/25/09, effective 4/1/09]

645—21.6(158) Licensure by reciprocal agreement. Rescinded IAB 2/25/09, effective 4/1/09.

645—21.7(158) Temporary permits to practice barbering. An applicant must meet the following requirements:

1. The applicant is applying for initial licensure and is not licensed in another state.
2. The applicant has met the requirements for licensure except for the examination. The temporary permit is valid from the date the application is completed for a maximum of six months and shall not be renewable.

645—21.8(158) Demonstrator's permit. The board may issue a demonstrator's permit to a licensed barber for the purpose of demonstrating barbering to the public. The following criteria apply to the demonstrator's permit:

1. A demonstrator's permit shall be valid for a barbershop, person or an event. The location, purpose and duration shall be stated on the permit.
2. A demonstrator's permit shall be valid for no more than 10 days.
3. A completed application shall be submitted on a form provided by the board at least 30 days in advance of the intended use dates.
4. An application fee shall be submitted as set forth in these rules.
5. No more than four permits shall be issued to any applicant during a calendar year.

645—21.9(158) License renewal.

21.9(1) The biennial license renewal period for a license to practice barbering shall begin on July 1 of each even-numbered year and end on June 30 of each even-numbered year. All licensees shall renew on a biennial basis. The board shall send a renewal notice by regular mail to each licensee at the address on record at least 60 days prior to the expiration of the license. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive the notice does not relieve the licensee of the responsibility for renewing the license.

21.9(2) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 645—24.2(158). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

c. Persons licensed to practice as barbers shall keep their renewal licenses displayed in a conspicuous public place at the primary site of practice.

d. Individuals who were issued a license within six months of the license renewal date will not be required to renew their licenses until the next renewal two years later.

21.9(3) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the wallet card. The licensee shall be assessed a late fee as specified in 645—subrule 5.2(10). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

21.9(4) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license and shall send the licensee a wallet card by regular mail. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

21.9(5) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a barber in Iowa until the license is reactivated. A licensee who practices as a barber in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

645—21.11(158) Requirements for a barbershop license.

21.11(1) A barbershop shall not operate unless the owner of the barbershop possesses a current barbershop license issued by the board. The following criteria shall apply to licensure:

a. The owner shall complete a board-approved application form. Application forms may be obtained from the board's Web site (<http://www.idph.state.ia.us/licensure>), or directly from the board office. The application and fee shall be submitted to the Board of Barbering, Professional Licensure Division, Fifth Floor, Lucas State Office Building, Des Moines, Iowa 50319-0075.

b. The barbershop shall meet the requirements for sanitary conditions established in 645—Chapter 22.

c. A barbershop license shall be issued for a specific location. A change in location or site of a barbershop shall result in the cancellation of the existing license and necessitate application for a new license and payment of the fee required by 645—subrule 5.2(8). A change of address without change of actual location shall not be construed as a new site.

d. A barbershop license is not transferable. A change in ownership of a barbershop shall result in the cancellation of the existing license and necessitate application for a new license and payment of the fee required by 645—subrule 5.2(8).

e. A change in the name of a barbershop shall be reported to the board within 30 days of the name change.

f. Upon closure of a barbershop, the barbershop license shall be submitted to the board office within 30 days.

g. A barbershop that was issued a license within six months prior to renewal shall not be required to renew the license until the renewal month two years later.

21.11(2) Incomplete applications that have been on file in the board office for more than two years shall be:

a. Considered invalid and shall be destroyed; or

b. Maintained upon written request of the candidate. The candidate is responsible for requesting that the file be maintained.

[ARC 7578B, IAB 2/25/09, effective 4/1/09]

645—21.12(158) Barbershop license renewal.

21.12(1) The biennial license renewal period for a barbershop license shall begin on July 1 of each even-numbered year and end on June 30 of the next even-numbered year.

21.12(2) The renewal application shall be mailed to the barbershop at least 60 days prior to the expiration of the license. Failure to receive the renewal application shall not relieve the barbershop of the obligation to pay the biennial renewal fee on or before the renewal date.

21.12(3) The completed application and renewal fee shall be submitted to the board office before the license expiration date.

21.12(4) The barbershop shall be in full compliance with this chapter and 645—Chapter 22 to be eligible for license renewal.

21.12(5) When all requirements for license renewal are met, a license wallet card will be sent by regular mail.

21.12(6) A barbershop that is issued an initial license within six months prior to the renewal date will not be required to renew the license until the next renewal two years later.

21.12(7) Barbershop license late renewal. If the renewal fee and renewal application are received within 30 days after the license renewal expiration date, the late fee for failure to renew before expiration shall be charged.

21.12(8) Inactive barbershop license. If the renewal application and fee are not postmarked within 30 days after the license expiration date, the barbershop license is inactive. To reactivate a barbershop license, the reactivation application and fee shall be submitted to the board office.

21.16(2) Pay the reactivation fee that is due as specified in 645—subrule 5.2(11).

21.16(3) Provide verification of current competence to practice as a barber by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;

3. Current licensure status; and
 4. Any disciplinary action taken against the license; and
- (2) Verification of completion of eight hours of continuing education that meet the continuing education standards defined in rule 645—24.3(158,272C) within two years of application for reactivation.

The board shall send a renewal notice by regular mail to each licensee at the address on record at least 60 days prior to the expiration of the license. 41.8(3) A licensee seeking renewal shall:

d. The licensee shall maintain written documentation for five years after mandatory training as identified in paragraphs "a" to "c," including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 645—Chapter 44.

To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

41.8(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a chiropractor in Iowa until the license is reactivated. A licensee who practices as a chiropractor in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

PRACTICE OF CHIROPRACTIC PHYSICIANS
[Prior to 7/24/02, see 645—40.1(151) and 645—40.17(151) to 645—40.24(147,272C)]

645—43.1(151) Definitions. The following definitions shall be applicable to the rules of the Iowa board of chiropractic.

“Active chiropractic physiotherapy” means therapeutic treatment performed by the patient with the assistance and guidance of the chiropractic assistant including, but not limited to, exercises and functional activities that promote strength, endurance, flexibility, and coordination.

“Acupuncture,” pursuant to Iowa Code section 148E.1, means a form of health care developed from traditional and modern oriental medical concepts that employs oriental medical diagnosis and treatment, and adjunctive therapies and diagnostic techniques, for the promotion, maintenance, and restoration of health and the prevention of disease.

“Adjustment/manipulation of neuromusculoskeletal structures” means the use by a doctor of chiropractic of a skillful treatment based upon differential diagnosis of neuromusculoskeletal structures and procedures related thereto by the use of passive movements with the chiropractic physician’s hands or instruments in a manipulation of a joint by thrust so the patient’s volitional resistance cannot prevent the motion. The manipulation is directed toward the goal of restoring joints to their proper physiological relationship of motion and related function. Movement of the joint is by force beyond its active limit of motion, but within physiologic integrity. Adjustment or manipulation commences where mobilization ends and specifically begins when the elastic barrier of resistance is encountered by the doctor of chiropractic and ends at the limit of anatomical integrity. Adjustment or manipulation as described in this definition is directed to the goal of the restoration of joints to their proper physiological relationship of motion and related function, release of adhesions or stimulation of joint receptors. Adjustment or manipulation as described in this definition is by hand or instrument. The primary emphasis of this adjustment or manipulation is upon specific joint element adjustment or manipulation and treatment of the articulation and adjacent tissues of the neuromusculoskeletal structures of the body and nervous system, using one or more of the following:

1. Impulse adjusting or the use of sudden, high velocity, short amplitude thrust of a nature that patient volitional resistance is overcome, commencing where the motion encounters the elastic barrier of resistance and ending at the limit of anatomical integrity.

2. Instrument adjusting, utilizing instruments specifically designed to deliver sudden, high velocity, short amplitude thrust.

3. Light force adjusting, utilizing sustained joint traction or applied directional pressure, or both, which may be combined with passive motion to restore joint mobility.

4. Long distance lever adjusting, utilizing forces delivered at some distance from the dysfunctional site and aimed at transmission through connected structures to accomplish joint mobility.

“Anatomic barrier” means the limit of motion imposed by anatomic structure, the limit of passive motion.

“Chiropractic assistant” means a person who has satisfactorily completed a chiropractic assistant training program to perform selected chiropractic health care services under the supervision of a chiropractic physician.

“Chiropractic insurance consultant” means an Iowa-licensed chiropractic physician registered with the board who serves as a liaison and advisor to an insurance company.

“Chiropractic manipulation” means care of an articular dysfunction or neuromusculoskeletal disorder by manual or mechanical adjustment of any skeletal articulation and contiguous articulations.

“Differential diagnosis” means to examine the body systems and structures of a human subject to determine the source, nature, kind or extent of a disease, vertebral subluxation, neuromusculoskeletal disorder or other physical condition, and to make a determination of the source, nature, kind, or extent of a disease or other physical condition.

“Elastic barrier” means the range between the physiologic and anatomic barrier of motion in which passive ligamentous stretching occurs before tissue disruption.

“Extremity manipulation” means a corrective thrust or maneuver by a doctor of chiropractic by hand or instrument based upon differential diagnosis of neuromusculoskeletal structures applied to a joint of the appendicular skeleton.

“Malpractice” means any error or omission, unreasonable lack of skill, or failure to maintain a reasonable standard of care by a chiropractic physician in the practice of the profession.

“Mobilization” means movement applied singularly or repetitively within or at the physiological range of joint motion, without imparting a thrust or impulse, with the goal of restoring joint mobility.

“Passive chiropractic physiotherapy” means therapeutic treatment administered by the chiropractic assistant and received by the patient including, but not limited to, mechanical, electrical, thermal, or manual methods.

“Physiologic barrier” means the limit of active motion, which can be altered to increase range of active motion by warm-up activity.

“Practice of acupuncture,” pursuant to Iowa Code section 148E.1, means the insertion of acupuncture needles and the application of moxibustion to specific areas of the human body based upon oriental medical diagnosis as a primary mode of therapy. Adjunctive therapies within the scope of acupuncture may include manual, mechanical, thermal, electrical, and electromagnetic treatment, and the recommendation of dietary guidelines and therapeutic exercise based on traditional oriental medicine concepts.

“Supervising chiropractic physician” means the Iowa-licensed chiropractor responsible for supervision of services provided to a patient by a chiropractic assistant.

“Supervision” means the physical presence and direction of the supervising chiropractic physician at the location where services are rendered.

645—43.2(147,272C) Principles of chiropractic ethics. The following principles of chiropractic ethics are hereby adopted by the board relative to the practice of chiropractic in this state.

43.2(1) These principles are intended to aid chiropractic physicians individually and collectively in maintaining a high level of ethical conduct. These are standards by which a chiropractic physician may determine the propriety of the chiropractic physician’s conduct in the chiropractic physician’s relationship with patients, with colleagues, with members of allied professions, and with the public.

43.2(2) The principal objective of the chiropractic profession is to render service to humanity with full respect for the dignity of the person. Chiropractic physicians should merit the confidence of patients entrusted to their care, rendering to each a full measure of service and devotion.

43.2(3) Chiropractic physicians should strive continually to improve chiropractic knowledge and skill, and should make available to their patients and colleagues the benefits of their professional attainments.

43.2(4) A chiropractic physician should practice a method of healing founded on a scientific basis, and should not voluntarily associate professionally with anyone who violates this principle.

43.2(5) The chiropractic profession should safeguard the public and itself against chiropractic physicians deficient in moral character or professional competence. Chiropractic physicians should observe all laws, uphold the dignity and honor of the profession and accept its self-imposed disciplines. They should expose, without hesitation, illegal or unethical conduct of fellow members of the profession.

43.2(6) A chiropractic physician may choose whom to serve. In an emergency, however, services should be rendered to the best of the chiropractic physician’s ability. Having undertaken the case of a patient, the chiropractic physician may not neglect the patient; and, unless the patient has been discharged, the chiropractic physician may discontinue services only after giving adequate notice.

43.2(7) A chiropractic physician should not dispose of services under terms or conditions which tend to interfere with or impair the free and complete exercise of professional judgment and skill or tend to cause a deterioration of the quality of chiropractic care.

43.2(8) A chiropractic physician should seek consultation upon request, in doubtful or difficult cases, or whenever it appears that the quality of chiropractic service may be enhanced thereby.

43.2(9) A chiropractic physician may not reveal the confidences entrusted in the course of chiropractic attendance, or the deficiencies observed in the character of patients, unless required to do so by law or unless it becomes necessary in order to protect the welfare of the individual or of the community.

43.2(10) The honored ideals of the chiropractic profession imply that the responsibilities of the chiropractic physician extend not only to the individual, but also to society where these responsibilities deserve interest and participation in activities which have the purpose of improving both the health and well-being of the individual and the community.

645—60.7(157) Licensure by endorsement.

1. The board may issue a license by endorsement to any applicant from the District of Columbia or another state, territory, province or foreign country who meets the requirements of rule 645—60.2(157).

2. An applicant for licensure by endorsement shall provide verification of license(s) from every jurisdiction in which the applicant has been licensed, sent directly from the jurisdiction(s) to the board office. Verifications of current licensure in the practice discipline in another state for at least 12 months in the 24-month period preceding the submission of the application must be sent from each state, territory, province or foreign country or the District of Columbia. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

- Licensee's name;
- Date of initial licensure;
- Current licensure status; and
- Any disciplinary action taken against the license.

645—60.8(157) License renewal.

60.8(1) Biennial license renewal period for a license to practice cosmetology arts and sciences.

a. Prior to April 1, 2008:

(1) The renewal period shall begin on April 1 of one year and end on March 31 two years later. All licensees shall renew on a biennial basis.

(2) The board shall send a renewal notice by regular mail to each licensee at the address on record at least 60 days prior to the expiration of the license.

(3) The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive the notice does not relieve the licensee of the responsibility for renewing the license.

b. Beginning April 1, 2008:

(1) A licensee who has a license due for renewal in an even-numbered year shall renew all active licenses with the board by April 1, 2008. If one or more licenses are due for renewal in an odd-numbered

year, the renewal fee for those licenses shall be prorated. Such prorated license fees shall apply only during the April 1, 2008, renewal period.

(2) The renewal period shall begin on April 1 of one year and end on March 31 two years later. All licenses shall renew on a biennial basis.

(3) The board shall send a renewal notice by regular mail to each licensee at the address on record at least 60 days prior to the expiration of the license.

(4) The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive the notice does not relieve the licensee of the responsibility for renewing the license.

(5) Licensees who renew their licenses one year early shall be subject to continuing education requirements by April 1, 2010. This extension does not apply to a license(s) originally scheduled for renewal on April 1, 2008.

(6) A new or reactivated license granted by the board to a licensee who holds a current license in another practice discipline in cosmetology shall have the same license expiration date as the licensee's other license(s). If the licensee does not have another active license with the board, the license expiration date shall be in the current renewal period unless the license is issued within six months of the end of the renewal cycle and subrule 60.8(2) applies.

60.8(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal two years later.

60.8(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 645—64.2(157). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

c. Licensees currently licensed in Iowa but practicing exclusively in another state may comply with Iowa continuing education requirements for license renewal by meeting the continuing education requirements of the state where the licensee practices. Those licensees living and practicing exclusively in a state which has no continuing education requirement for renewal of a license shall not be required to meet Iowa's continuing education requirement but shall pay all renewal fees when due.

60.8(4) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license and shall send the licensee a wallet card by regular mail. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

60.8(5) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the wallet card. The licensee shall be assessed a late fee as specified in 645—subrule 62.1(3). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

60.8(6) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice cosmetology arts and sciences in Iowa until the license is reactivated. A licensee who practices cosmetology arts and sciences in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

60.8(7) Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used.

645—60.9(157) Temporary permits. The board may issue a temporary permit for the purpose of demonstrating cosmetology arts and sciences services to the consuming public or for providing cosmetology arts and sciences services to the consuming public at not-for-profit events.

1. The permit shall be valid for (name of a specific event) for a salon, school, or person. The location, purpose and duration of the permit shall be stated on the permit. The permit shall be posted and visible to the public at the location where the services are provided.

4. An application fee shall be submitted as set forth in these rules.
5. No more than four permits shall be issued to any applicant during a calendar year.
6. For not-for-profit events, individuals providing services must hold a current license provided by the board pursuant to rule 60.2(157).

If a request for hearing is not timely made, the board chair or the chair's designee may issue an order imposing the civil penalty and requiring compliance with Iowa Code chapter 157, as described in the notice. The order may be mailed by regular first-class mail or served in the same manner as the notice of intent to impose a civil penalty.

c. If a request for hearing is timely made, the board shall issue a notice of hearing and conduct a hearing in the same manner as applicable to disciplinary cases against licensees.

d. A nonlicensee may waive the right to hearing and all attendant rights and enter into a consent order imposing a civil penalty and requiring compliance with Iowa Code chapter 157 at any stage of the proceeding upon mutual consent of the board.

e. The notice of intent to issue an order and the order are public records available for inspection and copying in accordance with Iowa Code chapter 22. Copies may be published. Hearings shall be open to the public.

65.5(6) Factors for board consideration. The board may consider the following when determining the amount of civil penalty to impose, if any:

- b.* The circumstances leading to or resulting in the violation.
- c.* The severity of the violation and the risk of harm to the public.
- d.* The economic benefits gained by the violator as a result of noncompliance.
- e.* The welfare or best interest of the public.

65.5(7) Enforcement options. In addition, or as an alternative, to the administrative process described in these rules, the board may seek an injunction in district court, refer the matter for criminal prosecution, or enter into a consent agreement as provided in Iowa Code chapter 157.

65.5(8) Judicial review.

a. A person aggrieved by the imposition of a civil penalty under this rule may seek a judicial review in accordance with Iowa Code section 17A.19.

b. The board shall notify the attorney general of the failure to pay a civil penalty within 30 days after entry of an order or within 10 days following final judgment in favor of the board if an order has been stayed pending appeal.

c. The attorney general may commence an action to recover the amount of the penalty, including reasonable attorney fees and costs.

d. An action to enforce an order under this rule may be joined with an action for an injunction pursuant to Iowa Code section 147.83.

81.4(1) The applicant shall complete a board-approved application packet. Application forms may be obtained from the board's Web site (<http://www.idph.state.ia.us/licensure>) or directly from the board office. All applications shall be sent to Board of Dietetics, Professional Licensure Division, Fifth Floor, Lucas State Office Building, Des Moines, Iowa 50319-0075.

81.4(2) The applicant shall complete the application form according to the instructions contained in the application. If the application is not completed according to the instructions, the application will not be reviewed by the board.

81.4(3) Each application shall be accompanied by the appropriate fees payable by check or money order to the Board of Dietetics. The fees are nonrefundable.

Verification of satisfactory completion may be established by sending a notarized copy of the Commission on Dietetic Registration (CDR) card or an official letter sent directly from CDR to the board to verify that the applicant holds registration status.

81.4(5) A license is not required for dietitians who are in this state for the purpose of consultation when they are licensed in another state, U.S. possession, or country, or have received at least a baccalaureate degree in human nutrition from a U.S. regionally accredited college or university. Consultation means the practice of dietetics in affiliation with, and at the request of, a dietitian licensed in this state.

81.4(6) Incomplete applications that have been on file in the board office for more than two years shall be considered invalid and shall be destroyed.

645—81.5(152A) Educational qualifications.

81.5(1) The applicant shall be issued a license to practice dietetics by the board when the applicant possesses a baccalaureate degree or postbaccalaureate degree from a U.S. regionally accredited college or university with a major course of study in human nutrition, food and nutrition, nutrition education, dietetics, or food systems management, or in an equivalent major course of minimum academic requirements as established by the American Dietetic Association and approved by the board.

- Licensee's name;
- Date of initial licensure;

- Current licensure status; and
- Any disciplinary action taken against the license.

645—81.8(152A) Licensure by reciprocal agreement. Rescinded IAB 1/14/09, effective 2/18/09.

645—81.9(152A) License renewal.

81.9(1) The biennial license renewal period for a license to practice dietetics shall begin on the sixteenth day of the licensee's birth month and end on the fifteenth day of the licensee's birth month two years later. The board shall send a renewal notice by regular mail to each licensee at the address on record at least 60 days prior to the expiration of the license. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive the notice does not relieve the licensee of the responsibility for renewing the license.

81.9(2) An initial license issued by the board may be valid for an 18- to 29-month period. When an initial license is renewed, it will be placed on a two-year renewal period identified in subrule 81.9(1).

81.9(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 645—82.2(152A) and the mandatory reporting requirements of subrule 81.9(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

81.9(4) Mandatory reporter training requirements.

a. A licensee who, in the scope of professional practice or in the licensee's employment responsibilities, examines, attends, counsels or treats children in Iowa shall indicate on the renewal application completion of two hours of training in child abuse identification and reporting in the previous five years or condition(s) for waiver of this requirement as identified in paragraph "e."

b. A licensee who, in the course of employment, examines, attends, counsels or treats adults in Iowa shall indicate on the renewal application completion of two hours of training in dependent adult abuse identification and reporting in the previous five years or condition(s) for waiver of this requirement as identified in paragraph "e."

c. A licensee who, in the scope of professional practice or in the course of employment, examines, attends, counsels or treats both adults and children in Iowa shall indicate on the renewal application completion of training in abuse identification and reporting for dependent adults and children in the previous five years or condition(s) for waiver of this requirement as identified in paragraph "e."

Training may be completed through separate courses as identified in paragraphs "a" and "b" or in one combined two-hour course that includes curricula for identifying and reporting child abuse and dependent adult abuse. The course shall be a curriculum approved by the Iowa department of public health abuse education review panel.

d. The licensee shall maintain written documentation for five years after mandatory training as identified in paragraphs "a" to "c," including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 645—Chapter 82.

f. The board may select licensees for audit of compliance with the requirements in paragraphs "a" to "e."

81.9(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license and shall send the licensee a wallet card by regular mail. In the

event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

81.9(6) A person licensed to practice dietetics shall keep the license certificate and wallet card(s) displayed in a conspicuous public place at the primary site of practice.

81.9(7) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the wallet card. The licensee shall be assessed a late fee as specified in 645—subrule 84.1(3). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

81.9(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a dietitian in Iowa until the license is reactivated. A licensee who practices as a dietitian in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

81.9(9) Renewal of a reactivated license. A licensee who reactivates the license in accordance with rule 645—81.15(17A,147,272C) will not be required to renew the license until the next renewal two years later if the license is reactivated within six months prior to the license renewal date.

645—81.15(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

81.15(1) Submit a reactivation application on a form provided by the board.

81.15(2) Pay the reactivation fee that is due as specified in 645—subrule 84.1(4).

81.15(3) Provide verification of current competence to practice dietetics by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. - (2) Verification of completion of 60 hours of continuing education within two years of application for reactivation.

(2) Place cremated remains of more than one person in the same temporary cremation container or urn.

100.10(7) *Scope of rules.* These rules shall be construed and interpreted as a comprehensive cremation statute, and the provisions of these rules shall take precedence over any existing laws containing provisions applicable to cremation, but that do not specifically or comprehensively address cremation.

k. The intern shall complete a confidential evaluation of the preceptorship program at the end of the internship on a form provided by the board. This form shall be submitted before the funeral director's license is issued to the intern.

- (5) At the end of the internship, complete a confidential evaluation of the intern on a form provided by the board. This evaluation shall be submitted within two weeks of the end of the internship.

g. Failure of a preceptor to fulfill the requirements set forth by the board, including failure to remit the required six-month progress report, as well as the final evaluation, shall result in an investigation of the preceptor by the board.

h. If a preceptor does not serve the entire year, the board will evaluate the situation; and if a certified preceptor is not available, a licensed funeral director may serve with the approval of the board.

i. No licensed funeral director or licensed funeral establishment shall have more than one intern funeral director for the first 100 human remains embalmed or funerals conducted per year, and with a maximum of two interns per funeral establishment.

- (1) A single preceptor must act in the role of the primary preceptor.
- (2) The primary preceptor is responsible for coordinating all intern training and activities.
- (3) The intern shall be a full-time employee of the funeral establishment of the primary preceptor; however, compensation may be shared between preceptors.

- (4) The primary preceptor may make arrangements with a maximum of two additional preceptors to share preceptor responsibilities for such purposes as providing an intern with a higher volume practice or a broader range of intern experiences.

- (5) Each preceptor shall be individually responsible for directly supervising the intern's activities performed under the preceptor's guidance, but the primary preceptor remains responsible for coordinating the intern's activities and submitting all forms to the board.

645—101.6(156) Student practicum.

101.6(1) A student may participate in a student practicum in a licensed funeral establishment in Iowa if the student's school is accredited by and in good standing with the American Board of Funeral Service Education (ABFSE). The student practicum must meet the requirements of the ABFSE.

101.6(2) Students serving a practicum in Iowa shall be under the direct physical supervision of a funeral director who meets the following requirements:

- a.* Has completed the Iowa preceptor training course within the immediately preceding five years.
- b.* Has not had any formal disciplinary action within the past five years.
- c.* Is affiliated with a funeral establishment that has not had formal disciplinary action within the past five years.

645—101.7(156) Funeral establishment license or cremation establishment license or both establishment licenses.

101.7(1) A place of business devoted to providing any aspect of mortuary science or cremation services shall hold an establishment license issued by the board. An establishment license shall not be issued more than 30 days prior to the opening of a new establishment.

a. A funeral establishment, a cremation establishment, or a combined funeral and cremation establishment shall not be operated until it has obtained a license from the board. Such an establishment shall timely renew the license in order to continue operations.

b. A funeral or cremation establishment shall surrender its license to the board if it fails to engage in or ceases to engage in the business for which the license was issued, pursuant to Iowa Code section 156.15(2)“*d.*”

c. A funeral or cremation establishment license is not transferable or assignable.

d. A change in ownership shall require the issuance of a new license. A change in ownership shall be reported to the board prior to the date ownership will change or, in the case of change of ownership by death or other unexpected event, within 30 days following change of ownership. The board may request legal proof of the ownership transfer. A change in ownership shall be defined as any change of controlling interest in any corporation or other business entity.

e. An establishment license shall be issued for a specific physical location. A change in location or site of an establishment shall require the submission of an application for a new license and payment of the fee required by 645—subrule 105.1(9). A new establishment license must be issued prior to the commencement of business in a new location.

f. A change in the name of an establishment shall be reported to the board within 30 days. The establishment owner shall pay the fee for reissuing the certificate.

g. A change in address or of the funeral director in responsible charge shall be reported to the board within 30 days.

h. An establishment shall have an employment or other relationship with one or more licensed funeral directors who shall perform all mortuary science services for which licensure as a funeral director is required by Iowa Code chapter 156. A cremation establishment is not, however, required to employ or contract with a funeral director on an ongoing basis because a cremation establishment shall not offer services directly to the general public. When a funeral establishment has an employment or other relationship with multiple funeral directors, the funeral establishment shall designate the funeral director who shall be in responsible charge of all mortuary science services performed at the funeral establishment. The funeral establishment shall report to the board any change of the funeral director in responsible charge within 30 days of the change.

i. Rescinded IAB 10/8/08, effective 11/12/08.

j. The board shall not routinely issue more than one establishment license for a single location, but the board may do so if the multiple applicants provide proof, satisfactory to the board, that the establishments are wholly separate except for the sharing of facilities. If the board issues more than one establishment license for a single location, the licensees shall ensure that the public will not be confused or deceived as to the establishment with which the public is interacting. A facility may have a funeral establishment license and a separate cremation establishment license at a single location.

k. The establishment license shall be displayed in a conspicuous place at the location of the establishment.

l. Failure to comply with any of these rules shall constitute grounds for discipline pursuant to 645—Chapter 103 or civil penalties for unlicensed practice pursuant to 645—Chapter 104.

101.7(2) A funeral establishment, cremation establishment, or both establishments shall be subject to applicable local, state and federal health and environmental requirements and shall obtain all necessary licenses and permits from the agencies with jurisdiction.

101.7(3) License application. An application for a funeral establishment license, cremation establishment license, or both establishment licenses shall be in writing on forms furnished by the board and shall be accompanied by the funeral or cremation establishment fee. The application shall contain all of the following:

a. The name, mailing address and telephone number of the applicant.

b. The physical location of the establishment.

c. The mailing address, telephone number, fax and E-mail address of the establishment.

d. The name, home address and telephone number of the individual in charge who has the authority and responsibility for the establishment's compliance with laws and rules pertaining to the operation of the establishment.

e. The name and address of all owners and managers of the establishment (e.g., sole proprietor, partner, director, officer, managing partner, member, or shareholder with 10 percent or more of the stock).

f. The legal name of the establishment and all trade names, assumed names, or other names used by the establishment.

g. The signature of the responsible authority at the site of the establishment and an acknowledgment of the funeral director in responsible charge of mortuary science services at the funeral establishment that the funeral director is aware of and consents to the designation.

h. The names and license numbers of all funeral directors employed by or associated with the establishment through contract or otherwise who provide mortuary science services at or for the establishment. When a funeral establishment has an employment or other relationship with multiple funeral directors, the funeral establishment shall designate the funeral director who shall be in responsible charge of all mortuary science services performed at the funeral establishment. No funeral establishment shall be issued a license if it fails to designate the funeral director in responsible charge of the mortuary science services to be performed at the establishment.

i. All felony or misdemeanor convictions of the applicant and all owners and managing officers of the applicant (except minor traffic offenses with fines of less than \$500).

j. All disciplinary actions against any professional or occupational license of the applicant by any jurisdiction including, but not limited to, disciplinary action by the Iowa insurance division under Iowa Code chapter 523A or 523I, or action by the Federal Trade Commission.

k. Further information that the board may reasonably require, such as whether the establishment includes a preparation room.

645—101.8(156) Licensure by endorsement. An applicant who has been a licensed funeral director under the laws of another jurisdiction shall file an application for licensure by endorsement with the board office. Applicants licensed before 1980 are exempt from showing a passing grade on the national board examination. The board may receive by endorsement any applicant from the District of Columbia or another state, territory, province or foreign country who:

101.8(1) Submits to the board a completed application;

101.8(2) Pays the licensure fee;

101.8(3) Shows evidence of licensure requirements that are similar to those required in Iowa;

101.8(4) Provides official copies of the academic transcripts showing the completion of a mortuary science program accredited by the American Board of Funeral Service Education;

101.8(5) Provides official transcript of grades showing 60 semester hours from a regionally accredited college or university with a minimum of a 2.0 or "C" grade point average;

101.8(6) Prior to July 1, 2007, successfully passes an examination covering the Iowa law and rules for mortuary science with a score of at least 75 percent or a college course of at least one semester hour or equivalent in current Iowa law and rules covering mortuary science content areas including but not limited to Iowa law and rules governing the practice of mortuary science, cremation, vital statistics, cemeteries and preneed. Beginning July 1, 2007, an applicant must complete a college course of at least one semester hour or equivalent in current Iowa law and rules covering mortuary science content areas including but not limited to Iowa law and rules governing the practice of mortuary science, cremation, vital statistics, cemeteries and preneed;

101.8(7) Furnishes certified evidence of two or more years of actual practice as a licensed funeral director in the state from which the applicant desires to endorse;

101.8(8) Was issued the initial license by endorsement within six months of the birth month and will not be required to renew the license until the fifteenth day of the birth month two years later. The new licensee is exempt from meeting the continuing education requirement for the continuing education biennium in which the license was originally issued;

101.8(9) Provides verification of license(s) from every jurisdiction in which the applicant has been licensed, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

- a. Licensee's name;
- b. Date of initial licensure;
- c. Current licensure status; and
- d. Any disciplinary action taken against the license.

645—101.9(156) Licensure by reciprocal agreement. Rescinded IAB 10/8/08, effective 11/12/08.

645—101.10(156) License renewal.

101.10(1) The biennial license renewal period for a license to practice as a funeral director shall begin on the sixteenth day of the licensee's birth month and end on the fifteenth day of the licensee's birth month two years later. The board shall send a renewal notice by regular mail to each licensee at the address on record at least 60 days prior to expiration of the license. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive the notice does not relieve the licensee of the responsibility for renewing the license. All licensees shall renew on a biennial basis.

101.10(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal date two years later. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used. The licensee will be required to complete a minimum of 24 hours of continuing education per biennium for each subsequent license renewal. Effective July 1, 2007, 2 of the 24 hours of continuing education shall be in current Iowa law and rules.

101.10(3) A licensee seeking renewal shall:

- a. Meet the continuing education requirements of rule 645—102.2(272C). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and
- b. Submit the completed renewal application and renewal fee before the license expiration date.
- c. Persons licensed to practice funeral directing shall keep their renewal licenses displayed in a conspicuous public place at the primary site of practice.

101.10(4) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license and shall send the licensee a wallet card by regular mail. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

101.10(5) A person licensed to practice as a funeral director shall keep the license certificate displayed in a conspicuous public place at the primary site of practice.

101.10(6) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the wallet card. The licensee shall be assessed a late fee as specified in 645—subrule 105.1(3). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

101.10(7) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a funeral director in Iowa until the license is reactivated. A licensee who practices as a funeral director in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

645—101.11(147) Duplicate certificate or wallet card. Rescinded IAB 10/8/08, effective 11/12/08.

645—101.12(147) Reissued certificate or wallet card. Rescinded IAB 10/8/08, effective 11/12/08.

645—101.13(272C) Renewal of a funeral establishment license or cremation establishment license or both establishment licenses.

101.13(1) The renewal cycle shall be triennial beginning July 1 and ending on June 30 of the third year. The renewal shall be:

- a. Submitted on a form provided by the board; and
- b. Accompanied by the renewal fee.

101.13(2) A renewal of license application shall be mailed at least 60 days prior to the expiration of the license. Failure to receive the notice shall not relieve the license holder of the obligation to pay triennial renewal fees on or before the renewal date.

101.13(3) Funeral and cremation establishments shall keep their renewal licenses displayed in a conspicuous public place at the primary site of practice.

101.13(4) Late renewal. If the renewal fee and renewal application are received within 30 days after the license renewal expiration date, the late fee for failure to renew before expiration shall be charged.

101.13(5) When all requirements for license renewal are met, the licensee shall be sent a license renewal card by regular mail.

645—101.14(272C) Inactive funeral establishment license or cremation establishment license or both establishment licenses.

101.14(1) If the renewal application and fee are not postmarked within 30 days after the license expiration date, the funeral establishment license or cremation establishment license is inactive. To reactivate a funeral establishment license or a cremation establishment license, the reactivation application and fee shall be submitted to the board office.

101.14(2) A funeral establishment or a cremation establishment that has not renewed the funeral establishment license or cremation establishment license within the required time frame will have an inactive license and shall not provide mortuary science services until the license is reactivated.

645—101.15(17A,147,272C) License reinstatement. For a funeral or cremation establishment license that has been revoked, suspended, or voluntarily surrendered, the owner must apply for and receive reinstatement of the license in accordance with 645—11.31(272C) and must apply for and be granted reactivation of the license in accordance with 101.14(272C) prior to offering mortuary science services from that establishment in this state.

645—101.16(272C) Reinstatement of a funeral establishment license or a cremation establishment license or both establishment licenses. Rescinded IAB 1/4/06, effective 2/8/06.

645—101.17(17A,147,272C) License denial. Rescinded IAB 1/4/06, effective 2/8/06.

645—101.18(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

101.18(1) Submit a reactivation application on a form provided by the board.

101.18(2) Pay the reactivation fee that is due as specified in 645—Chapter 105.

101.18(3) Provide verification of current competence to practice as a funeral director by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 24 hours of continuing education that meet continuing education standards defined in 645—102.3(156,272C) within two years prior to filing the application for reactivation; and

(3) Verification of completion of 2 hours of continuing education in current Iowa law and rules covering mortuary science content areas including but not limited to Iowa law and rules governing the practice of mortuary science, cremation, vital statistics, cemeteries and preneed. These 2 hours shall be included as a part of the 24 hours required in 101.18(3) “a”(2).

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification from a jurisdiction’s board office if the verification includes:

1. Licensee’s name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 48 hours of continuing education that meet continuing education standards defined in 645—subrule 102.3(1) and 645—paragraphs 102.3(2) “a,” “b,” “c,” and “e,” within two years prior to filing the application for reactivation. Independent study identified in 645—paragraph 102.3(2) “f” shall not exceed 24 hours of the 48 hours; and

(3) Prior to July 1, 2007, verification of successful passage of an examination covering the Iowa law and rules for mortuary science with a score of at least 75 percent or a college course of at least one semester hour or equivalent in current Iowa law and rules covering mortuary science content areas including but not limited to Iowa law and rules governing the practice of mortuary science, cremation, vital statistics, cemeteries and preneed. Beginning July 1, 2007, verification of completion of a college course of at least one semester hour or equivalent in current Iowa law and rules covering mortuary science content areas including but not limited to Iowa law and rules governing the practice of mortuary science, cremation, vital statistics, cemeteries and preneed.

645—101.19(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with 645—11.31(272C) and must apply for and be granted reactivation of the license in accordance with 101.18(17A,147,272C) prior to practicing as a funeral director in this state. The owner of a funeral home establishment whose establishment license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the establishment license and must apply for and be granted reactivation of the establishment license prior to reopening the funeral home establishment.

These rules are intended to implement Iowa Code chapters 17A, 147, 156 and 272C.

“*License*” means license to practice.

“*Licensee*” means any person licensed to practice as a funeral director in the state of Iowa.

645—102.2(272C) Continuing education requirements.

102.2(1) The biennial continuing education compliance period shall extend for a two-year period beginning on the fifteenth day of the licensee’s birth month and ending on the fifteenth day of the licensee’s birth month. Each biennium, each person who is licensed to practice as a licensee in this state shall be required to complete a minimum of 24 hours of continuing education approved by the board. Two of the 24 hours of continuing education shall be in current Iowa law and rules covering mortuary science content areas including but not limited to Iowa law and rules governing the practice of mortuary science, cremation, vital statistics, cemeteries and preneed. Beginning January 1, 2009, 12 hours of the 24 hours of continuing education required for renewal shall be earned by completing a program in which an instructor conducts the class employing either in-person or live, real-time interactive media.

102.2(2) Requirements of new licensees. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used. The new licensee will be required to complete a minimum of 24 hours of continuing education per biennium for each subsequent license renewal.

102.2(3) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity. These hours must be in accordance with these rules.

102.2(4) No hours of continuing education shall be carried over into the next biennium except as stated for the second renewal. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

102.2(5) It is the responsibility of each licensee to finance the cost of continuing education.

645—102.3(156,272C) Standards.

102.3(1) General criteria. A continuing education activity which meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

a. Constitutes an organized program of learning which contributes directly to the professional competency of the licensee;

b. Pertains to subject matters which integrally relate to the practice of the profession;

c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters.

d. Fulfills stated program goals, objectives, or both; and

e. Provides proof of attendance to licensees in attendance including:

(1) Date(s), location, course title, presenter(s);

(2) Number of program contact hours; and

(3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

102.3(2) Specific criteria.

CHAPTER 103
DISCIPLINARY PROCEEDINGS
[Prior to 7/10/02, see 645—101.7(272C) to 645—101.10(272C)]

645—103.1(156) Definitions.

“*Board*” means the board of mortuary science.

“*Discipline*” means any sanction the board may impose upon licensees.

“*Licensee*” means an individual licensed pursuant to Iowa Code section 156.4 to practice as a funeral director in Iowa and a person issued an establishment license pursuant to Iowa Code section 156.14 to establish, conduct, or maintain a funeral establishment or cremation establishment in Iowa.

645—103.2(17A,147,156,272C) Disciplinary authority. The board is empowered to administer Iowa Code chapters 17A, 147, 156, and 272C and related administrative rules for the protection and well-being of those persons who may rely upon licensed individuals and establishments for the performance of mortuary science services within this state or for clients in this state. To perform these functions, the board is broadly vested with authority to review and investigate alleged acts or omissions of licensees, to determine whether disciplinary proceedings are warranted, to initiate and prosecute disciplinary proceedings, to establish standards of professional conduct, and to impose discipline pursuant to Iowa Code sections 17A.13, 147.55, 272C.3 to 272C.6 and 272C.10 and Iowa Code chapter 156.

645—103.3(17A,147,156,272C) Grounds for discipline against funeral directors. The board may initiate disciplinary action against a licensed funeral director based on any of the following grounds:

103.3(1) Fraud in procuring a license. Fraud in procuring a license includes, but is not limited to, an intentional perversion of the truth in making application for a license to practice in this state, which includes the following:

a. False representation of a material fact, whether by word or by conduct, by false or misleading allegation, or by concealment of that which should have been disclosed when making application for a license in this state, or

b. Attempting to file or filing with the board or the department of public health any false or forged diploma or certificate or affidavit or identification or qualification in making an application for a license in this state.

103.3(2) Professional incompetency. Professional incompetency includes, but is not limited to:

a. A substantial lack of knowledge or ability to discharge professional obligations within the scope of practice.

b. A substantial deviation from the standards of learning or skill ordinarily possessed and applied by other practitioners in the state of Iowa acting in the same or similar circumstances.

c. A failure to exercise the degree of care which is ordinarily exercised by the average practitioner acting in the same or similar circumstances.

d. Failure to conform to the minimal standards of acceptable and prevailing practice of a funeral director in this state.

103.3(3) Deceptive practices. Deceptive practices are grounds for discipline, whether or not actual injury is established, and include:

a. Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of mortuary science.

b. Use of untruthful or improbable statements in advertisements. Use of untruthful or improbable statements in advertisements includes, but is not limited to, an action by a licensee in making information or intention known to the public which is false, deceptive, misleading or promoted through fraud or misrepresentation.

c. Acceptance of any fee by fraud or misrepresentation.

d. Falsification of business records through false or deceptive representations or omissions.

e. Submission of false or misleading reports or information to the board including information supplied in an audit of continuing education, reports submitted as a condition of probation, or any reports identified in this rule.

f. Knowingly misrepresenting any material matter to a prospective purchaser of funeral merchandise, furnishings, or services.

g. Representing oneself as a funeral director when one's license has been suspended, revoked, or surrendered, or when one's license is on inactive status.

h. Permitting another person to use the licensee's license for any purposes.

i. Misrepresenting the legal need or other requirement for embalming.

j. Fraud in representations as to skill or ability.

103.3(4) Unethical, harmful or detrimental conduct. Licensees engaging in unethical conduct or practices harmful or detrimental to the public may be disciplined whether or not injury is established. Behaviors and conduct which are unethical, harmful or detrimental to the public may include, but are not limited to, the following actions:

a. Practice outside the scope of the profession which requires licensure by a different professional licensing board.

b. Any violation of Iowa Code chapter 144.

c. Verbal or physical abuse, improper sexual contact, or making suggestive, lewd, lascivious, offensive or improper remarks or advances, if such behavior occurs within the practice of mortuary science or such behavior otherwise provides a reasonable basis for the board to conclude that such behavior would place the public at risk within the practice of mortuary science.

d. Betrayal of a professional confidence.

e. Engaging in a professional conflict of interest.

f. Failure to comply with universal precautions for preventing transmission of infectious diseases as issued by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services.

g. Embalming or attempting to embalm a deceased human body without first having obtained authorization from a family member or representative of the deceased, except where embalming is done to meet the requirements of applicable state or local law. However, a funeral director may embalm without authority when, after due diligence, no authorized person can be contacted and embalming is in accordance with legal or accepted standards in the community, or the licensee has good reason to believe that the family wishes embalming. The order of priority for those persons authorized to permit embalming is found in Iowa Code section 142A.2(2). If embalming is performed under these circumstances, the licensee shall not be deemed to be in violation of the prohibition in this paragraph.

h. Failure to keep and maintain records as required by Iowa Code chapter 156 and associated rules.

103.3(5) Unlicensed practice.

a. Practicing mortuary science when one's license has been suspended, revoked, or surrendered, or when one's license is on inactive status.

b. Practicing mortuary science within an unlicensed funeral or cremation establishment.

c. Permitting an unlicensed employee or other person under the licensee's control or supervision to perform activities requiring a license.

d. Knowingly aiding, assisting, procuring, advising, or allowing a person to unlawfully practice mortuary science, or aiding or abetting a licensee, license applicant or unlicensed person in committing any act or omission which is grounds for discipline under this rule or is an unlawful act by a nonlicensee under Iowa Code section 156.16.

103.3(6) Lack of proper qualifications.

a. Continuing to practice as a funeral director without satisfying the continuing education mandated by 645—Chapter 102.

b. Acting as a preceptor or continuing education provider without proper board approval or qualification.

c. Habitual intoxication or addiction to the use of drugs, or impairment which adversely affects the licensee's ability to practice in a safe and competent manner.

d. Any act, conduct, or condition, including lack of education or experience and careless or intentional acts or omissions, that demonstrates a lack of qualifications which are necessary to ensure a high standard of professional care as provided in Iowa Code section 272C.3(2) “*b.*”

103.3(7) Negligence by the licensee in the practice of the profession. Negligence by the licensee in the practice of the profession includes:

a. A failure to exercise due care including negligent delegation of duties or supervision of employees or other individuals, whether or not injury results.

b. Any conduct, practice or condition which impairs a licensee’s ability to safely and skillfully practice the profession.

103.3(8) Professional misconduct.

a. Obtaining, possessing, attempting to obtain or possess, or administering controlled substances without lawful authority.

b. Violation of a regulation or law of this state, another state, or the United States, which relates to the practice of mortuary science, including, but not limited to, Iowa Code chapters 272C, 144, 147, 156, 523A, 523I, 566, and 566A; board rules, including rules of professional conduct set forth in 645—Chapter 100; and regulations promulgated by the Federal Trade Commission relating to funeral services or merchandise, or funeral or cremation establishments, as applicable to the profession. Any violation involving deception, dishonesty or moral turpitude shall be deemed related to the practice of mortuary science.

c. Engaging in any conduct that subverts or attempts to subvert a board investigation, or failure to fully cooperate with a licensee disciplinary investigation or investigation against a nonlicensee, including failure to comply with a subpoena issued by the board or to respond to a board inquiry within 30 calendar days of the date of mailing by certified mail of a written communication directed to the licensee’s last address on file at the board office.

d. Revocation, suspension, or other disciplinary action taken by a licensing authority of this state, another state, territory, or country. A stay by an appellate court shall not negate this requirement; however, if such disciplinary action is overturned or reversed by a court of last resort, discipline by the board based solely on such action shall be vacated.

103.3(9) Willful or repeated violations. The willful or repeated violation of any provision of Iowa Code chapter 147, 156, or 272C.

103.3(10) Failure to report.

a. Failure by a licensee or an applicant for licensure to report in writing to the board any revocation, suspension, or other disciplinary action taken by a licensing authority within 30 days of the final action.

b. Failure of a licensee or an applicant for licensure to report, within 30 days of the action, any voluntary surrender of a professional license to resolve a pending disciplinary investigation or action.

c. Failure to notify the board of a criminal conviction within 30 days of the action, regardless of the jurisdiction where it occurred.

d. Failure to notify the board within 30 days after occurrence of any judgment or settlement of malpractice claim or action.

e. Failure to report another licensee to the board for any violations listed in these rules, pursuant to Iowa Code section 272C.9.

f. Failure to report a change of name or address within 30 days after it occurs.

103.3(11) Failure to comply with board order.

a. Failure to comply with the terms of a board order or the terms of a settlement agreement or consent order, or other decision of the board imposing discipline.

b. Failure to pay costs assessed in any disciplinary action.

103.3(12) Conviction of any crime related to the practice of mortuary science or implicating the licensee’s competence to safely perform mortuary science services, including but not limited to a crime involving moral character, dishonesty, fraud, theft, embezzlement, extortion, or controlled substances, in a court of competent jurisdiction in this state, or in another state, territory, or district of the United States, or in a foreign jurisdiction. For purposes of this subrule, “conviction” includes a guilty plea,

deferred judgment, or other finding of guilt. A certified copy of the judgment is prima facie evidence of the conviction.

103.3(13) Violation of the terms of an initial agreement with the impaired practitioner review committee or violation of the terms of an impaired practitioner recovery contract with the impaired practitioner review committee.

103.3(14) Failure to comply with conditions of Iowa Code section 142C.10.

645—103.4(17A,147,156,272C) Grounds for discipline against funeral establishments and cremation establishments. The board may initiate disciplinary action against a funeral establishment or cremation establishment, at time of license application or thereafter, based on all grounds set forth in Iowa Code section 156.15, summarized as follows:

103.4(1) The licensee or applicant has been convicted of a felony or any crime related to the practice of mortuary science or implicating the establishment's ability to safely perform mortuary science services, or if the applicant is an association, joint stock company, partnership, or corporation, the managing officer or owner has been convicted of such a crime under the laws of this state, another state, or the United States.

103.4(2) The licensee or applicant, or any owner or employee of the establishment has violated Iowa Code chapter 156, rule 645—103.3(17A,147,156,272C), or any other rule promulgated by the board.

103.4(3) The licensee or applicant knowingly aided, assisted, procured, or allowed a person to unlawfully practice mortuary science.

103.4(4) The licensee or applicant failed to engage in or ceased to engage in the business described in the application for licensure.

103.4(5) The licensee or applicant failed to keep and maintain records as required by Iowa Code chapter 156 or rules promulgated by the board.

103.4(6) The licensee or owner of the establishment has violated the smokefree air Act, 2008 Iowa Acts, House File 2212.

645—103.5(17A,147,156,272C) Method of discipline. The board has the authority to impose the following disciplinary sanctions:

1. Revoke a license.
2. Suspend a license until further order of the board or for a specific period.
3. Prohibit permanently, until further order of the board, or for a specific period, the licensee's engaging in specified procedures, methods, or acts.
4. Place a licensee on probation and impose such conditions as the board may reasonably impose including, but not limited to, requiring periodic reporting to the board designated features of the licensee's practice of mortuary science.
5. Require additional education or training. The board may specify that a designated amount of continuing education be taken in specific subjects and may specify the time period for completing these courses. The board may also specify whether that continuing education be in addition to the continuing education routinely required for license renewal. The board may also specify that additional continuing education be a condition for the termination of any suspension or reinstatement of a license.
6. Require a reexamination.
7. Order a physical or mental evaluation, or order alcohol and drug screening within a time specified by the board.
8. Impose civil penalties not to exceed \$1,000 against an individual licensed as a funeral director, or not to exceed \$10,000 against a licensed funeral establishment or cremation establishment. Civil penalties may be imposed for any of the disciplinary violations specified in 645—103.3(17A,147,156,272C) and 103.4(17A,147,156,272C), as applicable.
9. Issue a citation and warning, or reprimand.
10. Refuse to issue or renew a license.
11. Such other sanctions allowed by law as may be appropriate.

645—103.6(17A,147,156,272C) Board discretion in imposing disciplinary sanctions. Factors the board will consider when determining the nature and severity of the disciplinary sanction to be imposed, including whether to assess and the amount of civil penalties, include:

1. The relative serious nature of the violation as it relates to ensuring a high standard of professional care to the citizens of this state.
2. Whether the amount of a civil penalty will be a substantial deterrent to the violation.
3. The circumstances leading to the violation.
4. The risk of harm to the public.
5. The economic benefits gained by the licensee as a result of the violation.
6. The interest of the public.
7. Evidence of reform or remedial action.
8. Time lapsed since the violation occurred.
9. Whether the violation is a repeat offense following a prior cautionary letter, disciplinary order, or other notice of the nature of the infraction.
10. The clarity of the issues involved.
11. Whether the violation was willful and intentional.
12. Whether the nonlicensee acted in bad faith.
13. The extent to which the licensee cooperated with the board.
14. Whether a licensee holding an inactive, suspended, restricted or revoked license engaged in practices which require licensure.
15. Any extenuating factors or other countervailing considerations.
16. Number and seriousness of prior violations or complaints.
17. Such other factors as may reflect upon the competency, ethical standards, and professional conduct of the licensee.

645—103.7(156) Order for mental, physical, or clinical competency examination or alcohol or drug screening. A licensee who is licensed by the board is, as a condition of licensure, under a duty to submit to a mental, physical, or clinical competency examination, including alcohol or drug screening, within a time specified by order of the board. Such examination may be ordered upon a showing of probable cause and shall be at the licensee's expense.

103.7(1) Content of order. A board order for a mental, physical, or clinical competency examination shall include the following items:

- a. A description of the type of examination to which the licensee must submit.
- b. The name and address of the examiner or of the evaluation or treatment facility that the board has identified to perform the examination on the licensee.
- c. The time period in which the licensee must schedule the required examination.
- d. The amount of time which the licensee has to complete the examination.
- e. A requirement that the licensee sign necessary releases for the board to communicate with the examiner or the evaluation or treatment facility.
- f. A requirement that the licensee cause a report of the examination results to be provided to the board within a specified period of time.
- g. A requirement that the licensee communicate with the board regarding the status of the examination.
- h. A concise statement of the facts relied on by the board to order the evaluation.

103.7(2) Alternatives. Following issuance of the examination order, the licensee may request additional time to schedule or complete the examination or may request the board to approve an alternative examiner or treatment facility. The board in its sole discretion shall determine whether to grant such a request.

103.7(3) Objection to order. A licensee who is the subject of a board order and who objects to the order may file a request for hearing. The request for hearing must be filed within 30 days of the date of the examination order, and the request for hearing shall specifically identify the factual and legal issues upon which the licensee bases the objection. The hearing shall be considered a contested case proceeding

and shall be governed by the provisions of 645—Chapter 11. On judicial review of a board decision in a contested case involving an objection to an examination order, the case will be captioned in the name of Jane Doe or John Doe to maintain the licensee’s confidentiality.

103.7(4) *Closed hearing.* Any hearing on an objection to the board order shall be closed pursuant to Iowa Code section 272C.6(1).

103.7(5) *Order and reports confidential.* An examination order, and any subsequent examination reports issued in the course of a board investigation, are confidential investigative information pursuant to Iowa Code section 272C.6(4).

103.7(6) *Admissibility.* In the event the licensee submits to evaluation and subsequent proceedings are held before the board, all objections shall be waived as to the admissibility of the examining physicians’ or health care providers’ testimony or examination reports on the grounds that they constitute privileged communication. The medical testimony or examination reports shall not be used against the licensee in any proceeding other than one relating to licensee discipline by the board.

103.7(7) *Failure to submit.* Failure of a licensee to submit to a board-ordered mental, physical, or clinical competency examination or to submit to alcohol or drug screening constitutes a violation of the rules of the board and is grounds for disciplinary action.

645—103.8(17A,147,156,272C) Informal discussion. If the board considers it advisable, or if requested by the affected licensee, the board may grant the licensee an opportunity to appear before the board or a committee of the board for a voluntary informal discussion of the facts and circumstances of an alleged violation. The licensee may be represented by legal counsel at the informal discussion. The licensee is not required to attend the informal discussion. By electing to attend, the licensee waives the right to seek disqualification, based upon personal investigation of a board or staff member, from participating in making a contested case decision or acting as a presiding officer in a later contested case proceeding. Because an informal discussion constitutes a part of the board’s investigation of a pending disciplinary case, the facts discussed at the informal discussion may be considered by the board in the event the matter proceeds to a contested case hearing and those facts are independently introduced into evidence. The board may seek a consent order at the time of the informal discussion. If the parties agree to a consent order, a statement of charges shall be filed simultaneously with the consent order.

These rules are intended to implement Iowa Code chapters 17A, 147, 156, and 272C.

CHAPTER 104
ENFORCEMENT PROCEEDINGS AGAINST NONLICENSEES

645—104.1(156) Civil penalties against nonlicensees. The board may impose civil penalties by order against a person who is not licensed by the board based on the unlawful practices specified in Iowa Code section 156.16. In addition to the procedures set forth in Iowa Code section 156.16, this chapter shall apply.

645—104.2(156) Unlawful practices. Practices by unlicensed persons or establishments which are subject to civil penalties include, but are not limited to:

1. Acts or practices by unlicensed persons which require licensure as a funeral director under Iowa Code chapter 156.
2. Acts or practices by unlicensed establishments which require licensure as a funeral establishment or cremation establishment under Iowa Code chapter 156.
3. Use of the words “funeral director,” “mortician,” or other title in a manner which states or implies that the person is engaged in the practice of mortuary science as defined in Iowa Code chapter 156.
4. Use or attempted use of a licensee’s certificate or an expired, suspended, revoked, or nonexistent certificate.
5. Falsely impersonating a licensed funeral director.
6. Providing false or forged evidence of any kind to the board in obtaining or attempting to obtain a license.
7. Other violations of Iowa Code chapter 156.
8. Knowingly aiding or abetting an unlicensed person or establishment in any activity identified in this rule.

645—104.3(156) Investigations. The board is authorized by Iowa Code sections 17A.13(1) and 156.16 to conduct such investigations as are needed to determine whether grounds exist to impose civil penalties against a nonlicensee. Such investigations shall conform to the procedures outlined in this chapter. Complaint and investigatory files concerning nonlicensees are not confidential except as may be provided in Iowa Code chapter 22.

645—104.4(156) Subpoenas. Pursuant to Iowa Code sections 17A.13(1) and 156.16, the board is authorized in connection with an investigation of an unlicensed person or establishment to issue subpoenas to compel persons to testify and to compel persons to produce books, papers, records and any other real evidence, whether or not privileged or confidential under law, which the board deems necessary as evidence in connection with the civil penalty proceeding or relevant to the decision of whether to initiate a civil penalty proceeding. Board procedures concerning investigative subpoenas are set forth in 645 IAC 9.5(17A,272C).

645—104.5(156) Notice of intent to impose civil penalties. The notice of the board’s intent to issue an order to require compliance with Iowa Code chapter 156 and to impose a civil penalty shall be served upon the nonlicensee by restricted certified mail, return receipt requested, or personal service in accordance with Iowa R. Civ. P. 1.305. Alternatively, the nonlicensee may accept service personally or through authorized counsel. The notice shall include the following:

1. A statement of the legal authority and jurisdiction under which the proposed civil penalty would be imposed.
2. Reference to the particular sections of the statutes and rules involved.
3. A short, plain statement of the alleged unlawful practices.
4. The dollar amount of the proposed civil penalty and the nature of the intended order to require compliance with Iowa Code chapter 156.
5. Notice of the nonlicensee’s right to a hearing and the time frame in which hearing must be requested.

6. The address to which written request for hearing must be made.

645—104.6(156) Requests for hearings.

104.6(1) Nonlicensees must request a hearing within 30 days of the date the notice is received if served through restricted certified mail, or within 30 days of the date of service if service is accepted or made in accordance with Iowa R. Civ. P. 1.305. A request for hearing must be in writing and is deemed made on the date of the nonmetered United States Postal Service postmark or the date of personal service.

104.6(2) If a request for hearing is not timely made, the board chairperson or the chairperson's designee may issue an order imposing the civil penalty and requiring compliance with Iowa Code chapter 156, as described in the notice. The order may be mailed by regular first-class mail or served in the same manner as the notice of intent to impose civil penalty.

104.6(3) If a request for hearing is timely made, the board shall issue a notice of hearing and conduct a contested case hearing in the same manner as applicable to disciplinary cases against licensees.

104.6(4) A nonlicensed person who fails to timely request a contested case hearing shall have failed to exhaust "adequate administrative remedies" as that term is used in Iowa Code section 17A.19(1).

104.6(5) A nonlicensed person who is aggrieved or adversely affected by the board's final decision following a contested case hearing may seek judicial review as provided in Iowa Code section 17A.19.

104.6(6) A nonlicensee may waive the right to hearing and all attendant rights and enter into a consent order imposing a civil penalty and requiring compliance with Iowa Code chapter 156 at any stage of the proceeding upon mutual consent of the board.

104.6(7) The notice of intent to issue an order and the order are public records available for inspection and copying in accordance with Iowa Code chapter 22. Copies may be published as provided in rule 645—11.30(272C). Hearings shall be open to the public.

645—104.7(156) Factors to consider. The board may consider the following when determining the amount of civil penalty to impose, if any:

1. Whether the amount imposed will be a substantial economic deterrent to the violation.
2. The circumstances leading to the violation.
3. The severity of the violation and the risk of harm to the public.
4. The economic benefits gained by the violator as a result of noncompliance.
5. The interest of the public.
6. The time lapsed since the unlawful practice occurred.
7. Evidence of reform or remedial actions.
8. Whether the violation is a repeat offense following a prior warning letter or other notice of the nature of the infraction.
9. Whether the violation involved an element of deception.
10. Whether the unlawful practice violated a prior order of the board, court order, cease and desist agreement, consent order, or similar document.
11. The clarity of the issue involved.
12. Whether the violation was willful and intentional.
13. Whether the nonlicensee acted in bad faith.
14. Whether the nonlicensee cooperated with the board.

645—104.8(156) Enforcement options. In addition, or as an alternative, to the administrative process described in these rules, the board may seek an injunction in district court, refer the matter for criminal prosecution, or enter into a consent agreement as provided in Iowa Code section 156.16.

These rules are intended to implement Iowa Code chapters 17A, 147, and 156.

All licensees shall renew on a biennial basis. The board shall send a renewal notice by regular mail to each licensee at the address on record at least 60 days prior to the expiration of the license. Training may be completed through separate courses as identified in paragraphs "a" and "b" or in one combined two-hour course that includes curricula for identifying and reporting child abuse and dependent adult abuse. The course shall be a curriculum approved by the Iowa department of public health abuse education review panel.

d. The licensee shall maintain written documentation for five years after mandatory training as identified in paragraphs "a" to "c," including program date(s), content, duration, and proof of participation.

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 645—Chapter 122.

121.9(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license and shall send the licensee a wallet card by regular mail. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

121.9(6) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a hearing aid dispenser in Iowa until the license is reactivated. A licensee who practices as a hearing aid dispenser in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. “*Active license*” means a license that is current and has not expired.

“*Board*” means the Iowa board of massage therapy.

“*Grace period*” means the 30-day period following expiration of a license when the license is still considered to be active. In order to renew a license during the grace period, a licensee is required to pay a late fee.

“*Inactive license*” means a license that has expired because it was not renewed by the end of the grace period. The category of “inactive license” may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

“*Licensee*” means any person licensed to practice as a massage therapist in the state of Iowa.

“*License expiration date*” means the fifteenth day of the anniversary month every two years.

“*Licensure by endorsement*” means the issuance of an Iowa license to practice massage therapy to an applicant who is or has been licensed in another state.

“*Massage therapy*” means performance for compensation of massage, myotherapy, massotherapy, bodywork, bodywork therapy, or therapeutic massage including hydrotherapy, superficial hot and cold applications, vibration and topical applications, or other therapy which involves manipulation of the muscle and connective tissue of the body, excluding osseous tissue, to treat the muscle tonus system for the purpose of enhancing health, providing muscle relaxation, increasing range of motion, reducing stress, relieving pain, or improving circulation.

“*Reactivate*” or “*reactivation*” means the process as outlined in rule 131.14(17A,147,272C) by which an inactive license is restored to active status.

“*Reciprocal license*” means the issuance of an Iowa license to practice massage therapy to an applicant who is currently licensed in another state that has a mutual agreement with the Iowa board of massage therapy to license persons who have the same or similar qualifications to those required in Iowa.

“*Reinstatement*” means the process as outlined in 645—11.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license reinstated, with or without conditions. Once the license is reinstated, the licensee may apply for active status.

645—131.2(152C) Requirements for licensure. All persons acting or serving in the capacity of a massage therapist shall hold a massage therapist’s license issued by the board. The following criteria shall apply to licensure:

131.2(1) The applicant shall complete a board-approved application packet. Application forms may be obtained from the board’s Web site (<http://www.idph.state.ia.us/licensure>) or directly from the board office. All applications shall be sent to Board of Massage Therapy, Professional Licensure Division, Fifth Floor, Lucas State Office Building, Des Moines, Iowa 50319-0075.

131.2(2) The applicant shall complete the application form according to the instructions contained in the application. If the application is not completed according to the instructions, the application will not be reviewed by the board.

131.2(3) Each application shall be accompanied by the appropriate fees payable by check or money order to the Board of Massage Therapy. The fees are nonrefundable.

131.2(4) The applicant shall have official copies of academic transcripts sent directly from the board-approved school to the board of massage therapy. If a school has closed and is no longer operational, the board will accept an official transcript provided by the student.

131.2(5) The board may consider applications on a case-by-case basis which do not appear on their face to meet requirements if the requirements may be alternatively satisfied by demonstrated equivalency. The burden shall be on the applicant to document that the applicant's education and experience are substantially equivalent to the requirements which may be alternatively satisfied.

131.2(6) The applicant shall submit proof of completion of a cardiopulmonary resuscitation (CPR) course and a first-aid course that were certified by the American Red Cross, by the American Heart Association, or by the National Safety Council. One of the following shall be required:

b. Copy of the current certification card(s) or renewal card(s).

131.2(7) The applicant shall provide proof of passing any National Certification Board for Therapeutic Massage and Bodywork (NCBTMB) examination or the Massage and Bodywork Licensing Examination (MBLEx). Proof of passing shall be sent directly from the testing service to the board of massage therapy. The applicant may submit a copy of the official notification from the testing service of the applicant's passing a board-approved examination. The copy of the applicant's official notification may be used by the board as proof of passage of a board-approved examination until the official proof of passage is received directly from the testing service. Submission of the applicant's copy of the official notification from the testing service shall not be allowed in lieu of the applicant's arranging for and the board's receiving the official record of proof of passage sent directly from the testing service. The examination score must be received from the testing service within 60 days of issuance of the license. The passing score on the written examination shall be the passing point criterion established by the national testing authority at the time the test was administered.

131.2(8) Licensees who were issued their licenses within six months prior to the renewal shall not be required to renew their licenses until the renewal month two years later.

131.2(9) Incomplete applications that have been on file in the board office for more than two years shall be considered invalid and shall be destroyed.

131.2(10) The applicant shall provide verification of license(s) from every state in which the applicant has been licensed as a massage therapist, sent directly from the state(s) to the board office.

645—131.3(152C) Educational qualifications.

131.3(1) The applicant shall have graduated from a board-approved school that has a minimum of 500 hours of massage therapy education.

c. Receive a final determination from the board regarding the application for licensure.

645—131.4(152C) Examination requirements. The examination required by the board shall be the examination required pursuant to subrule 131.2(7).

131.4(1) The applicant shall apply to the National Certification Board for Therapeutic Massage and Bodywork.

131.4(2) Results of the examination are mailed directly from the examination service to the board of massage therapy after the applicant takes the examination.

645—131.5(152C) Temporary licensure of a licensee from another state.

131.5(1) A temporary license may be issued to an applicant who holds a current license from another state with lower licensure requirements than those in Iowa. The applicant shall:

Such plan shall include proof of enrollment in a school of massage therapy whose curriculum has been approved by the board, the date of enrollment, and the expected date of graduation.

131.5(2) A temporary license shall be valid for a period of up to one year and shall not be renewed.

131.5(3) The applicant shall be issued a permanent license upon receipt of a transcript of completion from a board-approved school sent directly from the school, and proof of passing any board-approved examination sent directly from the testing service to the board office.

131.5(4) There is no additional fee for converting a temporary license to a permanent license.

645—131.6(152C) Licensure by endorsement. An applicant who has been a licensed massage therapist under the laws of another jurisdiction shall file an application for licensure by endorsement with the board office. 6. Provides verification of license(s) from every jurisdiction in which the applicant has been licensed, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:
 - Licensee's name;
 - Date of initial licensure;
 - Current licensure status; and
 - Any disciplinary action taken against the license.

645—131.7(152C) Licensure by reciprocal agreement. Rescinded IAB 10/8/08, effective 11/12/08.

131.8(1) The biennial license renewal period for a license to practice massage therapy shall begin on the sixteenth day of the anniversary month and end on the fifteenth day of the anniversary month two years later. The board shall send a renewal notice by regular mail to each licensee at the address on record at least 60 days prior to the expiration of the license. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive the notice does not relieve the licensee of the responsibility for renewing the license.

131.8(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal date two years later. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses.

131.8(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 645—133.2(152C) and the mandatory reporting requirements of subrule 131.8(4). b. A licensee who, in the course of employment, examines, attends, counsels or treats adults in Iowa shall indicate on the renewal application completion of two hours of training in dependent adult abuse identification and reporting in the previous five years or condition(s) for waiver of this requirement as identified in paragraph "e."

c. A licensee who, in the scope of professional practice or in the course of employment, examines, attends, counsels or treats both adults and children in Iowa shall indicate on the renewal application completion of training in abuse identification and reporting for dependent adults and children in the previous five years or condition(s) for waiver of this requirement as identified in paragraph "e."

Training may be completed through separate courses as identified in paragraphs "a" and "b" or in one combined two-hour course that includes curricula for identifying and reporting child abuse and dependent adult abuse. The course shall be a curriculum approved by the Iowa department of public health abuse education review panel.

d. The licensee shall maintain written documentation for five years after mandatory training as identified in paragraphs "a" to "c," including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 645—Chapter 133.

f. The board may select licensees for audit of compliance with the requirements in paragraphs "a" to "e."

131.8(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license and shall send the licensee a wallet card by regular mail. In the

event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

131.8(6) A person licensed to practice as a massage therapist shall keep the license certificate displayed in a conspicuous public place at the primary site of practice.

131.8(7) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the wallet card. The licensee shall be assessed a late fee as specified in 645—subrule 5.8(4). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

131.8(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a massage therapist in Iowa until the license is reactivated. A licensee who practices as a massage therapist in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. d. Failure to conform to the minimal standard of acceptable and prevailing practice of a massage therapist in this state.

e. Inability to practice with reasonable skill and safety by reason of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or other type of material or as a result of a mental or physical condition.

f. Being adjudged mentally incompetent by a court of competent jurisdiction.

134.2(13) Revocation, suspension, or other disciplinary action taken by a licensing authority of this state, another state, territory, or country; or failure by the licensee to report in writing to the board revocation, suspension, or other disciplinary action taken by a licensing authority within 30 days of the final action. A stay by an appellate court shall not negate this requirement; however, if such disciplinary action is overturned or reversed by a court of last resort, the report shall be expunged from the records of the board.

134.2(14) Failure of a licensee or an applicant for licensure in this state to report any voluntary agreements restricting the practice of the profession in another state, district, territory or country.

645—141.6(155) Provisional administrator. Under certain limited circumstances, and only upon the filing of an application requesting approval, a provisional administrator may be appointed to serve as the administrator of a nursing home. A provisional administrator is considered a temporary appointment, and the person appointed may serve as an administrator for a period of time not to exceed 12 months. The 12-month appointment runs from the date approved by the board, and the 12 months in service do not need to be consecutive. The person serving as a provisional administrator shall not be permitted to serve in that capacity for more than a total of 12 months in an entire career. It is the responsibility of an approved provisional administrator to maintain documentation of the actual dates the administrator serves in that capacity.

141.6(1) The limited circumstances under which the request for a provisional appointment shall be granted include the inability of the licensed administrator to perform the administrator's duties, the death of the licensed administrator or circumstances which prevent the immediate transfer of the licensed administrator's duties to another licensed administrator.

141.6(2) Applications for a provisional appointment shall be in writing on a form prescribed by the board. Applicants shall meet the following minimum qualifications:

- a. Be at least 18 years of age.
- b. Be employed on a full-time basis of no less than 32 hours per week to perform the duties of the nursing home administrator.

- f. Provide evidence that the time period of the provisional appointment complies with the requirements in 481—subrule 58.8(4). A written attestation of the facility owner or chief operating officer shall satisfy this requirement.

141.6(3) The board expressly reserves the right to withdraw approval of a provisional appointment. Withdrawal of approval shall be based on information or circumstances warranting such action. The provisional administrator shall be notified in writing by certified mail.

645—141.7(155) Licensure by endorsement. An applicant who has been a licensed nursing home administrator under the laws of another jurisdiction shall file an application for licensure by endorsement with the board office. The board may receive by endorsement any applicant from the District of Columbia or another state, territory, province or foreign country who:

1. Submits to the board a completed application;
2. Pays the licensure fee;
3. Provides evidence of a minimum of a bachelor's degree from a college or university accredited by the United States Department of Education. An official copy of the academic transcript denoting date of graduation and the degree conferred shall be sent directly from the school to the board office;
4. Provides evidence of an active license as a nursing home administrator for at least two years just prior to application, or meets the qualifications outlined in rule 141.4(155);
5. Provides verification of license(s) from every jurisdiction in which the applicant has been licensed, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:
 - Licensee's name;
 - Date of initial licensure;
 - Current licensure status; and
 - Any disciplinary action taken against the license; and

6. Provides one of the following:
- The official NAB examination score sent directly from NAB to the board or from the state in which the applicant was first licensed; or
 - Evidence of certification as a nursing home administrator (CNHA) in good standing with the American College of Health Care Administrators.

645—141.8(147,155) Licensure by reciprocal agreement. The board may enter into a reciprocal agreement with the District of Columbia or any state, territory, province or foreign country with equal or similar requirements for licensure of nursing home administrator applicants.
[ARC 7576B, IAB 2/11/09, effective 3/18/09]

645—141.9(147,155) License renewal.

141.9(1) The biennial license renewal period for a license to practice nursing home administration shall begin on January 1 of each even-numbered year and end on December 31 of the next odd-numbered year. All licensees shall renew on a biennial basis. The board shall send a renewal notice by regular mail to each licensee at the address on record at least 60 days prior to the expiration of the license. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive the notice does not relieve the licensee of the responsibility for renewing the license.

141.9(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal two years later.

141.9(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 645—143.2(272C) and the mandatory reporting requirements of subrule 141.9(8). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

141.9(4) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license and shall send the licensee a wallet card by regular mail. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

141.9(5) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the wallet card. The licensee shall be assessed a late fee as specified in 645—subrule 145.1(3). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

141.9(6) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a nursing home administrator in Iowa until the license is reactivated. A licensee who practices as a nursing home administrator in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

141.9(7) Persons licensed to practice as nursing home administrators shall keep their renewal licenses displayed in a conspicuous public place at the primary site of practice.

141.9(8) Mandatory reporter training requirements.

a. A licensee who, in the scope of professional practice or in the licensee's employment responsibilities, attends, counsels or treats children in Iowa shall indicate on the renewal application completion of two hours of training in child abuse identification and reporting in the previous five years or condition(s) for waiver of this requirement as identified in paragraph "e."

b. A licensee who, in the course of employment, examines, attends, counsels or treats adults in Iowa shall indicate on the renewal application completion of two hours of training in dependent adult abuse identification and reporting in the previous five years of condition(s) for waiver of this requirement as identified in paragraph "e."

c. A licensee who, in the scope of professional practice or in the course of employment, examines, attends, counsels or treats both adults and children in Iowa shall indicate on the renewal application completion of training in abuse identification and reporting for dependent adults and children in the previous five years or condition(s) for waiver of this requirement as identified in paragraph “*e.*”

Training may be completed through separate courses as identified in paragraphs “*a.*” and “*b.*” or in one combined two-hour course that includes curricula for identifying and reporting child abuse and dependent adult abuse. The course shall be a curriculum approved by the Iowa department of public health abuse education review panel.

d. The licensee shall maintain written documentation for five years after mandatory training as identified in paragraphs “*a.*” to “*c.*,” including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

- (1) Is engaged in active duty in the military service of this state or the United States.
- (2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 645—Chapter 143.

f. The board may select licensees for audit of compliance with the requirements in paragraphs “*a.*” to “*e.*”

The new licensee will be required to complete a minimum of 40 hours of continuing education per biennium for each subsequent license renewal.

143.2(3) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity. These hours must be in accordance with these rules.

143.2(4) No hours of continuing education shall be carried over into the next biennium except as stated for the second renewal. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

143.2(5) It is the responsibility of each licensee to finance the cost of continuing education.

645—143.3(155,272C) Standards.

143.3(1) General criteria. A continuing education activity which meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

- a. Constitutes an organized program of learning which contributes directly to the professional competency of the licensee;
- b. Pertains to subject matters which integrally relate to the practice of the profession;
- c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;
- d. Fulfills stated program goals, objectives, or both; and
- e. Provides proof of attendance to licensees in attendance including:
 - (1) Date(s), location, course title, presenter(s);
 - (2) Number of program contact hours; and
 - (3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

143.3(2) Specific criteria. Licensees may obtain continuing education hours of credit by:

a. Participating in the continuing education programs approved by the National Continuing Education Review Service (NCERS).

b. Academic coursework that meets the criteria set forth in these rules. Continuing education credit equivalents are as follows:

1 academic semester hour = 15 continuing education hours

1 academic quarter hour = 10 continuing education hours

c. Attendance at or participation in a program or course which meets the requirements in 143.3(1).

d. Making presentations; conducting research; producing publications; preparing new courses; participating in home study courses; attending electronically transmitted courses; and attending workshops, conferences, or symposiums.

e. Self-study coursework that meets the criteria set forth in these rules. Continuing education credit equivalent for self-study is as follows:

180 minutes of self-study work = 1 continuing education hour

The maximum number of hours for self-study, including television viewing, video or sound-recorded programs, correspondence work, or research, or by other similar means which is not directly sponsored by and supervised by an accredited postsecondary college or university or NCERS, is 8 hours.

645—143.4(155,272C) Audit of continuing education report. After each educational biennium, the board may audit licensees to review compliance with continuing education requirements.

143.4(1) The board may audit a percentage of its licensees and may, at its discretion, determine to audit a licensee. A licensee whose license renewal application is submitted during the grace period may be subject to a continuing education audit.

143.4(2) The licensee shall provide the following information to the board for auditing purposes:

a. Date and location of course, course title, course description, course outline, course schedule, names and qualifications of instructors/speakers and method of presentation; or a program brochure which includes all the information required in this paragraph;

b. Number of contact hours for program attended; and

c. Individual certificate of completion issued to the licensee or evidence of successful completion of the course from the course sponsor.

143.4(3) For auditing purposes, all licensees must retain the information identified in subrule 143.4(2) for two years after the biennium has ended.

143.4(4) Information identified in subrule 143.4(2) must be submitted within one month after the date of notification of the audit. Extension of time may be granted on an individual basis.

143.4(5) If the submitted materials are incomplete or unsatisfactory, the licensee may be given the opportunity to submit make-up credit to cover the deficit found through the audit if the board determines that the deficiency was the result of good-faith conduct on the part of the licensee. The deadline for receipt of the documentation for this make-up credit is 120 days from the date of mailing to the address of record at the board office.

143.4(6) Failure to notify the board of a current mailing address will not absolve the licensee from the audit requirement, and an audit must be completed before license renewal.

645—143.5(155,272C) Automatic exemption. A licensee shall be exempt from the continuing education requirement during the license biennium when that person:

1. Served honorably on active duty in the military service; or
2. Resided in another state or district having continuing education requirements for the profession and met all requirements of that state or district for practice therein; or
3. Was a government employee working in the licensee's specialty and assigned to duty outside the United States; or
4. Was absent from the state but engaged in active practice under circumstances which are approved by the board.

645—143.6(272C) Continuing education exemption for disability or illness. A licensee who has had a physical or mental disability or illness during the license period may apply for an exemption. An exemption provides for an extension of time or exemption from some or all of the continuing education requirements. An applicant shall submit a completed application form approved by the board for an exemption. The application form is available upon request from the board office. The application requires the signature of a licensed health care professional who can attest to the existence of a disability or illness during the license period. If the application is from a licensee who is the primary caregiver for a relative who is ill or disabled and needs care from that primary caregiver, the physician shall verify the licensee's status as the primary caregiver. A licensee who applies for an exemption shall be notified of the decision regarding the application. A licensee who obtains approval shall retain a copy of the exemption to be presented to the board upon request.

143.6(1) The board may grant an extension of time to fulfill the continuing education requirement.

143.6(2) The board may grant an exemption from the continuing education requirement for any period of time not to exceed two calendar years. If the physical or mental disability or illness for which an extension or exemption was granted continues beyond the period initially approved by the board, the licensee must reapply for a continuance of the extension or exemption.

143.6(3) The board may, as a condition of any extension or exemption granted, require the licensee to make up a portion of the continuing education requirement in the manner determined by the board.

645—143.7(155,272C) Grounds for disciplinary action. The board may take formal disciplinary action on the following grounds:

143.7(1) Failure to cooperate with a board audit.

143.7(2) Failure to meet the continuing education requirement for licensure.

143.7(3) Falsification of information on the license renewal form.

143.7(4) Falsification of continuing education information.

645—143.8(272C) Continuing education exemption for inactive practitioners. Rescinded IAB 8/17/05, effective 9/21/05.

645—143.9(272C) Continuing education waiver for disability or illness. Rescinded IAB 8/17/05, effective 9/21/05.

645—143.11(272C) Hearings. Rescinded IAB 8/17/05, effective 9/21/05.

These rules are intended to implement Iowa Code section 272C.2 and chapter 155.

645—144.2(155,272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in rule 645—144.3(155,272C) when the board determines that the licensee is guilty of any of the following acts or offenses:

144.2(1) Fraud in procuring a license. Fraud in procuring a license includes, but is not limited to, an intentional perversion of the truth in making application for a license to practice in this state which includes the following:

a. False representations of a material fact, whether by word or by conduct, by false or misleading allegations, or by concealment of that which should have been disclosed when making application for a license in this state, or

b. Attempting to file or filing with the board or the department of public health any false or forged diploma or certificate or affidavit or identification or qualification in making an application for a license in this state.

144.2(2) Any falsification or misrepresentation contained in any report or document attesting to the facts, conditions and activities of the internship or work experience and submitted by the applicant, administrator/preceptor or other participants may be grounds for denial of license or for suspension or revocation of the nursing home administrator license in addition to the imposition of fines and any other penalties provided by law.

144.2(3) Professional incompetence. Professional incompetence includes, but is not limited to:

a. A substantial lack of knowledge or ability to discharge professional obligations within the scope of practice.

b. A substantial deviation from the standards of learning or skill ordinarily possessed and applied by other nursing home administrators in the state of Iowa acting in the same or similar circumstances.

c. A failure to exercise the degree of care which is ordinarily exercised by a nursing home administrator acting in the same or similar circumstances.

d. Failure to conform to the minimal standard of acceptable and prevailing practice of a licensed nursing home administrator in this state.

144.2(5) Use of untruthful or improbable statements in advertisements. The use of untruthful or improbable statements in advertisements includes, but is not limited to, an action by a licensee in making information or intention known to the public which is false, deceptive, misleading or promoted through fraud or misrepresentation.

144.2(6) Practice outside the scope of the profession.

144.2(7) Habitual intoxication or addiction to the use of drugs.

144.2(8) Obtaining, possessing, attempting to obtain or possess, or administering controlled substances without lawful authority.

144.2(14) Violation of a regulation, rule or law of this state, another state, or the United States, which relates to the practice of nursing home administrators.

144.2(15) Revocation, suspension, or other disciplinary action taken by the professional licensing authority of this state, another state, territory, or country; or failure of the licensee to report such action within 30 days of the final action by the licensing authority. A stay by an appellate court shall not negate this requirement; however, if such disciplinary action is overturned or reversed by a court of last resort, such report shall be expunged from the records of the board.

144.2(16) Failure of a licensee or an applicant for licensure in this state to report any voluntary agreements restricting the individual's practice of nursing home administration in another state, district, territory or country.

144.2(28) Representing oneself as a licensed nursing home administrator when one's license has been suspended or revoked, or when one's license is on inactive status.

144.2(29) Permitting another person to use the licensee's license for any purpose.

[ARC 7576B, IAB 2/11/09, effective 3/18/09]

645—144.3(155,272C) Method of discipline. The board has the authority to impose the following disciplinary sanctions:

1. Revocation of license.
2. Suspension of license until further order of the board or for a specific period.

7. Order a physical or mental evaluation, or order alcohol and drug screening within a time specified by the board.
8. Impose civil penalties not to exceed \$1000.
9. Issue a citation and warning.
10. Such other sanctions allowed by law as may be appropriate.

645—144.4(272C) Discretion of board. The following factors may be considered by the board in determining the nature and severity of the disciplinary sanction to be imposed:

1. The relative serious nature of the violation as it relates to ensuring a high standard of professional care to the citizens of this state;
2. The facts of the particular violation;
3. Any extenuating facts or other countervailing considerations;
4. The number of prior violations or complaints;
5. The seriousness of prior violations or complaints;
6. Whether remedial action has been taken; and
7. Such other factors as may reflect upon the competency, ethical standards, and professional conduct of the licensee.

645—144.5(155) Order for mental, physical, or clinical competency examination or alcohol or drug screening. A licensee who is licensed by the board is, as a condition of licensure, under a duty to submit to a mental, physical, or clinical competency examination, including alcohol or drug screening, within a time specified by order of the board. Such examination may be ordered upon a showing of probable cause and shall be at the licensee's expense.

144.5(1) Content of order. A board order for a mental, physical, or clinical competency examination shall include the following items:

- a.* A description of the type of examination to which the licensee must submit.
- b.* The name and address of the examiner or of the evaluation or treatment facility that the board has identified to perform the examination on the licensee.
- c.* The time period in which the licensee must schedule the required examination.
- d.* The amount of time which the licensee has to complete the examination.

f. A requirement that the licensee cause a report of the examination results to be provided to the board within a specified period of time.

g. A requirement that the licensee communicate with the board regarding the status of the examination.

h. A concise statement of the facts relied on by the board to order the evaluation.

144.5(2) Alternatives. Following issuance of the examination order, the licensee may request additional time to schedule or complete the examination or may request the board to approve an alternative examiner or treatment facility. The board in its sole discretion shall determine whether to grant such a request.

144.5(3) Objection to order. A licensee who is the subject of a board order and who objects to the order may file a request for hearing. The request for hearing must be filed within 30 days of the date of the examination order, and the request for hearing shall specifically identify the factual and legal issues upon which the licensee bases the objection. The hearing shall be considered a contested case proceeding and shall be governed by the provisions of 645—Chapter 11. On judicial review of a board decision in a contested case involving an objection to an examination order, the case will be captioned in the name of Jane Doe or John Doe to maintain the licensee's confidentiality.

144.5(4) Closed hearing. Any hearing on an objection to the board order shall be closed pursuant to Iowa Code section 272C.6(1).

144.5(5) Order and reports confidential. An examination order, and any subsequent examination reports issued in the course of a board investigation, are confidential investigative information pursuant to Iowa Code section 272C.6(4).

144.5(6) Admissibility. In the event the licensee submits to evaluation and subsequent proceedings are held before the board, all objections shall be waived as to the admissibility of the examining physicians' or health care providers' testimony or examination reports on the grounds that they constitute privileged communication. The medical testimony or examination reports shall not be used against the licensee in any proceeding other than one relating to licensee discipline by the board.

144.5(7) Failure to submit. Failure of a licensee to submit to a board-ordered mental, physical, or clinical competency examination or to submit to alcohol or drug screening constitutes a violation of the rules of the board and is grounds for disciplinary action.

These rules are intended to implement Iowa Code chapters 147, 155 and 272C.

h. An applicant shall provide an official verification regarding the status of the applicant's license from the board of examiners in each state in which the applicant is currently or was formerly licensed.

180.2(2) An applicant for licensure to practice optometry in Iowa may only apply to become a therapeutically certified optometrist.

645—180.3(154) Licensure by endorsement. An applicant who has been a licensed optometrist under laws of another jurisdiction for three years or more shall file an application for licensure by endorsement with the board office. An applicant for licensure to practice optometry in Iowa may only apply to be a therapeutically certified optometrist. The board may receive by endorsement any applicant from the District of Columbia or another state, territory, province or foreign country who:

180.3(1) Submits to the board a completed application;

180.3(2) Pays the licensure fee;

180.3(3) Provides an official copy of the transcript sent directly from the school to the board office. The transcript shall show a doctor of optometry degree from an accredited school. In the case of foreign graduates, applicants shall provide evidence of adherence to the current requirements of the NBEO to sit for the examination;

180.3(5) Provides verification of license(s) from every jurisdiction in which the applicant has been licensed, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

a. Licensee's name;

b. Date of initial licensure;

c. Current licensure status; and

d. Any disciplinary action taken against the license;

180.3(6) Provides a statement disclosing and explaining the applicant's involvement in civil litigation related to the practice of optometry in any jurisdiction of the United States, other nations or territories; and

180.3(7) Provides proof of current CELMO certification. Applicants who provide proof of current CELMO certification satisfy the educational requirements for licensure by endorsement. If an applicant is not CELMO-certified, then the applicant must show evidence of the following:

a. The applicant shall supply evidence of completion of a course that has particular emphasis on the examination, diagnosis and treatment of conditions of the human eye and adnexa, provided by an institution accredited by a regional or professional accreditation organization that is recognized or approved by the Council on Postsecondary Accreditation of the United States Department of Education; and

e. Any transcript that shows graduation from an approved school of optometry after January 2, 1986, meets the requirement of 180.3(7)“*b*”(1) of 40 hours of didactic education and 60 hours of approved supervised clinical training in the examination, diagnosis, and treatment of conditions of the human eye and adnexa. Applicants need to also show evidence of completion of the requirement in 180.3(7)“*b*”(2).

f. An applicant for licensure by endorsement shall provide proof of licensure and evidence of three years of active practice in another state, territory or district of the United States immediately preceding the date of application which has a similar scope of practice to that required in Iowa as determined by the board. When the scope of practice is different, the applicant shall make available to the board evidence of completion of additional hours of training related to the area of the deficiency as prescribed by the board. The applicant may be exempt from the requirement of three years of active practice if, during the above-mentioned three-year period, the applicant was:

- (2) A military optometrist;
- (3) A supervisory or administrative optometrist; or
- (4) A researcher in optometry.

180.3(8) Applicants for licensure by endorsement who were issued their Iowa licenses within six months prior to the renewal date shall not be required to renew their licenses until the renewal date two years later.

645—180.5(154) License renewal.

180.5(1) The biennial license renewal period for a license to practice optometry shall begin on July 1 of an even-numbered year and end on June 30 two years later. The board shall send a renewal notice by regular mail to each licensee at the address on record at least 60 days prior to the expiration of the license. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive the notice does not relieve the licensee of the responsibility for renewing the license.

180.5(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal two years later.

180.5(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 645—181.2(154) and the mandatory reporting requirements of subrule 180.5(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

180.5(4) Mandatory reporter training requirements.

a. A licensee who, in the scope of professional practice or in the licensee's employment responsibilities, examines, attends, counsels or treats children in Iowa shall indicate on the renewal application completion of two hours of training in child abuse identification and reporting in the previous five years or condition(s) for waiver of this requirement as identified in paragraph "e."

b. A licensee who, in the course of employment, examines, attends, counsels or treats adults in Iowa shall indicate on the renewal application completion of two hours of training in dependent adult abuse identification and reporting in the previous five years or condition(s) for waiver of this requirement as identified in paragraph "e."

c. A licensee who, in the scope of professional practice or in the course of the licensee's employment responsibilities, examines, attends, counsels or treats both adults and children in Iowa shall indicate on the renewal application completion of training in abuse identification and reporting for dependent adults and children in the previous five years or condition(s) for waiver of this requirement as identified in paragraph "e."

Training may be completed through separate courses as identified in paragraphs "a" and "b" or in one combined two-hour course that includes curricula for identifying and reporting child abuse and dependent adult abuse. The course shall be a curriculum approved by the Iowa department of public health abuse education review panel.

d. The licensee shall maintain written documentation for five years after mandatory training as identified in paragraphs "a" to "c," including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 645—Chapter 181.

f. The board may select licensees for audit of compliance with the requirements in paragraphs "a" to "e."

180.5(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license and shall send the licensee a wallet card by regular mail. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

180.5(6) A person licensed to practice optometry shall keep the license certificate and wallet card(s) displayed in a conspicuous public place at the primary site of practice.

180.5(7) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the wallet card. The licensee shall be assessed a late fee as specified in 645—subrule 184.1(3). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

180.5(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as an optometrist in Iowa until the license is reactivated. A licensee who practices as an optometrist in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

645—180.6(272C) Exemptions for inactive practitioners. Rescinded IAB 8/3/05, effective 9/7/05.

180.11(1) Submit a reactivation application on a form provided by the board.

180.11(2) Pay the reactivation fee that is due as specified in 645—Chapter 184.

180.11(3) Provide verification of current competence to practice as an optometrist by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 30 hours of continuing education for a diagnostically certified optometrist or 50 hours for a therapeutically certified optometrist within two years of application for reactivation unless the applicant provides proof of current CELMO certification. Proof of current CELMO certification satisfies continuing education requirements for the purpose of reactivation.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. 1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 60 hours of continuing education for a diagnostically certified optometrist or 100 hours for a therapeutically certified optometrist within two years of application for reactivation unless the applicant provides proof of current CELMO certification. If the therapeutically certified optometrist provides proof of current CELMO certification, the applicant must also verify completion of an additional 50 hours of continuing education within two years of application for reactivation.

645—180.12(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with 645—11.31(272C) and must apply for and be granted reactivation of the license in accordance with 180.11(17A,147,272C) prior to practicing as an optometrist in this state.

200.9(1) The biennial license renewal period for a license to practice as a physical therapist or physical therapist assistant shall begin on the sixteenth day of the birth month and end on the fifteenth day of the birth month two years later. The board shall send a renewal notice by regular mail to each licensee at the address on record at least 60 days prior to the expiration of the license. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive the notice does not relieve the licensee of the responsibility for renewing the license.

200.9(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal two years later.

200.9(3) A licensee seeking renewal shall:

b. Submit the completed renewal application and renewal fee before the license expiration date.

200.9(4) Mandatory reporter training requirements.

a. b. A licensee who in the scope of professional practice regularly examines, attends, counsels or treats adults in Iowa shall indicate on the renewal application completion of two hours of training in dependent adult abuse identification and reporting in the previous five years or condition(s) for waiver of this requirement as identified in paragraph “e.”

c. The course shall be a curriculum approved by the Iowa department of public health abuse education review panel.

d. The licensee shall maintain written documentation for five years after mandatory training as identified in paragraphs “a” to “c,” including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 645—Chapter 4.

f. The board may select licensees for audit of compliance with the requirements in paragraphs “a” to “e.”

200.9(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license and shall send the licensee a wallet card by regular mail. 200.9(6) Persons licensed to practice as physical therapists or physical therapist assistants shall keep their renewal licenses displayed in a conspicuous public place at the primary site of practice.

200.9(7) Late renewal. The license shall become a late license when the license has not been renewed by the expiration date on the wallet card. To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

200.9(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a physical therapist or a physical therapist assistant in Iowa until the license is reactivated. A licensee who practices as a physical therapist or a physical therapist assistant in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. The board shall send a renewal notice by regular mail to each licensee at the address on record at least 60 days prior to the expiration of the license. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive the notice does not relieve the licensee of the responsibility for renewing the license.

220.9(3) A licensee seeking renewal shall:

To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

220.9(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a podiatrist in Iowa until the license is reactivated. A licensee who practices as a podiatrist in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. The board shall send a renewal notice by regular mail to each licensee at the address on record at least 60 days prior to the expiration of the license. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive the notice does not relieve the licensee of the responsibility for renewing the license.

240.12(3) A licensee seeking renewal shall:

d. The licensee shall maintain written documentation for five years after mandatory training as identified in paragraphs "a" to "c," including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

- (1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 645—Chapter 241.

b. No continuing education shall be required.

240.12(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a psychologist or health service provider in psychology in Iowa until the license is reactivated. A licensee who practices as a psychologist or health service provider in psychology in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

- g. A requirement that the licensee communicate with the board regarding the status of the examination.
- h. A concise statement of the facts relied on by the board to order the evaluation.

242.5(2) Alternatives. Following issuance of the examination order, the licensee may request additional time to schedule or complete the examination or may request the board to approve an

alternative examiner or treatment facility. The board in its sole discretion shall determine whether to grant such a request.

242.5(3) *Objection to order.* A licensee who is the subject of a board order and who objects to the order may file a request for hearing. The request for hearing must be filed within 30 days of the date of the examination order, and the request for hearing shall specifically identify the factual and legal issues upon which the licensee bases the objection. The hearing shall be considered a contested case proceeding and shall be governed by the provisions of 645—Chapter 11. On judicial review of a board decision in a contested case involving an objection to an examination order, the case will be captioned in the name of Jane Doe or John Doe to maintain the licensee's confidentiality.

242.5(4) *Closed hearing.* Any hearing on an objection to the board order shall be closed pursuant to Iowa Code section 272C.6(1).

242.5(6) *Admissibility.* In the event the licensee submits to evaluation and subsequent proceedings are held before the board, all objections shall be waived as to the admissibility of the examining physicians' or health care providers' testimony or examination reports on the grounds that they constitute privileged communication. 242.5(7) *Failure to submit.* Failure of a licensee to submit to a board-ordered mental, physical, or clinical competency examination or to submit to alcohol or drug screening constitutes a violation of the rules of the board and is grounds for disciplinary action.

These rules are intended to implement Iowa Code chapters 147, 154B and 272C.

645—261.2(152B) Requirements for licensure.

261.2(1) The following criteria shall apply to licensure:

261.8(1) The biennial license renewal period for a license to practice respiratory care shall begin on April 1 of an even-numbered year and end on March 31 of the next even-numbered year. The board shall send a renewal notice by regular mail to each licensee at the address on record at least 60 days prior to the expiration of the license. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive the notice does not relieve the licensee of the responsibility for renewing the license.

261.8(2) An individual who was issued an initial license within six months of the license renewal date will not be required to renew the license until the subsequent renewal two years later.

261.8(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 645—262.2(152B,272C) and the mandatory reporting requirements of subrule 261.8(4). c. A licensee who, in the scope of professional practice or in the course of employment, examines, attends, counsels or treats both adults and children in Iowa shall indicate on the renewal application completion of training in abuse identification and reporting for dependent adults and children in the previous five years or condition(s) for waiver of this requirement as identified in paragraph "e."

Training may be completed through separate courses as identified in paragraphs “a” and “b” or in one combined two-hour course that includes curricula for identifying and reporting child abuse and dependent adult abuse. The course shall be a curriculum approved by the Iowa department of public health abuse education review panel.

d. The licensee shall maintain written documentation for five years after mandatory training as identified in paragraphs “a” to “c,” including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 645—Chapter 262.

f. The board may select licensees for audit of compliance with the requirements in paragraphs “a” to “e.”

261.8(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license and shall send the licensee a wallet card by regular mail. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

261.8(6) A person licensed to practice as a respiratory care practitioner shall keep the person’s license certificate and wallet card displayed in a conspicuous public place at the primary site of practice.

261.8(7) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the wallet card. The licensee shall be assessed a late fee as specified in rule 645—5.17(147,152B). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

261.8(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice respiratory care in Iowa until the license is reactivated. A licensee who practices respiratory care in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

261.14(1) Submit a reactivation application on a form provided by the board.

261.14(2) Pay the reactivation fee specified in rule 645—5.17(147,152B).

261.14(3) If the license has been inactive for two or more years, the licensee shall submit two completed sets of the fingerprint packet to facilitate a national criminal history background check. The cost for the evaluation of the fingerprint packet and the DCI and FBI criminal history background checks shall be assessed to the applicant. The board may withhold issuing a license pending receipt of a report from the DCI and FBI.

261.14(4) Provide verification of current competence to practice respiratory care by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. 1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 48 hours of continuing education that conforms to standards defined in 645—262.3(152B,272C) within 24 months immediately preceding submission of the application for reactivation.

645—261.15(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with 645—11.31(272C) and must apply for and be granted reactivation of the license in accordance with 261.14(17A,147,272C) prior to practicing respiratory care in this state.

645—262.2(152B,272C) Continuing education requirements.

262.2(1) The biennial continuing education compliance period shall extend for a two-year period beginning on April 1 of each even-numbered year and ending on March 31 of the next even-numbered year. Each biennium, the licensee shall be required to complete a minimum of 24 hours of continuing education that meet the requirements specified in rule 645—262.3(152B,272C). Fourteen of the 24 hours of continuing education shall be earned by completing a program in which the instructor conducts the class employing in-person or live, real-time interactive media or by employing an archived audio or video presentation which permits the licensee a means to communicate with the presenter in real time.

262.2(2) Requirements of new licensees. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used. The new licensee will be required to complete a minimum of 24 hours of continuing education per biennium for each subsequent license renewal.

262.2(3) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity. These hours must be in accordance with these rules.

262.2(4) No hours of continuing education shall be carried over into the next biennium except as stated for the second renewal. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

262.2(5) It is the responsibility of each licensee to finance the cost of continuing education.

645—262.3(152B,272C) Standards.

262.3(1) General criteria. A continuing education activity which meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

- a. Constitutes an organized program of learning which contributes directly to the professional competency of the licensee;
- b. Pertains to subject matters which integrally relate to the practice of the profession;
- c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program.

At the time of audit, the board may request the qualifications of presenters;

- d. Fulfills stated program goals, objectives, or both; and
- e. Provides proof of attendance to licensees in attendance including:
 - (1) Date(s), location, course title, presenter(s);
 - (2) Number of program contact hours; and
 - (3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

262.3(2) Specific criteria. Continuing education hours of credit may be obtained by:

a. Programs/activities that shall be of a clinical nature related to the practice of respiratory care. Clinical nature subject matter is described as basic clinical processes that include information beyond the basic licensure requirements applicable to the normal development and use of the clinical respiratory care practitioner. Any communication course must involve the actual application to the practice of the respiratory care practitioner.

b. Program presenters who will receive one hour of credit for each hour of presentation for the first offering of the continuing education program/activity.

c. Academic coursework that meets the criteria set forth in the rules and is accompanied by an official transcript indicating successful completion of the course. Continuing education credit equivalents are as follows:

1 academic semester hour = 15 continuing education hours

1 academic quarter hour = 10 continuing education hours

d. All courses offered by the American Association of Respiratory Care (AARC) continuing education programs/activities.

e. Attendance at or participation in a program or course which is offered or sponsored by an approved continuing education sponsor.

f. Maximums per biennium are as follows:

CERTIFICATIONS:

Advanced Cardiac Life Support	up to 12 hours
Basic Cardiac Life Support—Instructor	up to 8 hours
Basic Cardiac Life Support	up to 6 hours
Neonatal Resuscitation	up to 9 hours

Pediatric Advanced Life Support	up to 3 hours

g. Unacceptable subject matter includes marketing, personal development, time management, human relations, collective bargaining and tours.

645—262.4(152B,272C) Audit of continuing education report. After each educational biennium, the board may audit licensees to review compliance with continuing education requirements.

262.4(1) The board may audit a percentage of its licensees and may, at its discretion, determine to audit a licensee. A licensee whose license renewal application is submitted during the grace period may be subject to a continuing education audit.

262.4(2) The licensee shall provide the following information to the board for auditing purposes:

- a. Number of contact hours for program attended; and
- b. Individual certificate of completion issued by the sponsor to the licensee or evidence of successful completion of the course from the course sponsor that includes date, location, title and contact hours.

262.4(3) For auditing purposes, all licensees must retain the information identified in 262.4(2) for two years after the biennium has ended.

262.4(4) Information identified in 262.4(2) must be submitted within one month after the date of notification of the audit. Extension of time may be granted on an individual basis.

262.4(5) If the submitted materials are incomplete or unsatisfactory, the licensee may be given the opportunity to complete and submit make-up credit to cover the deficit found through the audit if the board determines that the deficiency was the result of good-faith conduct on the part of the licensee. The licensee may be granted 120 days from the date of mailing of notice of deficiency to the address of record at the board office to submit evidence of additional continuing education completed during the biennium or to complete additional continuing education as required and submit evidence of that continuing education to the board office.

262.4(6) Failure to notify the board of a current mailing address will not absolve the licensee from the audit requirement, and an audit must be completed before license renewal.

645—262.5(152B,272C) Automatic exemption. A licensee shall be exempt from the continuing education requirement during the license biennium when that person:

1. Served honorably on active duty in the military service; or
2. Resided in another state or district having continuing education requirements for the profession and met all requirements of that state or district for practice therein; or
3. Was a government employee working in the licensee's specialty and assigned to duty outside the United States; or
4. Was absent from the state but engaged in active practice under circumstances which are approved by the board.

645—262.6(152B,272C) Grounds for disciplinary action. The board may take formal disciplinary action on the following grounds:

262.6(1) Failure to cooperate with a board audit.

262.6(2) Failure to meet the continuing education requirement for licensure.

262.6(3) Falsification of information on the license renewal form.

262.6(4) Falsification of continuing education information.

645—262.7(152B,272C) Continuing education exemption for disability or illness. A licensee who has had a physical or mental disability or illness during the license period may apply for an exemption. An

exemption provides for an extension of time or exemption from some or all of the continuing education requirements. An applicant shall submit a completed application form approved by the board for an exemption. The application form is available upon request from the board office. The application requires the signature of a licensed health care professional who can attest to the existence of a disability or illness during the license period. If the application is from a licensee who is the primary caregiver to a relative who is ill or disabled and needs care from that primary caregiver, the physician shall verify status as the primary caregiver. A licensee who applies for an exemption shall be notified of the decision regarding the application. A licensee who obtains approval shall retain a copy of the exemption to be presented to the board upon request.

262.7(1) The board may grant an extension of time to fulfill the continuing education requirement.

262.7(2) The board may grant an exemption from the continuing education requirement for any period of time not to exceed two calendar years. If the physical or mental disability or illness for which an extension or exemption was granted continues beyond the period initially approved by the board, the licensee must reapply for a continuance of the extension or exemption.

 - Licensee's name;
 - Date of initial licensure;
 - Current licensure status; and
 - Any disciplinary action taken against the license.

In lieu of the requirements in numbered paragraphs "4," "5," and "6" of this rule, the board will accept the ASWB Social Work Registry verification of academic transcripts, examination scores, and licensure in other states.

Every licensee shall renew on a biennial basis. The board shall send a renewal notice by regular mail to each licensee at the address on record at least 60 days prior to the expiration of the license. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive the notice does not relieve the licensee of the responsibility for renewing the license.

280.9(2) Renewal procedures.

a. A licensee seeking renewal shall:

(1) Meet the continuing education requirements of rule 645—281.2(154C,272C) and the mandatory reporting requirements of subrule 280.9(3). The new licensee will be required to complete a minimum of 27 hours of continuing education per biennium for each subsequent license renewal.

d. Persons licensed to practice social work shall keep their renewal licenses displayed in a conspicuous public place at the primary site of practice.

e. Failure to receive the notice of renewal shall not relieve the licensee of the responsibility for submitting the required materials and the renewal fee to the board office 30 days before license expiration.

f. A pending application for a higher level of licensure does not relieve the social worker of the renewal or reactivation requirements. A social worker applying for a higher level shall renew the license that is held at the current level at the time of the renewal.

g. A social worker whose Iowa license is inactive, delinquent, closed, retired, voluntarily surrendered, suspended, or revoked cannot advance to a higher level until the license is again active.

280.9(3) Mandatory reporting of child abuse and dependent adult abuse.

d. Training may be completed through separate courses as identified in paragraphs “*a*” and “*b*” or in one combined two-hour course that includes curricula for identifying and reporting child abuse and dependent adult abuse.

e. The licensee shall maintain written documentation for five years after mandatory training as identified in paragraphs “*a*” to “*c*,” including program date(s), content, duration, and proof of participation.

f. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including waiver of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 645—Chapter 281.

g. The board may select licensees for audit of compliance with the requirements in paragraphs “*a*” to “*e.*”

280.9(4) Late renewal. To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

280.9(5) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a social worker in Iowa until the license is reactivated. A licensee who practices as a social worker in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

280.12(2) A duplicate wallet card or duplicate certificate shall be issued upon receipt of the completed application and receipt of the fee as specified in rule 645—284.1(147,154C).

280.12(3) If the board receives the completed application, stating that the wallet card or certificate was not received within 60 days after being mailed by the board, no fee shall be required to issue a duplicate wallet card or duplicate certificate.

645—280.13(17A,147,272C) License denial.

280.13(1) When the board denies an applicant licensure, the board shall notify the applicant of the denial in writing by certified mail, return receipt requested, or in the manner of service of an original notice, and shall cite the reasons for which the application was denied.

280.13(2) An applicant who has been denied licensure by the board may appeal the denial and request a hearing on the issues related to the licensure denial by serving a written notice of appeal and request for hearing upon the board by certified mail, return receipt requested, not more than 30 days following the date of mailing of the notification of licensure denial to the applicant. The request for hearing shall specifically describe the facts to be contested and determined at the hearing.

280.13(3) If an applicant who has been denied licensure by the board appeals the licensure denial and requests a hearing pursuant to this rule, the hearing and subsequent procedures shall be held pursuant to the process outlined in Iowa Code chapters 17A and 272C and 645—Chapter 11.

645—280.14(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

645—282.2(154C) Rules of conduct.**282.2(1) Informed consent.**

a. A licensee shall provide services to clients only in the context of a professional relationship based, when appropriate, on valid written informed consent. A licensee shall use clear and understandable language to inform clients of the proposed services, purpose of the services, risks related to the services, limits to services because of the requirements of a third-party payer, relevant costs, reasonable alternatives, a client’s right to refuse or withdraw consent, and the time frame covered by the consent.

b. If a client is not literate or has difficulty understanding the primary language used in the practice setting, a licensee shall attempt to ensure the client’s comprehension. This may include providing the client with a detailed verbal explanation or arranging for a qualified interpreter or translator whenever possible.

c. If a client lacks the capacity to provide informed consent, a licensee shall protect the client’s interests by seeking permission from an appropriate third party and shall inform the client consistent with the client’s level of understanding. In such instances, a licensee shall seek to ensure that the third party acts in a manner consistent with the client’s wishes and interests. A licensee shall take reasonable steps to enhance the client’s ability to give informed consent.

d. If a client is receiving services involuntarily, a licensee shall provide information about the nature and extent of services and about the extent of the client’s right to refuse services.

e. The provision of social work services to an individual in this state through any electronic means, including the Internet, telephone, or the Iowa Communications Network or any fiberoptic media, regardless of the location of the licensee, shall constitute the practice of social work in the state of Iowa and shall be subject to regulation in accordance with Iowa Code chapters 147 and 154C and the administrative rules of the board. A licensee who provides services via electronic media shall inform recipients of the limitations and risks associated with such services.

f. A licensee shall obtain a client’s informed consent before audiotaping or videotaping the client or permitting a third party to observe services provided to the client.

282.2(2) Competence.

a. A licensee shall provide services and represent oneself as competent only within the boundaries of the licensee’s education, training, license, certification, consultation received, supervised experience, or other relevant professional experience.

c. When generally recognized standards do not exist with respect to an emerging area of practice, a licensee shall exercise careful judgment and take responsible steps, including appropriate education, research, training, consultation and supervision, to ensure competence and to protect clients from harm.

282.2(3) Supervision.

a. A licensee shall exercise appropriate supervision over persons who practice under the supervision of the licensee.

b. A licensee who provides supervision or consultation shall have the necessary knowledge and skill to supervise or consult appropriately and shall do so only within the licensee's areas of knowledge and competence.

c. A licensee who provides supervision or consultation is responsible for setting clear, appropriate, and culturally sensitive boundaries.

d. A licensee shall not engage in any dual or multiple relationships with supervisees if there is a risk of exploitation of or potential harm to the supervisee.

g. A licensee shall not practice without receiving supervision, as needed, given the licensee's level of practice, experience, and need.

282.2(4) Privacy and confidentiality.

a. A licensee shall not disclose or be compelled to disclose client information unless required by law, except under the following limited circumstances:

(1) If the information reveals the contemplation or commission of a crime. This includes situations in which the licensee determines that disclosure is necessary to prevent serious, foreseeable, and imminent harm to the client or another specific identifiable person.

(2) If the client waives the privilege by bringing criminal, civil, or administrative charges or action against a licensee.

(3) With the written informed consent of the client that explains to whom the client information will be disclosed or released and the purpose and time frame for the release of information. If the client is deceased or unable to provide informed consent, a licensee shall obtain written consent from the client's personal representative, another person authorized to sue, or the beneficiary of an insurance policy on the client's life, health, or physical condition.

(4) To testify in a court or administrative hearing concerning matters pertaining to the welfare of children.

(5) To seek collaboration or consultation with professional colleagues or administrative superiors on behalf of the client.

(6) Pursuant to a validly issued subpoena or court order.

In the event of a disclosure of information under any of the circumstances stated above, the licensee shall disclose the least amount of confidential information necessary and shall reveal only that information that is directly relevant to the purpose for which the disclosure is made.

b. Before the disclosure is made, a licensee shall inform a client, to the extent possible, about the disclosure of confidential information and the potential consequences of the disclosure. This requirement applies whether a licensee discloses confidential information on the basis of client consent or other legal basis.

c. A licensee shall discuss with clients and other interested parties the nature of confidentiality and limitations of a client's right to confidentiality. A licensee shall review with clients the circumstances under which confidential information may be requested and when disclosure of confidential information

may be legally required. This discussion should occur as soon as possible in the professional relationship and as needed throughout the course of the relationship.

d. When a licensee provides counseling or psychosocial therapy services to families, couples, or groups, the licensee shall seek agreement among the parties involved concerning each individual's right to confidentiality and obligation to preserve the confidentiality of information shared by others. A licensee shall inform participants in family, couples, or group counseling or psychosocial therapy that the licensee cannot guarantee that all participants will honor such agreements.

e. A licensee shall inform clients involved in family, couples, marital, or group counseling or psychosocial therapy of the licensee's, the licensee's employer's, and agency's policy concerning the licensee's disclosure of confidential information among the parties involved in the counseling or therapy.

f. A licensee shall not disclose confidential information to third-party payers unless a client has authorized such disclosure. A licensee shall inform the client of the nature of the client information to be disclosed or released to the third-party payer.

k. A licensee shall take precautions to ensure and maintain the confidentiality of information transmitted to other parties through the use of computers, electronic mail, facsimile machines, telephones, telephone answering machines, and other electronic or computer technology.

l. A licensee shall transfer or dispose of client records in a manner that protects client confidentiality and is consistent with federal and state statutes, rules and regulations and the guidelines of the licensee's employer or agency, if applicable.

m. A licensee shall take reasonable precautions to protect client confidentiality in the event of the licensee's termination of practice, incapacitation, or death.

n. A licensee shall not disclose identifying information when discussing a client for teaching or training purposes or in public presentations unless the client has consented to disclosure of confidential information.

o. A licensee shall not disclose identifying information when discussing a client with consultants unless the client has consented to disclosure of confidential information or there is a compelling need for such disclosure.

p. Consistent with the preceding standards, a licensee shall protect the confidentiality of deceased clients.

282.2(5) Record keeping.

a. A licensee shall maintain sufficient, timely, and accurate documentation in client records. A licensee's records shall reflect the services provided, facilitate the delivery of services, and ensure continuity of services in the future.

b. A licensee who provides clinical services in any employment setting, including private practice, shall maintain timely records that include subjective and objective data, assessment or diagnosis, a treatment plan, and any revisions to the assessment, diagnosis, or plan made during the course of treatment.

c. A licensee who provides clinical services shall store records in accordance with state and federal statutes, rules, and regulations governing record retention and with the guidelines of the licensee's employer or agency, if applicable. If no other legal provisions govern record retention, a licensee shall store all client records for a minimum of seven years following the termination of services to ensure reasonable future access.

282.2(6) Access to records. A licensee who provides clinical services shall:

a. Provide the client with reasonable access to records concerning the client. A licensee who is concerned that a client's access to the client's records could cause serious misunderstanding or harm to the client shall provide assistance in interpreting the records and consultation with the client regarding the records. A licensee may limit a client's access to the client's records, or portions of the records, only in exceptional circumstances when there is compelling evidence that such access would cause serious harm to the client. Both the client's request and the rationale for withholding some or all of a record should be documented in the client's records.

b. Take steps to protect the confidentiality of other individuals identified or discussed in any records to which a client is provided access.

282.2(7) Billing and fees.

a. A licensee shall bill only for services which have been provided.

e. A licensee shall not permit any person to share in the fees for professional services, other than a partner, employee, an associate in a professional firm, or a consultant to the licensee.

f. A licensee who provides clinical services shall, when appropriate:

(1) Establish and maintain billing practices that accurately reflect the nature and extent of services provided.

(2) Inform the client of the fee at the initial session or meeting with the client. A licensee shall provide a written payment arrangement to a client at the commencement of the professional relationship.

(3) Ensure that the fees are fair, reasonable, and commensurate with the services performed.

282.2(8) Dual relationships and conflicts of interest.

a. "Dual relationship" means that a licensee develops or assumes a secondary role with a client, including but not limited to a social relationship or business association. (3) Unavoidable dual relationships with current and former clients. If a dual relationship with a current or former client is unavoidable, the licensee shall take steps to protect the client and shall be responsible for setting clear, appropriate, and culturally sensitive boundaries. The burden shall be on the licensee to show that the dual relationship was unavoidable. In determining whether a dual relationship was unavoidable, the board shall consider the size of the community, the nature of the relationship, and the risk of exploitation or harm to a client or former client.

b. Conflicts of interest.

(1) A licensee shall avoid conflicts of interest that interfere with the exercise of professional discretion and impartial judgment.

(2) A licensee shall not continue in a professional relationship with a client when the licensee has become emotionally involved with the client to the extent that objectivity is no longer possible in providing the required professional services.

(3) A licensee shall inform the client when a real or potential conflict of interest arises and take reasonable steps to resolve the issue in a manner that makes the client's interests primary and protects the client's interests to the greatest extent possible. In some cases, protecting the client's interests may require termination of the professional relationship with proper referral of the client.

(4) A licensee shall not take unfair advantage of any professional relationship or exploit others to further the licensee's personal, religious, political, or business interests.

(5) A licensee who provides services to two or more people who have a relationship with each other shall clarify with all parties, when appropriate and in a manner consistent with the confidentiality standards of subrule 282.2(4), which individuals will be considered clients and the nature of the licensee's professional obligations to the various individuals who are receiving services. A licensee who anticipates a conflict of interest among the individuals receiving services or who anticipates having to perform in potentially conflicting roles shall clarify, when appropriate and in a manner consistent with the confidentiality standards at subrule 282.2(4), the licensee's role with the parties involved and take appropriate action to minimize any conflict of interest.

282.2(10) *Physical contact.* A licensee shall not engage in physical contact with a client when there is a possibility of psychological harm to the client as a result of the contact. 282.2(11) *Termination of services.*

a. A licensee shall terminate services to a client when such service is no longer required or no longer serves the client's needs or interests.

c. A licensee shall not terminate services to pursue a social, financial, business, romantic, or sexual relationship with a client.

d. A licensee who anticipates the termination or interruption of services to a client shall notify the client promptly and seek the transfer, referral, or continuation of services in relation to the client's needs and preferences.

e. A licensee who is leaving an employment setting shall inform clients, to the extent possible given the nature of the termination of the employment relationship, of appropriate options for the continuation of services and of the benefits and risks of the options.

f. If the employer who terminates a licensee is also a licensee, the employer shall provide notice to clients or allow the licensee the opportunity to provide notice to clients to ensure appropriate case closure or continuation or transfer of services if continued treatment is necessary.

g. A licensee who provides clinical services shall comply with the following additional standards regarding termination of the client relationship:

(1) Termination of a client relationship shall be documented in the client record. Absent written documentation of termination, the professional relationship shall be considered ongoing.

(2) A licensee who practices in a fee-for-service setting may terminate services to a client who is not paying an overdue balance only if the financial contractual arrangements have been made clear to the client, if the client does not pose an imminent danger to self or others, and if the clinical and other consequences of the current nonpayment have been addressed and discussed with the client. Prior to terminating services under this subrule, a licensee shall make reasonable efforts to collect the unpaid fees and shall make appropriate referrals for the client.

645—300.10(147) Licensure by reciprocal agreement. The board may enter into a reciprocal agreement with the District of Columbia or any state, territory, province or foreign country with equal or similar requirements for licensure of speech pathologists and audiologists.

The board shall send a renewal notice by regular mail to each licensee at the address on record at least 60 days prior to expiration of the license. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive the notice does not relieve the licensee of the responsibility for renewing the license.

300.11(3) A licensee seeking renewal shall:

c. A licensee who, in the scope of professional practice or in the course of employment, examines, attends, counsels or treats both adults and children in Iowa shall indicate on the renewal application completion of training in abuse identification and reporting for dependent adults and children in the previous five years or condition(s) for waiver of this requirement as identified in paragraph "e."

The course shall be a curriculum approved by the Iowa department of public health abuse education review panel.

d. The licensee shall maintain written documentation for five years after mandatory training as identified in paragraphs "a" to "c," including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 645—Chapter 303.

f. The board may select licensees for audit of compliance with the requirements in paragraphs "a" to "e."

300.11(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license and shall send the licensee a wallet card by regular mail. 300.11(7) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the wallet card. The licensee shall be assessed a late fee as specified in 645—subrule 305.1(3). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

300.11(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a speech pathologist or audiologist in Iowa until the license is reactivated. A licensee who practices as a speech pathologist or audiologist in the state of Iowa with an inactive license

may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

645—300.12(272C) Exemptions for inactive practitioners. Rescinded IAB 9/14/05, effective 10/19/05.

CHAPTER 303
CONTINUING EDUCATION FOR SPEECH PATHOLOGISTS
AND AUDIOLOGISTS

645—303.1(147) Definitions. For the purpose of these rules, the following definitions shall apply:

“AAA” means the American Association of Audiology.

“Active license” means a license that is current and has not expired.

“Approved program/activity” means a continuing education program/activity meeting the standards set forth in these rules.

“ASHA” means the American Speech-Language Hearing Association.

“Audit” means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

“Board” means the board of speech pathology and audiology.

“Continuing education” means planned, organized learning acts designed to maintain, improve, or expand a licensee’s knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public.

“Hour of continuing education” means at least 50 minutes spent by a licensee in actual attendance at and completion of an approved continuing education activity.

“Inactive license” means a license that has expired because it was not renewed by the end of the grace period. The category of “inactive license” may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

“Independent study” means a subject/program/activity that a person pursues autonomously that meets standards for approval criteria in the rules and includes a posttest.

“License” means license to practice.

“Licensee” means any person licensed to practice speech pathology or audiology or both in the state of Iowa.

645—303.2(147) Continuing education requirements.

303.2(1) The biennial continuing education compliance period shall extend for a two-year period between January 1 of each even-numbered year and December 31 of each odd-numbered year. Each biennium, each person who is licensed to practice as a speech pathology or audiology licensee in this state shall be required to complete a minimum of 30 hours of continuing education approved by the board. A person holding licensure in both speech pathology and audiology must meet the requirements for each profession.

303.2(2) Requirements of new licensees. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used. The new licensee will be required to complete a minimum of 30 hours of continuing education per biennium for each subsequent license renewal.

303.2(3) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity. These hours must be in accordance with these rules.

303.2(4) No hours of continuing education shall be carried over into the next biennium except as stated for second renewal. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

303.2(5) It is the responsibility of each licensee to finance the cost of continuing education.

645—303.3(147,272C) Standards.

303.3(1) General criteria. A continuing education activity which meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

- a. Constitutes an organized program of learning which contributes directly to the professional competency of the licensee;
- b. Pertains to subject matters which integrally relate to the practice of the profession;
- c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;
- d. Fulfills stated program goals, objectives, or both; and
- e. Provides proof of attendance to licensees in attendance including:
 - (1) Date(s), location, course title, presenter(s);
 - (2) Number of program contact hours; and
 - (3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

303.3(2) Specific criteria.

a. Subject matters that integrally relate to the practice of speech pathology or audiology or both that will be considered for approval are:

(1) Basic communication processes. Information (beyond the basic licensure requirements) applicable to the normal development and use of speech, language, and hearing, i.e., anatomic and physiologic bases for the normal development and use of speech, language, and hearing; physical bases and processes of the production and perception of speech, language, and hearing; linguistic and psycholinguistic variables related to normal development and use of speech, language, and hearing; and technological, biomedical, engineering, and instrumentation information which would enable expansion of knowledge in the basic communication processes. Any computer course used for continuing education must involve the actual application to the communicatively impaired population.

(2) Professional areas. Information pertaining to disorders of speech, language, and hearing, i.e., various types of disorders of communication, their manifestations, classification and causes; evaluation skills, including procedures, techniques, and instrumentation for assessment; and management procedures and principles in habilitation and rehabilitation of communication disorders. The board shall accept dysphagia courses provided by qualified instructors.

(3) Related areas. Study pertaining to the understanding of human behavior, both normal and abnormal, as well as services available from related professions which apply to the contemporary practice of speech-language pathology/audiology, e.g., theories of learning and behavior; services available from related professions that also deal with persons who have disorders of communication; information from these professions about the sensory, physical, emotional, social or intellectual states of child or adult; and other areas such as general principles of program management, professional ethics, clinical supervision, counseling and interviewing.

Unacceptable subject matter includes personal development, human relations, collective bargaining, and tours. While desirable, these subjects are not applicable to the licensees' skill, knowledge and competence as expressed in Iowa Code section 272C.2, paragraph "g." Such courses will receive no credit toward the minimum 30 hours required for license renewal.

b. A licensee may elect to take the National Teacher Examination in speech pathology or audiology in lieu of earning continuing education credits. The licensee shall have the results of the examination sent to the board by the agency administering the examination.

c. Independent study.

(1) The maximum number of hours for independent study is 16 hours.

(2) Criteria for presentations are as follows:

1. A maximum of 10 hours of the maximum 16 hours of independent study credit will be given for presenting professional programs that meet the criteria as listed in rule 303.3(147,272C).

2. Two hours of credit will be awarded for each hour of new presentation material.

3. A course schedule or brochure must be maintained for audit.

d. A combined total of six hours per biennium may be used for the following activities:

(1) Government regulations;

(2) CPR, child abuse and dependent adult abuse; and

(3) A maximum of two hours may be used for business-related topics.

e. An applicant shall provide official transcripts indicating successful completion of academic courses which apply to the field of speech pathology and audiology in order to receive the following continuing education credits:

1 academic semester hour = 15 continuing education hours of credit

1 academic trimester hour = 12 continuing education hours of credit

1 academic quarter hour = 10 continuing education hours of credit

645—303.4(147,272C) Audit of continuing education report. After each educational biennium, the board may audit licensees to review compliance with continuing education requirements.

303.4(1) The board may audit a percentage of its licensees and may, at its discretion, determine to audit a licensee. A licensee whose license renewal application is submitted during the grace period may be subject to a continuing education audit.

303.4(2) The licensee shall provide the following information to the board for auditing purposes:

a. Date and location of course, course title, course description, course outline, course schedule, names and qualifications of instructors/speakers and method of presentation; or a program brochure which includes all the information required in this paragraph;

b. Number of contact hours for program attended; and

c. Individual certificate of completion issued to the licensee or evidence of successful completion of the course from the course sponsor.

303.4(3) For auditing purposes, all licensees must retain the information identified in subrule 303.4(2) for two years after the biennium has ended.

303.4(4) Information identified in subrule 303.4(2) must be submitted within one month after the date of notification of the audit. Extension of time may be granted on an individual basis.

303.4(5) If the submitted materials are incomplete or unsatisfactory, the licensee may be given the opportunity to submit make-up credit to cover the deficit found through the audit if the board determines that the deficiency was the result of good-faith conduct on the part of the licensee. The deadline for receipt of the documentation for this make-up credit is 120 days from the date of mailing to the address of record at the board office.

303.4(6) Failure to notify the board of a current mailing address will not absolve the licensee from the audit requirement, and an audit must be completed before license renewal.

645—303.5(147,272C) Automatic exemption. A licensee shall be exempt from the continuing education requirement during the license biennium when that person:

1. Served honorably on active duty in the military service; or

2. Resided in another state or district having continuing education requirements for the profession and met all requirements of that state or district for practice therein; or

3. Was a government employee working in the licensee's specialty and assigned to duty outside the United States; or

4. Was absent from the state but engaged in active practice under circumstances which are approved by the board.

645—303.6(147,272C) Continuing education exemption for disability or illness. A licensee who has had a physical or mental disability or illness during the license period may apply for an exemption. An exemption provides for an extension of time or exemption from some or all of the continuing education requirements. An applicant shall submit a completed application form approved by the board for an exemption. The application form is available upon request from the board office. The application requires the signature of a licensed health care professional who can attest to the existence of a disability or illness during the license period. If the application is from a licensee who is the primary caregiver for a relative who is ill or disabled and needs care from that primary caregiver, the physician shall verify the licensee's status as the primary caregiver. A licensee who applies for an exemption shall be notified

of the decision regarding the application. A licensee who obtains approval shall retain a copy of the exemption to be presented to the board upon request.

303.6(1) The board may grant an extension of time to fulfill the continuing education requirement.

303.6(2) The board may grant an exemption from the continuing education requirement for any period of time not to exceed two calendar years. If the physical or mental disability or illness for which an extension or exemption was granted continues beyond the period initially approved by the board, the licensee must reapply for a continuance of the extension or exemption.

303.6(3) The board may, as a condition of any extension or exemption granted, require the licensee to make up a portion of the continuing education requirement in the manner determined by the board.

645—303.7(147,272C) Grounds for disciplinary action. The board may take formal disciplinary action on the following grounds:

303.7(1) Failure to cooperate with a board audit.

303.7(2) Failure to meet the continuing education requirement for licensure.

303.7(3) Falsification of information on the license renewal form.

303.7(4) Falsification of continuing education information.

645—303.8(147,272C) Continuing education exemption for inactive practitioners. Rescinded IAB 9/14/05, effective 10/19/05.

645—303.9(147,272C) Continuing education waiver for disability or illness. Rescinded IAB 9/14/05, effective 10/19/05.

645—303.10(147,272C) Reinstatement of inactive practitioners. Rescinded IAB 9/14/05, effective 10/19/05.

645—303.11(272C) Hearings. Rescinded IAB 9/14/05, effective 10/19/05.

These rules are intended to implement Iowa Code section 272C.2 and chapter 147.

“*Department*” means the department of public health.

“*Direction*” means authoritative policy or procedural guidance for the accomplishment of a function or activity.

“*Grace period*” means the 30-day period following expiration of a license when the license is still considered to be active. In order to renew a license during the grace period, a licensee is required to pay a late fee.

“*Inactive license*” means a license that has expired because it was not renewed by the end of the grace period. The category of “inactive license” may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

“*Licensee*” means a person licensed by the board as a physician assistant to provide medical services under the supervision of one or more physicians.

“*Licensure by endorsement*” means the issuance of an Iowa license to practice as a physician assistant to an applicant who is or has been licensed in another state.

“*Locum tenens*” means the temporary substitution of one licensed physician assistant for another.

“*Mandatory training*” means training on identifying and reporting child abuse or dependent adult abuse required of physician assistants who are mandatory reporters. The full requirements on mandatory reporting of dependent adult abuse and the training requirements are found in Iowa Code section 235B.16.

“*NCCPA*” means the National Commission on Certification of Physician Assistants.

“*Physician*” means a person who is currently licensed in Iowa to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy. A physician supervising a physician assistant practicing in a federal facility or under federal authority shall not be required to obtain licensure beyond licensure requirements mandated by the federal government for supervising physicians.

“*Physician assistant*” means a person licensed as a physician assistant by the board.

“*Reactivate*” or “*reactivation*” means the process as outlined in rule 326.19(17A,147,272C) by which an inactive license is restored to active status.

Once the license is reinstated, the licensee may apply for active status.

“*Remote medical site*” means a medical clinic for ambulatory patients which is away from the main practice location of a supervising physician and in which a supervising physician is present less than 50 percent of the time the site is open. “Remote medical site” will not apply to nursing homes, patient homes, hospital outpatient departments, outreach clinics, or any location at which medical care is incidentally provided (e.g., diet center, free clinic, site for athletic physicals, jail facility).

a. An applicant shall complete a board-approved application packet. Application forms may be obtained from the board’s Web site (<http://www.idph.state.ia.us/licensure>) or directly from the board office. All applications shall be sent to the Board of Physician Assistants, Professional Licensure Division, Fifth Floor, Lucas State Office Building, Des Moines, Iowa 50319-0075.

b. An applicant shall complete the application form according to the instructions contained in the application.

c. Each application shall be accompanied by the appropriate fees payable by check or money order to the Iowa Board of Physician Assistants. The fees are nonrefundable.

d. Each applicant shall provide official copies of academic transcripts that have been sent to the board directly from an approved program for the education of physician assistants. EXCEPTION: An applicant who is not a graduate of an approved program but who passed the NCCPA initial certification examination prior to 1986 is exempt from the graduation requirement.

e. An applicant shall provide a copy of the initial certification from NCCPA, or its successor agency, sent directly to the board from the NCCPA, or its successor agency.

f. Prior to beginning practice, the physician assistant shall notify the board of the identity of the supervising physician(s) on the board-approved form.

g. In lieu of paragraphs “*d*” and “*e*,” an applicant for licensure may provide documentation from the Federation Credentials Verification Service (FCVS) of the Federation of State Medical Boards as primary source verification for identity, education and national certification information.

326.2(2) Licensees who were issued their licenses within six months prior to the renewal date shall not be required to renew their licenses until the renewal date two years later.

326.2(3) Incomplete applications that have been on file in the board office for more than two years shall be:

- a.* Considered invalid and shall be destroyed; or
- b.* Maintained upon written request of the candidate.

645—326.3(148C) Temporary licensure.

326.3(1) A temporary license may be issued for an applicant who has not taken the NCCPA initial certification examination or successor agency examination or is waiting for the results of the examination.

326.3(2) The applicant must comply with subrule 326.2(1), with the exception of paragraphs “*d*” and “*e*.”

326.3(3) A temporary license shall be valid for one year from the date of issuance.

326.3(4) The temporary license shall be renewed only once upon the applicant's showing proof that, through no fault of the applicant, the applicant was unable to take the certification examination recognized by the board. Proof of inability to take the certification examination shall be submitted to the board office with written request for renewal of a temporary license, accompanied by the temporary license renewal fee.

326.3(5) If the temporary licensee fails the certification examination, the temporary licensee must cease practice immediately and surrender the temporary license by the next business day.

326.3(6) There is no additional fee for converting temporary licensure to permanent licensure.

326.3(7) The applicant shall ensure that certification of completion is sent to the board directly from an approved program for the education of physician assistants. The certification of completion must be signed by a designee from the approved program.

645—326.4(148C) Licensure by endorsement. An applicant who has been licensed under the laws of another jurisdiction shall file an application for licensure by endorsement. An applicant shall:

326.4(1) Submit to the board a completed application according to the instructions on the application.

326.4(2) Pay the nonrefundable licensure fee.

326.4(3) Provide an official copy of the transcript sent directly to the board from an approved program for the education of physician assistants or qualify for the exception stated in paragraph 326.2(1) "d."

326.4(4) Provide a copy of the initial certification from NCCPA, or its successor agency, sent directly to the board from the NCCPA, or its successor agency. Additionally, provide one of the following documents:

a. Copy of current certification from the NCCPA, or its successor agency, sent directly to the board from the NCCPA, or its successor agency; or

b. Proof of completion of 100 CME hours for each biennium since initial certification.

326.4(5) Provide verification of license(s) from every jurisdiction in which the applicant has been licensed, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

a. Licensee's name;

b. Date of initial licensure;

c. Current licensure status; and

d. Any disciplinary action taken against the license.

326.4(6) Prior to beginning practice, the physician assistant shall notify the board of the identity of the supervising physician(s) on the board-approved form.

645—326.5(148C) Licensure by reciprocal agreement. Rescinded IAB 8/13/08, effective 9/17/08.

645—326.6(148C) Examination requirements. The applicant for licensure as a physician assistant shall successfully pass the certifying examination for physician assistants conducted by the National Commission on Certification of Physician Assistants or a successor examination approved by the board.

645—326.7(148C) Educational qualifications. An applicant for licensure as a physician assistant shall submit official copies of academic transcripts from an approved program for education of physician assistants, or the applicant shall qualify for the exception stated in paragraph 326.2(1) "d."

645—326.8(148C) Supervision requirements.

326.8(1) Notification requirements. Physician assistants shall use the board-approved forms to notify the board of the identity of their supervising physicians at the following times:

a. Prior to beginning practice in Iowa.

b. At the time of license renewal. The physician assistant shall notify the board of the identity of each of the physician assistant's supervising physicians and of any change in the status of the supervisory relationships during the physician assistant's current biennium. In addition, the physician assistant shall maintain a list of supervising physicians to provide to the board upon request.

c. At the time of license reactivation.

326.8(2) The physician assistant shall maintain documentation of current supervising physicians, which shall be made available to the board upon request.

326.8(3) A physician assistant who provides medical services shall be supervised by one or more physicians; but a physician shall not supervise more than two physician assistants at the same time.

326.8(4) It shall be the responsibility of the physician assistant and a supervising physician to ensure that the physician assistant is adequately supervised. Upon agreeing to supervise a physician assistant, a supervising physician will be advised that the physician's name will be listed with the board as a supervising physician. In regard to scheduling, the physician assistant may not practice if supervision is unavailable, except as otherwise provided in Iowa Code chapter 148C or these rules, and must be in compliance with the requirement that no more than two physician assistants shall be supervised by a physician at one time, pursuant to 645—subrule 326.8(3). The physician assistant and the supervising physician are each responsible for knowing and complying with the supervision provisions of these rules.

a. Patient care provided by the physician assistant shall be reviewed with a supervising physician on an ongoing basis as indicated by the clinical condition of the patient. Although every chart need not be signed nor every visit reviewed, nor does the supervising physician need to be physically present at each activity of the physician assistant, it is the responsibility of the supervising physician and physician assistant to ensure that each patient has received the appropriate medical care.

b. Patient care provided by the physician assistant may be reviewed with a supervising physician in person, by telephone or by other telecommunicative means.

c. When signatures are required, electronic signatures are allowed if:

(1) The signature is transcribed by the signer into an electronic record and is not the result of electronic regeneration; and

(2) A mechanism exists allowing confirmation of the signature and protection from unauthorized reproduction.

d. When the physician assistant is being trained to perform new medical procedures, the training shall be carried out under the supervision of a physician or another qualified individual. Upon completing the supervised training, a physician assistant may perform the new medical procedures if delegated by a supervising physician, except as otherwise provided in Iowa Code chapter 148C or these rules. New medical procedures may be delegated to a physician assistant after a supervising physician determines that the physician assistant is competent to perform the task.

645—326.9(148C) License renewal.

326.9(1) The biennial license renewal period for a license to practice as a physician assistant shall begin on October 1 and end on September 30 two years later. The board shall send a renewal notice by regular mail to each licensee at the address on record at least 60 days prior to the expiration of the license. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive the notice does not relieve the licensee of the responsibility for renewing the license.

326.9(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal date two years later.

326.9(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 645—328.2(148C) and the mandatory reporting requirements of subrule 326.9(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

326.9(4) Mandatory reporter training requirements.

a. A licensee who, in the scope of professional practice or in the licensee's employment responsibilities, examines, attends, counsels or treats children in Iowa shall indicate on the renewal application completion of two hours of training in child abuse identification and reporting in the previous five years or condition(s) for waiver of this requirement as identified in paragraph "e."

b. A licensee who, in the course of employment responsibilities, examines, attends, counsels or treats adults in Iowa shall indicate on the renewal application completion of two hours of training in dependent adult abuse identification and reporting in the previous five years or condition(s) for waiver of this requirement as identified in paragraph “*e.*”

c. A licensee who, in the scope of professional practice or in the course of employment, examines, attends, counsels or treats both adults and children in Iowa shall indicate on the renewal application completion of training in abuse identification and reporting for dependent adults and children in the previous five years or condition(s) for waiver of this requirement as identified in paragraph “*e.*”

Training may be completed through separate courses as identified in paragraphs “*a*” and “*b*” or in one combined two-hour course that includes curricula for identifying and reporting child abuse and dependent adult abuse. The course shall be a curriculum approved by the Iowa department of public health abuse education review panel.

d. The licensee shall maintain written documentation for five years after mandatory training as identified in paragraphs “*a*” to “*c*,” including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 645—Chapter 328.

f. The board may select licensees for audit of compliance with the requirements in paragraphs “*a*” to “*e.*”

326.9(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license and shall send the licensee a wallet card by regular mail. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

326.9(6) A person licensed to practice as a physician assistant shall keep the license certificate and wallet card(s) displayed in a conspicuous public place at the primary site of practice.

326.9(7) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the wallet card. The licensee shall be assessed a late fee as specified in 645—subrule 330.1(4). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

326.9(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a physician assistant in Iowa until the license is reactivated. A licensee who practices as a physician assistant in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

645—326.10(272C) Exemptions for inactive practitioners. Rescinded IAB 8/17/05, effective 9/21/05.

645—326.11(272C) Lapsed license. Rescinded IAB 8/17/05, effective 9/21/05.

645—326.12(147) Duplicate certificate or wallet card. Rescinded IAB 8/13/08, effective 9/17/08.

645—326.13(147) Reissued certificate or wallet card. Rescinded IAB 8/13/08, effective 9/17/08.

645—326.14(272C) License denial. Rescinded IAB 8/13/08, effective 9/17/08.

645—326.15(148C) Use of title. A physician assistant licensed under Iowa Code chapter 148C may use the words “physician assistant” after the person’s name or signify the same by the use of the letters “PA.”

645—326.16(148C) Address change. The physician assistant shall notify the board of any change in permanent address within 30 days of its occurrence.

645—326.17(148C) Student physician assistant.

326.17(1) Any person who is enrolled as a student in an approved program shall comply with the rules set forth in this chapter. A student is exempted from licensure requirements.

326.17(2) Notwithstanding any other provisions of these rules, a student may perform medical services when they are rendered within the scope of an approved program.

645—326.18(148C) Recognition of an approved program. The board shall recognize a program for education and training of physician assistants if it is accredited by the American Medical Association’s Committee on Allied Health Education and Accreditation, by its successor, the Commission on Accreditation of Allied Health Educational Programs, or by its successor, the Accreditation Review Commission on Education for the Physician Assistant, or its successor.

This rule is intended to implement Iowa Code section 148C.2.

645—326.19(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

326.19(1) Submit a reactivation application on a form provided by the board.

326.19(2) Pay the reactivation fee that is due as specified in 645—Chapter 330.

326.19(3) Provide verification of current competence to practice as a physician assistant by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification from a jurisdiction’s board office if the verification includes:

1. Licensee’s name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 100 hours of continuing education within two years of application for reactivation or NCCPA or successor agency certification.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification from a jurisdiction’s board office if the verification includes:

1. Licensee’s name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 200 hours of continuing education within two years of application for reactivation, of which at least 40 percent of the hours completed shall be in Category I, or NCCPA or successor agency certification; and

- (3) Information on each supervising physician.

645—326.20(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with 645—11.31(272C) and must apply for and be granted reactivation of the license in accordance with 326.19(17A,147,272C) prior to practicing as a physician assistant in this state.

These rules are intended to implement Iowa Code chapters 17A, 147, 148C and 272C.

CHAPTER 361

LICENSURE OF SIGN LANGUAGE INTERPRETERS AND TRANSLITERATORS

645—361.1(154E) Definitions. For purposes of these rules, the following definitions shall apply:

“Active interpreter or transliterator services” means the actual time spent personally providing interpreting or transliterating services. When in a team interpreting situation, the time spent monitoring while the team interpreter is actively interpreting shall not be included in the time spent personally providing interpreting or transliterating services.

“Active license” means a license that is current and has not expired.

“Board” means the board of sign language interpreters and transliterators.

“Direct supervision of a temporary license holder” means board review of a temporary license holder’s evidence of professional development and continuing educational training or in-person monitoring of interpreting or transliterating services in the same room as the temporary license holder providing those services, as outlined in subrule 361.2(6).

“Grace period” means the 30-day period following expiration of a license when the license is still considered to be active. In order to renew a license during the grace period, a licensee is required to pay a late fee.

“Inactive license” means a license that has expired because it was not renewed by the end of the grace period. The category of “inactive license” may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

“Licensee” means any person licensed to practice as a sign language interpreter or transliterator in the state of Iowa.

“License expiration date” means June 30 of odd-numbered years.

“Licensure by endorsement” means the issuance of an Iowa license to practice as a sign language interpreter or transliterator to an applicant who is or has been licensed in another state.

“Reactivate” or *“reactivation”* means the process as outlined in rule 361.9(17A,147,272C) by which an inactive license is restored to active status.

“Reciprocal license” means the issuance of an Iowa license to practice as a sign language interpreter or transliterator to an applicant who is currently licensed in another state that has a mutual agreement with the Iowa board of sign language interpreters and transliterators to license persons who have the same or similar qualifications to those required in Iowa.

“Reinstatement” means the process as outlined in 645—11.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license reinstated, with or without conditions. Once the license is reinstated, the licensee may apply for active status.

“Supervisor” means a sign language interpreter or transliterator licensed pursuant to Iowa Code section 154E.3 and subrule 361.2(1) who provides on-site evaluations and advisory sessions with a temporary license holder for the purpose of the professional development of that temporary license holder.

645—361.2(154E) Requirements for licensure.

361.2(1) The following criteria shall apply to licensure:

a. The applicant shall complete a board-approved application packet. Application forms may be obtained from the board’s Web site (<http://www.idph.state.ia.us/licensure>) or directly from the board office. All applications shall be sent to Board of Sign Language Interpreters and Transliterators,

Professional Licensure Division, Fifth Floor, Lucas State Office Building, Des Moines, Iowa 50319-0075.

b. The applicant shall complete the application form according to the instructions contained in the application. If the application is not completed according to the instructions, the application will not be reviewed by the board until properly completed.

c. Each application shall be accompanied by the appropriate fees payable by check or money order to the Board of Sign Language Interpreters and Transliterators. The fees are nonrefundable.

d. No application will be considered by the board until the applicant successfully passes one of the following examinations:

- (1) National Association of the Deaf (NAD) examination level III or above; or
- (2) One of the following examinations of the Registry of Interpreters for the Deaf National Testing System (NTS):
 1. Certificate of Interpretation (CI); or
 2. Certificate of Transliterating (CT); or
 3. Certificate of Interpretation/Certificate of Transliterating (CI/CT); or
 4. Interpreting Certificate/Transliterating Certificate (IC/TC); or
 5. Comprehensive Skills Certificate (CSC); or
 6. Certificate Deaf Interpreter (CDI); or
- (3) The National Council on Interpreting National Interpreters Certification (NIC) Generalist Test, Certified Deaf Interpreter Test, or Oral Transliteration Test;
- (4) The Educational Interpreter Performance Assessment (EIPA) with a score of 3.5 or above obtained after December 31, 1999; or
- (5) The Cued Language Transliterator National Certification Examination (CLTNCE).

e. It is the responsibility of the applicant to make arrangements to take the examination and have the official results submitted directly to the Board of Sign Language Interpreters and Transliterators.

361.2(2) Licensees who were issued their licenses within six months prior to the renewal shall not be required to renew their licenses until the renewal cycle two years later.

361.2(3) Incomplete applications that have been on file in the board office for more than two years shall be considered invalid and shall be destroyed.

361.2(4) An applicant for licensure who has not successfully completed the board-approved examination set forth in paragraph 361.2(1)“*d*” but has complied with all other requirements in paragraphs 361.2(1)“*a*” through “*c*” shall be issued a temporary license to practice interpreting through the end of the then-current biennial license period. A temporary license holder may renew a temporary license once, for the immediately following biennial license period.

361.2(5) An applicant who is issued a temporary license is subject to the same criteria as a licensed interpreter or transliterator as defined in Iowa Code chapters 154E and 147 and 645—Chapters 361 through 363.

361.2(6) Beginning July 1, 2007, and ending June 30, 2009, a temporary license holder shall be required to:

a. Provide to the board, by June 30 of each year in which the temporary license is held, demographic, educational and professional study information on a form prescribed by the board; and

b. Meet the requirements of either subparagraph (1) or (2) for the biennial license period:

(1) Provide services under the direct supervision of a sign language interpreter or transliterator licensed pursuant to Iowa Code section 154E.3. Providing such services under this subparagraph requires the temporary license holder during each year of the biennial license period to:

1. Have a supervisor observe the temporary license holder in active practice for no fewer than six consecutive, bimonthly (a total of six per year) on-site observation sessions at events lasting at least 30 minutes, if the temporary license holder is working alone in providing active interpreter or transliterator services, or at least 60 minutes, if the temporary license holder is working in a team interpreting situation.

2. Attend at least six consecutive, bimonthly (a total of six per year) advisory sessions with the supervisor for the purpose of discussing the supervisor’s suggestions for professional skill development based on the on-site observation sessions. An advisory session may occur immediately following an

on-site observation session if the setting is appropriate. The advisory session shall involve only the temporary license holder and supervisor.

3. Enter into a written agreement with the supervisor in which the temporary license holder and the supervisor agree to the minimum requirements provided in numbered paragraphs 361.2(6) “b”(1) “1” and “2.” The agreement shall be signed and dated by the temporary license holder and the supervisor; shall include the temporary license holder’s and supervisor’s names, addresses and contact information; and shall be provided to the board upon request.

4. Maintain an event log documenting the date, time, length of observation and setting of each on-site observation session and advisory session. The temporary license holder shall ensure that the supervisor places initials beside each event entry to verify the occurrence of the observation or advisory session. This event log shall be provided to the board upon request.

5. Ensure that the supervisor attends both the on-site observation sessions and advisory sessions or reschedules the sessions as necessary to ensure compliance.

6. Comply with the required on-site observation and advisory session obligations. If there is a need to change supervisors for any reason, the temporary license holder shall be responsible for developing a new written agreement with the new supervisor. Changes in supervisors shall not excuse noncompliance with on-site observation and advisory session obligations.

7. Obtain permission from clients as necessary to allow the supervisor to be in attendance during the observation sessions.

(2) Complete during each year of the biennial license period a minimum of 30 hours (3.0 CEUs) of continuing education in areas of professional studies that conform to the requirements of 645—subparagraph 362.3(2) “a”(2). The temporary license holder shall submit to the board copies of certificates of completion issued to the temporary license holder evidencing successful completion of continuing education courses meeting the requirements of 645—subparagraph 362.3(2) “a”(2). Submittal of the copies of certificates of completion does not relieve the licensee of the requirement of providing additional information regarding this continuing education as required in 645—subrule 4.11(2) if the licensee is audited.

361.2(7) As an Iowa-licensed practitioner in accordance with this chapter, a supervisor providing direct supervision of a temporary license holder as provided in subparagraph 361.2(6) “b”(1) is obligated to report to the board interpreters or transliterators who are not practicing in compliance with Iowa law and rules including, but not limited to, Iowa Code chapter 154E and 645—Chapters 361 through 363. [ARC 7643B, IAB 3/25/09, effective 4/29/09]

645—361.3(154E) Licensure by endorsement. An applicant who has been a licensed sign language interpreter or transliterator under the laws of another jurisdiction shall file an application for licensure by endorsement with the board office. The board may receive by endorsement any applicant from the District of Columbia or another state, territory, province or foreign country who:

1. Submits to the board a completed application;
2. Pays the licensure fee;
3. Shows evidence of licensure requirements that are similar to those required in Iowa;
4. Provides an equivalency evaluation of foreign educational credentials sent directly from the equivalency service to the board;
5. Provides:
 - Examination scores which shall be sent directly from the examination service to the board; or
 - A notarized certificate which shall be submitted showing proof of the successful completion of the examination specified in rule 361.2(154E); and
6. Provides verification of license(s) from every jurisdiction in which the applicant has been licensed, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification directly from the jurisdiction’s board office if the verification provides:
 - The licensee’s name;
 - The date of initial licensure;
 - Current licensure status; and

- Any disciplinary action taken against the license.

645—361.4(147) Licensure by reciprocal agreement. Rescinded IAB 9/24/08, effective 10/29/08.

645—361.5(154E) License renewal.

361.5(1) The biennial license renewal period for a license to practice as a sign language interpreter or transliterator shall begin on July 1 of an odd-numbered year and end on June 30 of the next odd-numbered year. The board shall send a renewal notice by regular mail to each licensee at the address on record at least 60 days prior to the expiration of the license. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive the notice does not relieve the licensee of the responsibility for renewing the license.

361.5(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal date two years later.

361.5(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements as provided in 645—subrules 362.2(1) and 362.2(2) or, in lieu of meeting such requirements, provide proof of a current national interpreter certification issued by an organization recognized by the board (e.g., Registry of Interpreters for the Deaf (RID); National Association of the Deaf (NAD); NAD-RID National Interpreter Certification (NIC)) as evidence of meeting continuing education requirements. A licensee whose license was reactivated during the current biennial license period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

361.5(4) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license and shall send the licensee a wallet card by regular mail. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

361.5(5) A person licensed to practice as a sign language interpreter or transliterator shall keep the person's license certificate and wallet card displayed in a conspicuous public place at the primary site of practice.

361.5(6) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the wallet card. The licensee shall be assessed a late fee as specified in 645—subrule 5.18(4). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

361.5(7) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a sign language interpreter or transliterator in Iowa until the license is reactivated. A licensee who practices as a sign language interpreter or transliterator in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

645—361.6(147) Duplicate certificate or wallet card. Rescinded IAB 9/24/08, effective 10/29/08.

645—361.7(147) Reissued certificate or wallet card. Rescinded IAB 9/24/08, effective 10/29/08.

645—361.8(17A,147,272C) License denial. Rescinded IAB 9/24/08, effective 10/29/08.

645—361.9(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

361.9(1) Submit a reactivation application on a form provided by the board.

361.9(2) Pay the reactivation fee that is due as specified in 645—subrule 5.18(9).

361.9(3) Provide verification of current competence to practice sign language interpreting or transliterating by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period in which the Iowa license was inactive sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. The licensee's name;
2. The date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completing 40 hours of continuing education within two years of the application for reactivation.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period in which the Iowa license was inactive sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. The licensee's name;
2. The date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 80 hours of continuing education within two years of application for reactivation.

645—361.10(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with 645—11.31(272C) and must apply for and be granted reactivation of the license in accordance with 361.9(17A,147,272C) prior to practicing sign language interpreting or transliterating in this state.

These rules are intended to implement Iowa Code chapters 17A, 147, 154E and 272C.

362.2(1) The biennial continuing education compliance period shall extend for a two-year period beginning on July 1 of each odd-numbered year and ending on June 30 of the next odd-numbered year. Each biennium, each person who is licensed to practice as a sign language interpreter or transliterator in this state shall be required to complete a minimum of 40 hours of continuing education. A licensee who provides proof of a current National Interpreter Certification or current Registry of Interpreters for the Deaf Certification meets continuing education requirements for that biennium renewal cycle.

362.2(2) Requirements for new licensees. A person licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of the license unless the licensee holds a temporary license and has chosen to meet the requirements for temporary licensure specified in 645—subparagraph 361.2(6)“b”(2). The new licensee shall complete a minimum of 40 hours of continuing education during the biennial license period for each subsequent license renewal and may use continuing education hours acquired anytime from the initial licensing until the second license renewal to meet the requirements for the second license renewal period. A licensee who provides proof of a current national interpreter certification issued by an organization recognized by the board (e.g., Registry of Interpreters for the Deaf (RID); National Association of the Deaf (NAD); NAD-RID National Interpreter Certification (NIC)) meets continuing education requirements.

362.2(3) Requirements for temporary license holders. Prior to July 1, 2009, the temporary license holder shall comply with requirements specified in 645—subrule 361.2(6). Beginning July 1, 2009, the temporary license holder shall comply with continuing education requirements at the time of each license renewal including the first renewal of the license. Temporary license holders shall be required to obtain 40 hours as set forth in subparagraph 362.3(2)“a”(2) and paragraph 362.3(2)“b” for each subsequent renewal biennium beginning July 1, 2009. The temporary license holder may use only continuing education hours acquired during the current biennial license period for renewal.

362.2(4) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity. These hours must be in accordance with these rules.

362.2(5) No hours of continuing education shall be carried over into the next biennium.

362.2(6) It is the responsibility of each licensee to finance the cost of continuing education.
[ARC 7643B, IAB 3/25/09, effective 4/29/09]

645—362.3(154E,272C) Standards.

362.3(1) General criteria. A continuing education activity which meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

- a. Constitutes an organized program of learning which contributes directly to the professional competency of the licensee;
- b. Pertains to subject matters which integrally relate to the practice of the profession;
- c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program.

At the time of audit, the board may request the qualifications of presenters;

- d. Fulfills stated program goals, objectives, or both; and
- e. Provides proof of attendance to licensees in attendance including:
 - (1) Date, location, course title, presenter(s);
 - (2) Number of program contact hours; and
 - (3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

362.3(2) Specific criteria.

a. Continuing education shall be obtained by attending programs relating to the practice of interpreting or transliterating for the deaf or hard of hearing which meet the criteria in subrule 362.3(1) and are:

(1) Educational activities in which participants and faculty are present at the same time and attendance can be verified. Such activities include lectures, conferences, focused seminars, clinical and practical workshops, simultaneous live satellite broadcasts and teleconferences;

(2) Obtained in content areas that conform to the content areas specified in the Registry of Interpreters for the Deaf (RID) Certification Maintenance Program Standards and Criteria for Approved Sponsors, revised edition, June 2004, with the exception of the number of CEUs required which is defined in 362.3(2) "b." RID activity categories of independent study or teaching an academic class are not professional study categories that can be claimed for credit by temporary license holders.

b. Each biennium, licensees shall obtain 40 hours (4 CEUs) of continuing education. The 40 hours shall include no less than 30 hours (3 CEUs) of professional studies. The remaining 10 hours (1 CEU) may be in either professional or general studies. The board shall accept proof of a current National Interpreter Certification or current Registry of Interpreters for the Deaf Certification in lieu of proof of the 40 hours of continuing education.

c. Continuing education hours of credit equivalents for academic coursework per biennium are as follows:
